

# Rolling 12-Month Performance Report for the NY-508 CoC

1/1/2025 – 12/31/2025

Data taken from HMIS on 1/21/2026

About This Report .....	3
Glossary of Acronyms and Term Definitions .....	4
Permanent Supportive Housing (PSH) Projects .....	5
PSH is permanent housing in which housing assistance (e.g. long-term leasing or rental assistance) and supportive services are provided to assist households with at least one member (adult or child) with a disability in achieving housing stability.	
Rapid Re-housing (RRH) Projects.....	13
RRH is permanent housing that provides short-term (up to three months) and medium-term (4-24 months) tenet-based rental assistance and supportive services to households experiencing homelessness.	
Transitional Housing (TH) Projects .....	20
TH provides temporary housing with supportive services to individuals and families experiencing homelessness with the goal of interim stability and support to successfully move to and maintain permanent housing.	
Emergency Shelter (ES), Street Outreach (SO) and Supportive Services Only (SSO) Projects.....	26
Emergency Shelters are any facility, the primary purpose of which is to provide temporary or transitional shelter for the homeless in general or for specific populations of the homeless.	
Street Outreach activities are designed to meet the immediate needs of people experiencing homelessness in unsheltered locations by connecting them with emergency shelter, housing, or critical services, and providing them with urgent, non-facility based care.	
Supportive Services Only projects provide supportive services, such as conducting outreach to sheltered and unsheltered homeless persons and families and providing referrals to other housing or other necessary services, to families and individuals experiencing homelessness. These projects do not provide housing or housing assistance.	
Projects In This Report.....	33

## About This Report

This report is created using Homeless Management Information System (HMIS) data. It covers homeless service projects who use HMIS within the NY-508 CoC – Erie, Niagara, Genesee, Orleans, and Wyoming counties. Most data/measures in this report are obtained from and matched to HUD Annual Performance Report (APR) and System Performance Measures (SPM). The intent of this is to:

1. Provide timely feedback to projects to improve their services and to learn from each other,
2. Help funders make funding decisions based upon performance, and
3. To evaluate our CoC's system performance.

Many of the charts in this report have a colored background associated with a tier rank. These were designed specifically for projects that receive HUD CoC funding and are based on the scoring of the most recent CoC Renewal Application. While the scoring measures for the next CoC Renewal Application are not determined until the Spring, they are typically very similar to the previous year's scoring measures. Agency Administrators are encouraged to monitor their project's performance on these measures and correct HMIS data and/or adapt policies and procedures throughout the year to be in a good position when applying for the next funding cycle.

If you have any questions, please contact the Homeless Alliance of WNY Quality Assurance Coordinator, Katey Soellers, at [soellers@wnyhomeless.org](mailto:soellers@wnyhomeless.org).

## Glossary of Acronyms and Term Definitions

**APR:** refers to the Annual Performance Report, an on-demand report of a project's HMIS data

**CoC:** Continuum of Care

**ES:** Emergency Shelter

**ESG:** Emergency Solutions Grant

**HMIS:** Homeless Management Information System

**HUD:** United States Department of Housing and Urban Development

**Leavers:** refers to clients who exited a project during the reporting period.

**NAEH:** The National Alliance to End Homelessness

**NY-508:** The HUD designation for the Western New York CoC, the cities of Buffalo and Niagara Falls and Erie, Niagara, Genesee, Orleans, and Wyoming Counties

**PH:** Permanent Housing

**PII:** Personally Identifiable Information

**PSH:** Permanent Supportive Housing for Formerly Homeless Persons

**RRH:** Rapid Re-housing

**SO:** Street Outreach

**SSDI:** Social Security Disability Insurance

**SSI:** Supplemental Security Income

**SSO:** Supportive Services Only

**TANF:** Temporary Assistance for Needy Families

**TH:** Transitional Housing

**UDEs:** refers to Universal Data Elements which are elements that all projects using HMIS must collect

**Cash benefit** in this report refers to income such as: unemployment insurance, SSI, SSDI, veteran's disability, private disability insurance, worker's compensation, TANF, general assistance, retirement, veteran's pension, pension from a job, child support, and alimony (spouse support).

**Excluded Leavers** in this report refers to clients who have passed away and those who exited to the following destinations: foster care, hospital, and long-term care facility or nursing home.

**Permanent Housing Destination** in this report refers to destinations such as: housing owned by client (with or without ongoing subsidy), housing rented by client (with or without ongoing subsidy), permanent supportive housing for formerly homeless persons, and living with family or friends with permanent tenure.

**Positive Destination** in this report refers to destinations such as: all permanent housing destinations listed above, emergency shelter, transitional housing for homeless persons, staying with family or friends with temporary tenure, Safe Haven, hotel or motel paid by client, foster care, psychiatric facility, substance abuse or detox facility, and hospital (non-psychiatric).

# Permanent Supportive Housing (PSH) Projects

PSH is permanent housing in which housing assistance (e.g. long-term leasing or rental assistance) and supportive services are provided to assist households with at least one member (adult or child) with a disability in achieving housing stability.

## PSH Performance Measures

HMIS Data Quality.....	6
------------------------	---

-------------------------------	----

Increased Other Income .....	12
------------------------------	----

## HMIS Data Quality

This measure gives a broad overview as to how timely and complete each project's data in HMIS is. The Data Quality sections of the APR for PII, UDEs, Income and Housing, Chronic Homelessness, and Timeliness are considered. 100% Data Quality indicates that the project is meeting the local benchmark of less than 5% issue rate in each Data Quality row and more than 50% of entries and exits entered within 3 days.

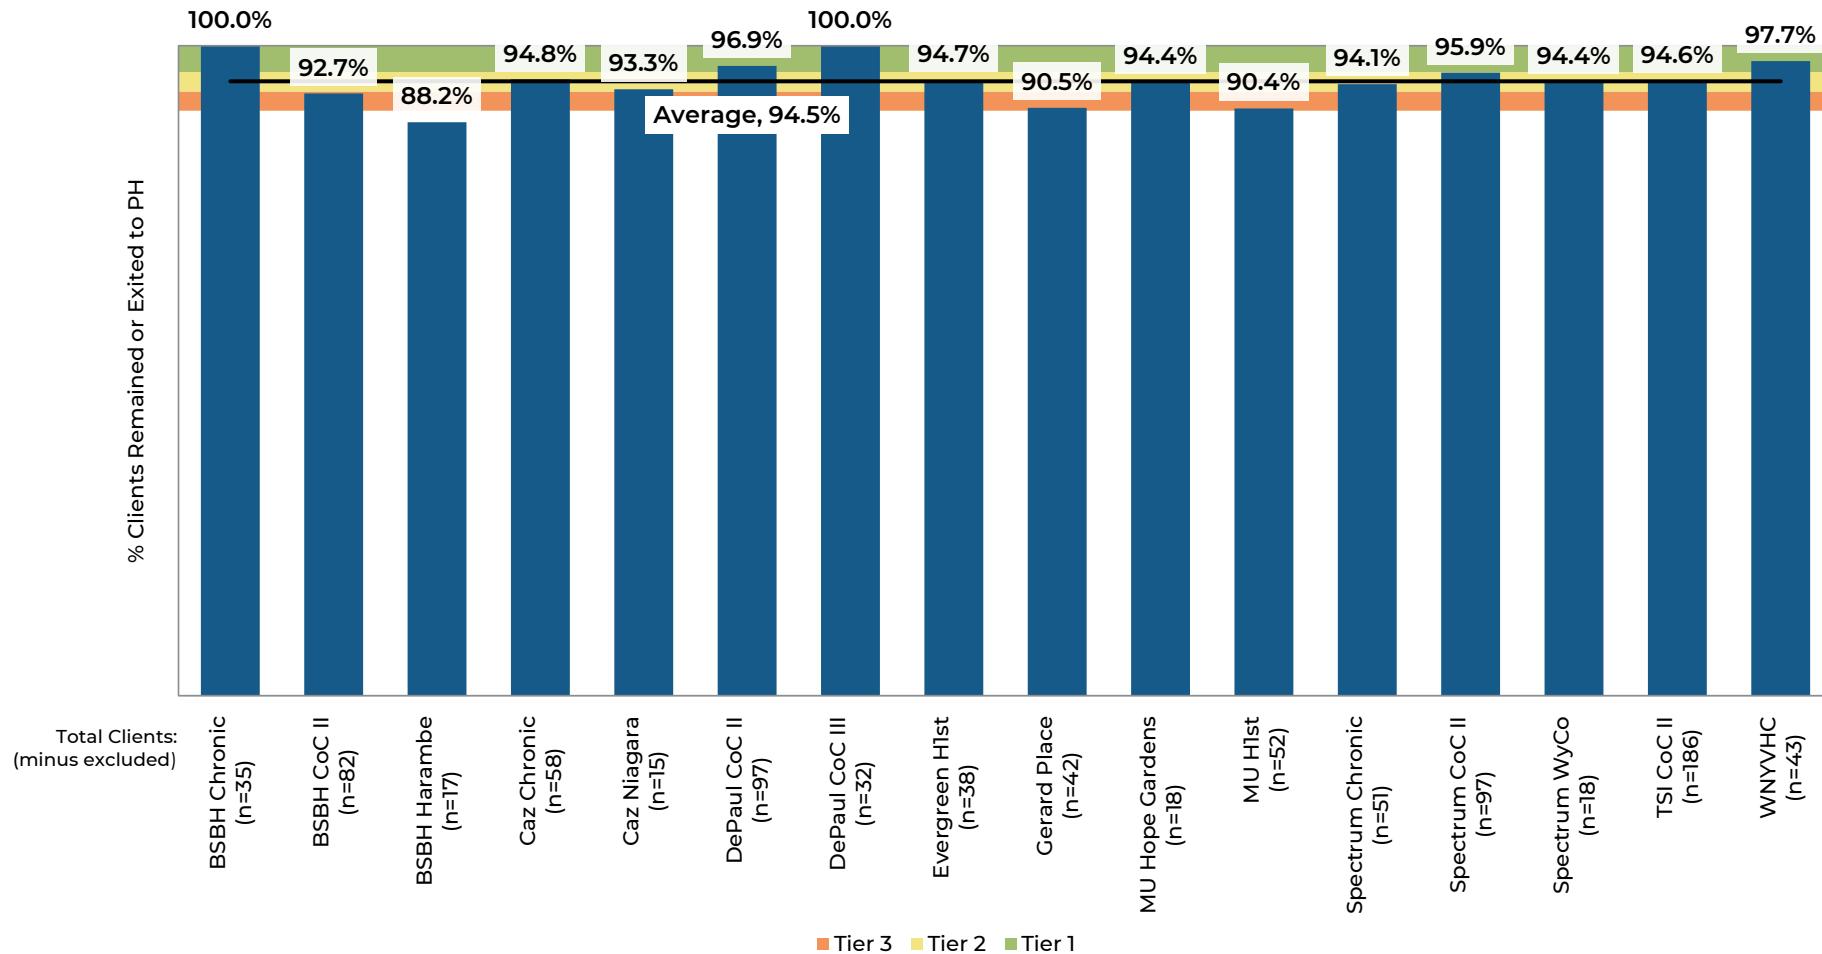

Data Quality (PSH)

## Maintained Permanent Housing

This measure is calculated by adding the number of clients who remained in each PSH project and the number of clients who exited to PH and dividing that by the total number of clients served (minus excluded leavers). The local benchmark for this measure is the HUD benchmark of 96% or greater.

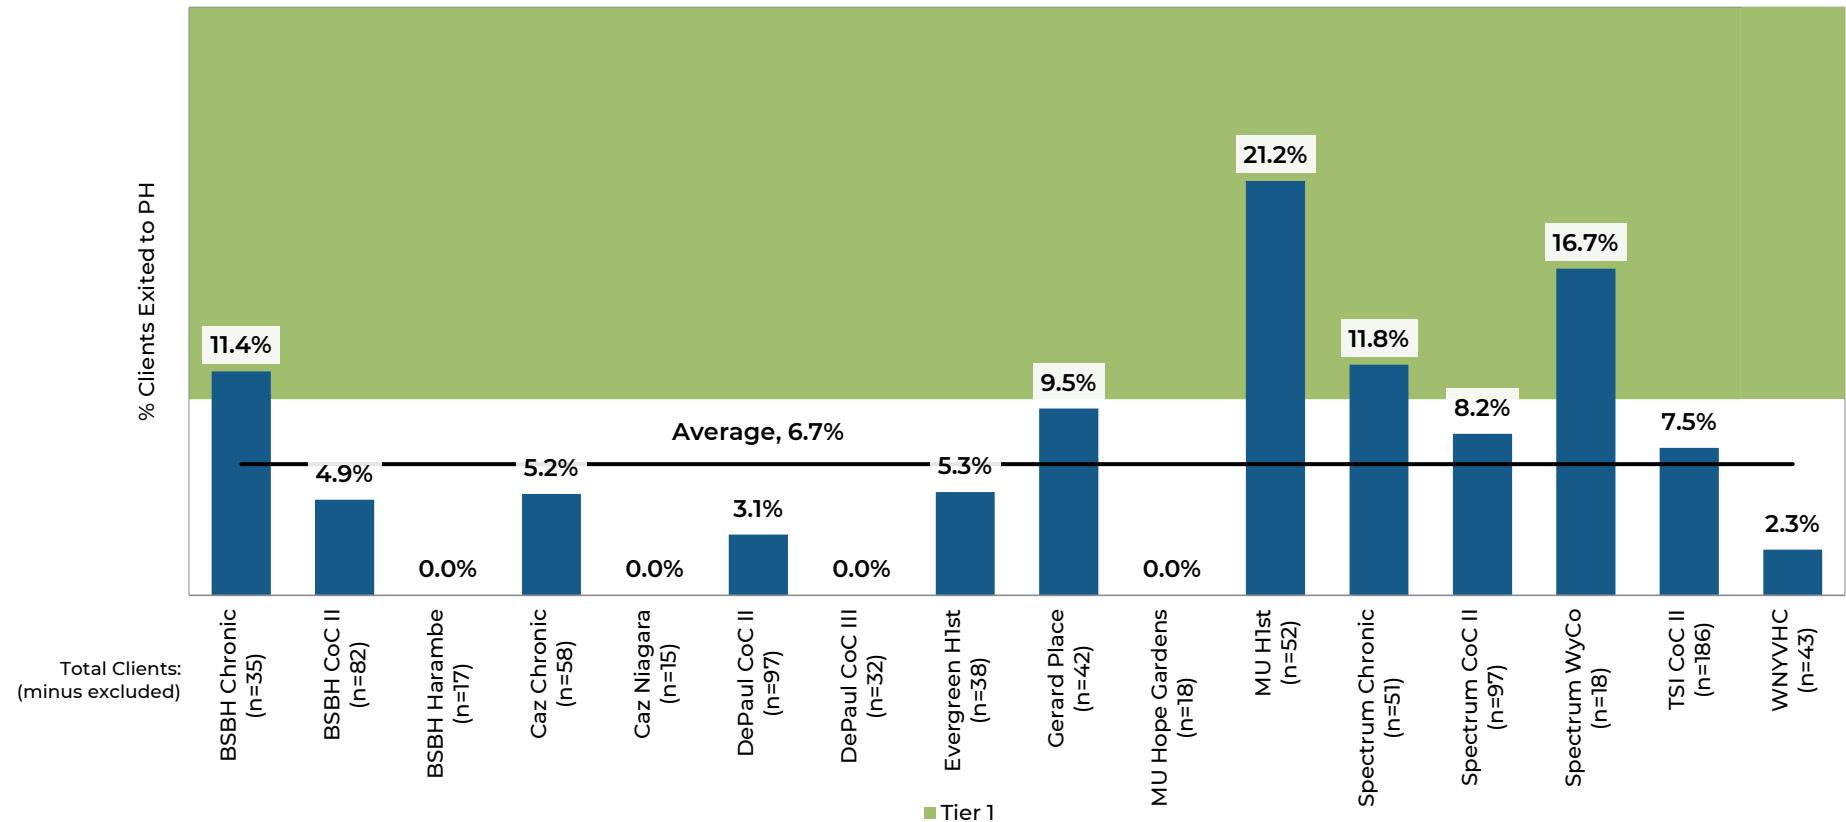

Remained or Exited to PH (PSH)

## Positive Turnover Rate

This measure is calculated by dividing the number of clients who exited to PH by the total number of clients served (minus excluded leavers). The local benchmark for this measure is 10% or greater.

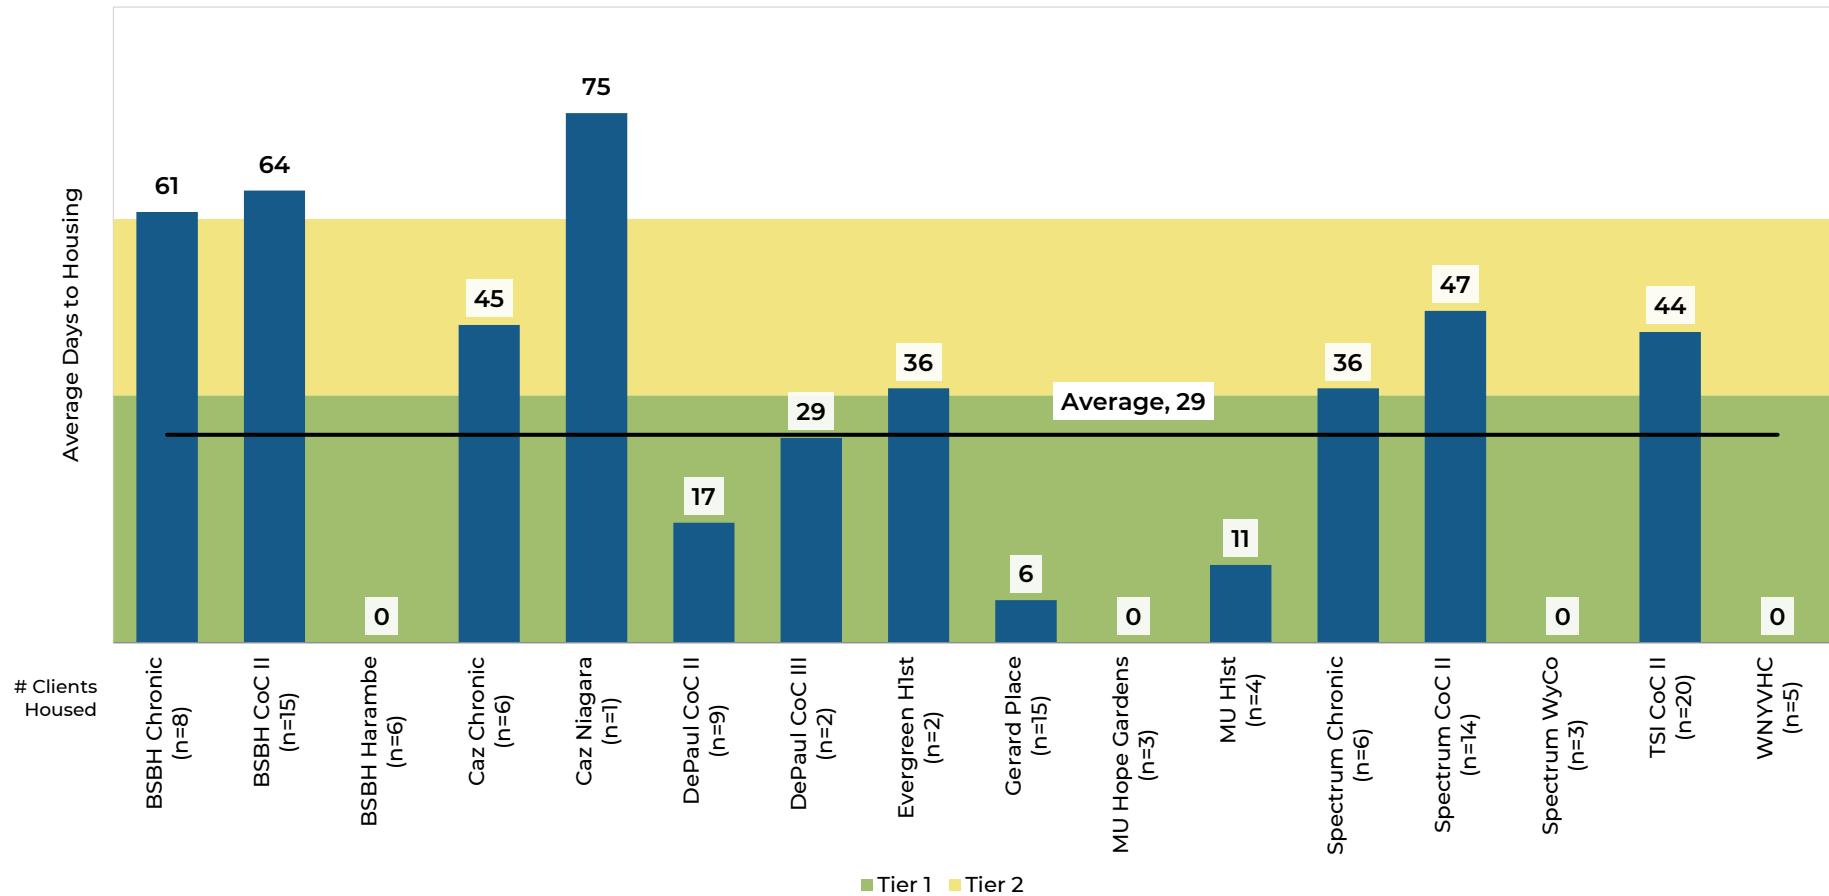

Positive Turnover Rate (PSH)

## Time to Permanent Housing

This measure is the average number of days from the project entry date to the permanent housing move-in date for all clients with a move-in date within the reporting period. The local benchmark for this measure is 35 days or less.

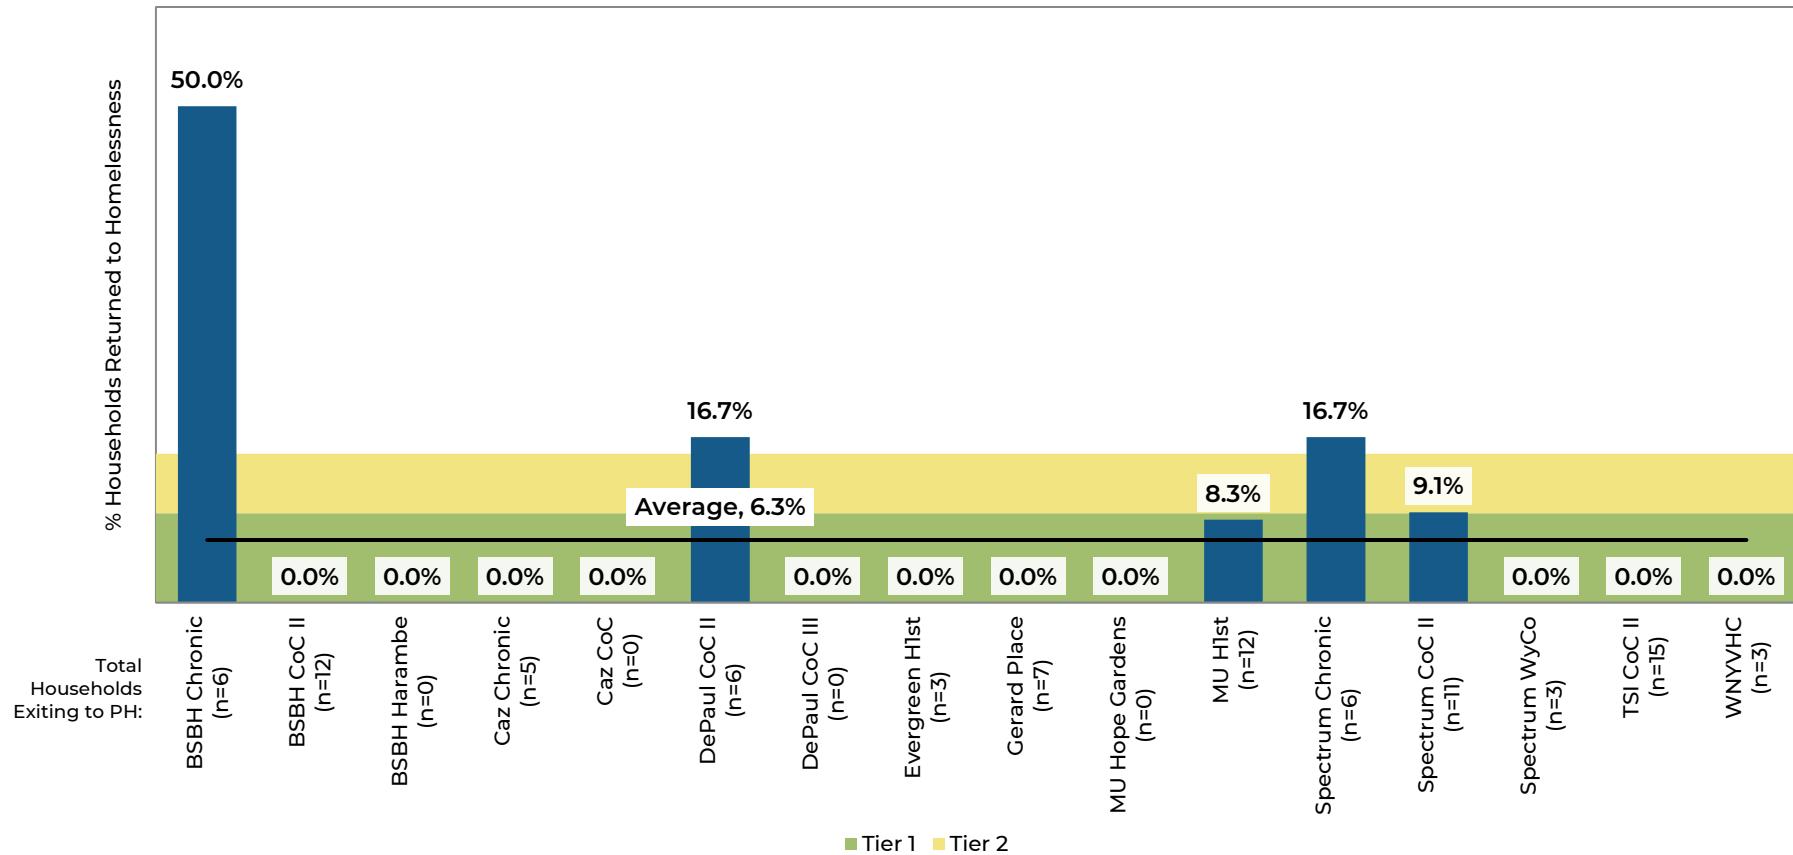

Days from Entry to Move-In (PSH)

## Returns to Homelessness

This measure looks at those clients who exited to PH between 7/1/2024-12/31/2025 and returned to homelessness (measured by a new entry date at a service project) within the following six months, beginning on 1/1/2025. The local benchmark for this measure is 9% or less.

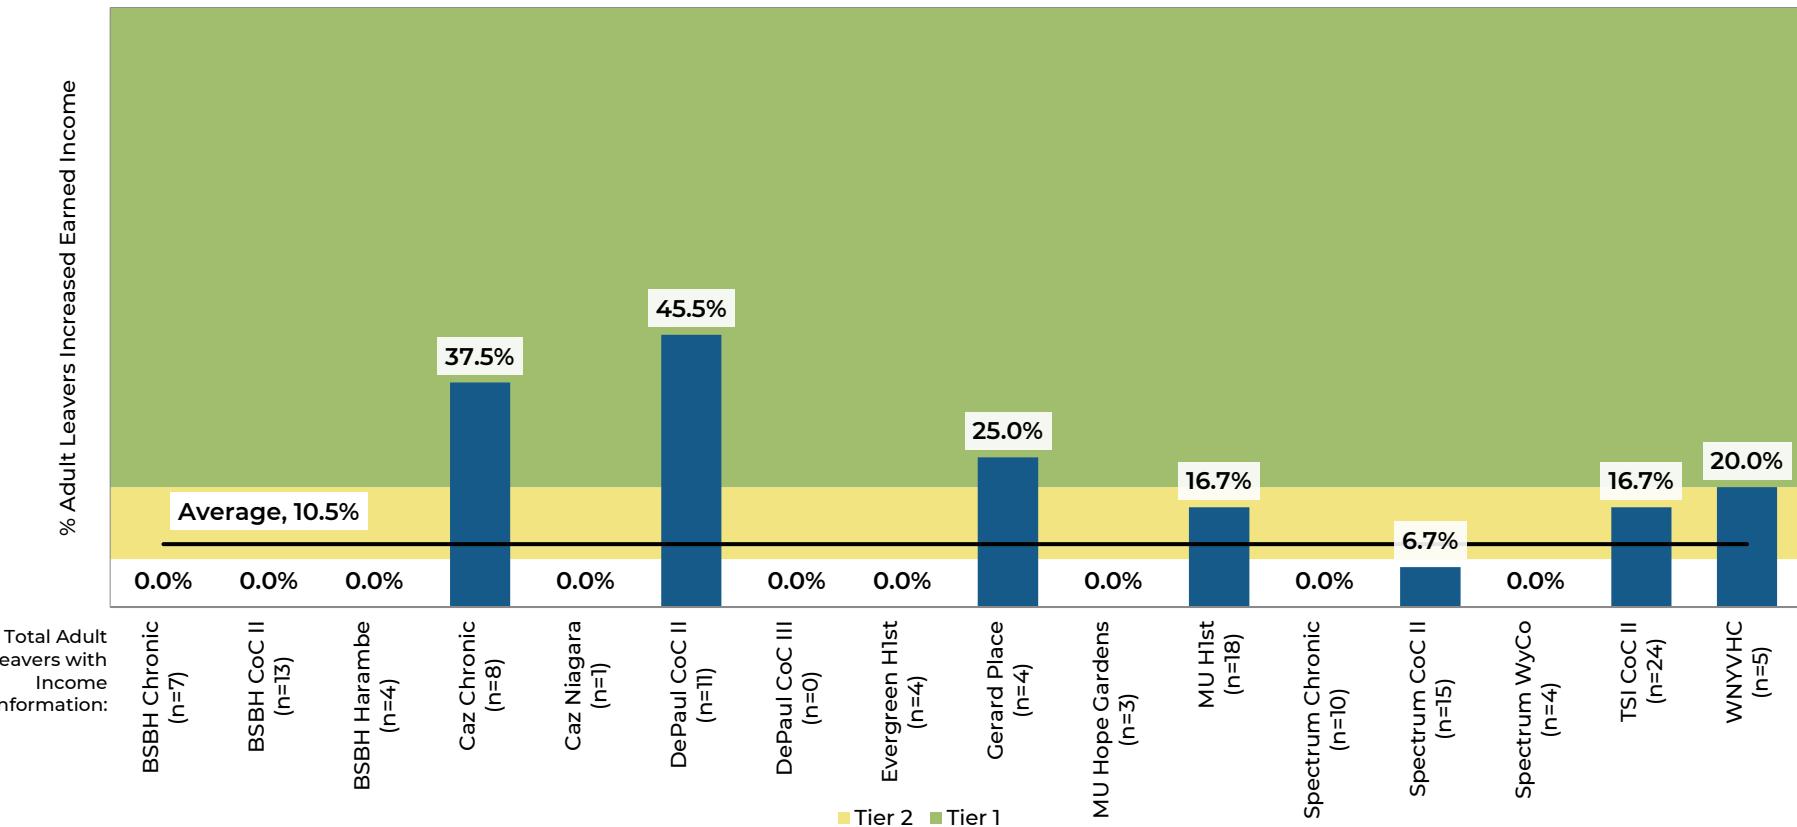

Returns to Homelessness After Exiting to PH (PSH)

## Increased Earned Income (Leavers)

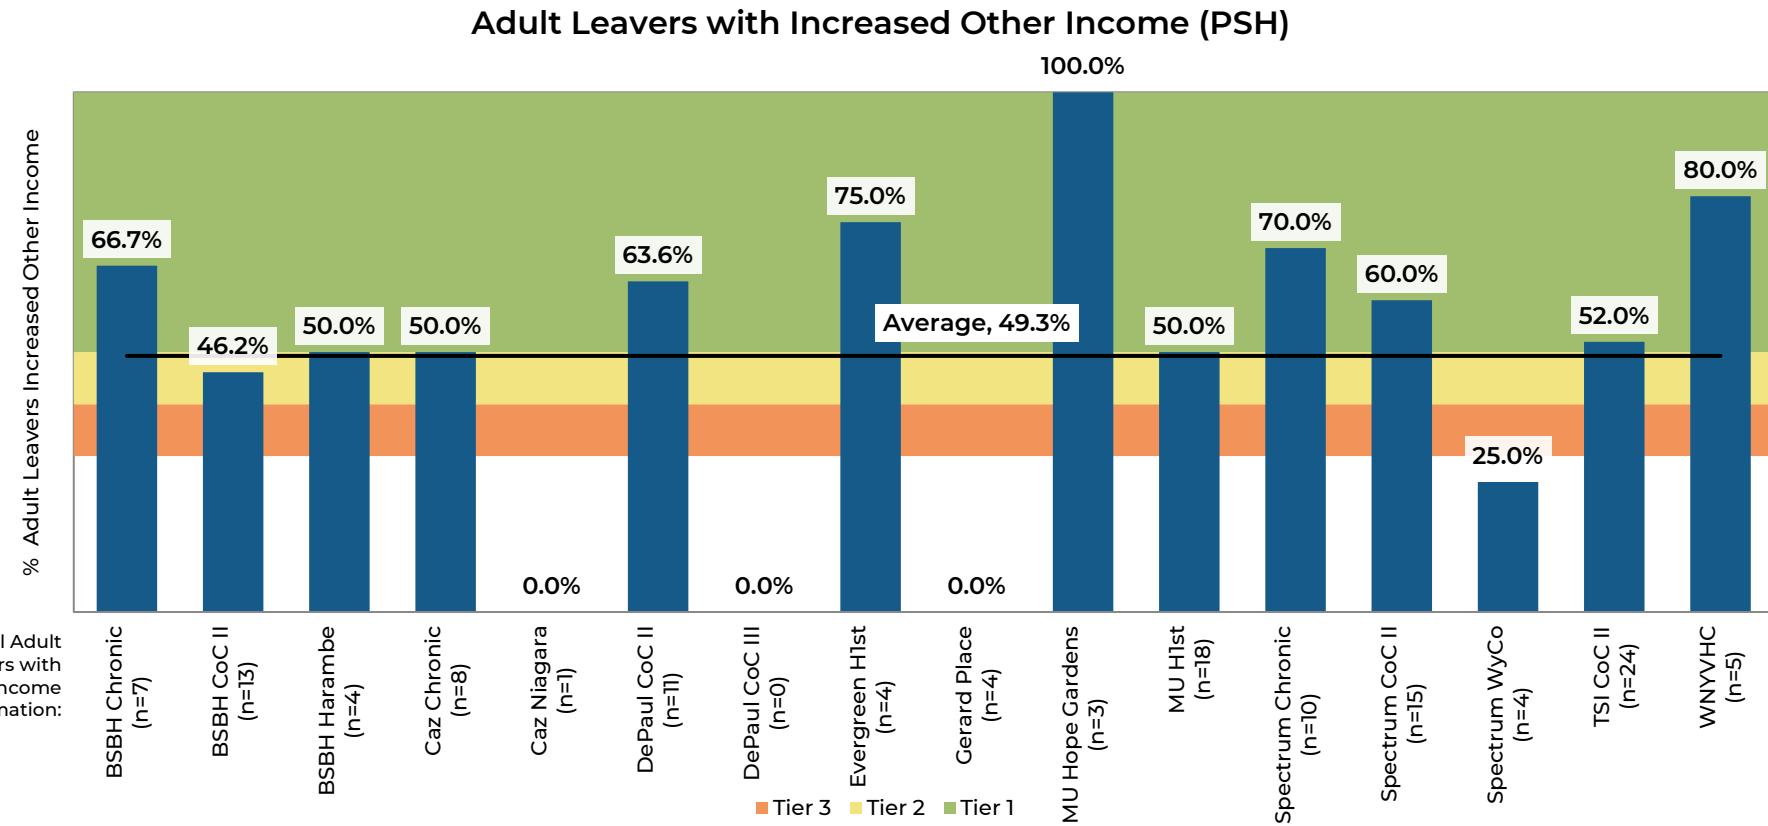

This measure is calculated by dividing the number of adult leavers who increased or gained employment income from their project entry date to their project exit by the number of adult leavers with income information. The local benchmark for this measure is the HUD benchmark of 20% or greater.

Adults Leavers with Increased Earned Income (PSH)

## Increased Other Income (Leavers)

This measure is calculated by dividing the number of adult leavers who increased or gained non-employment income from their project entry date to their project exit by the number of adult leavers with income information. The local benchmark for this measure is the HUD benchmark of 50% or greater.

## Rapid Re-housing (RRH) Projects

RRH is permanent housing that provides short-term (up to three months) and medium-term (4-24 months) tenet-based rental assistance and supportive services to households experiencing homelessness.

Time to Permanent Housing.....16

Returns to Homelessness.....17

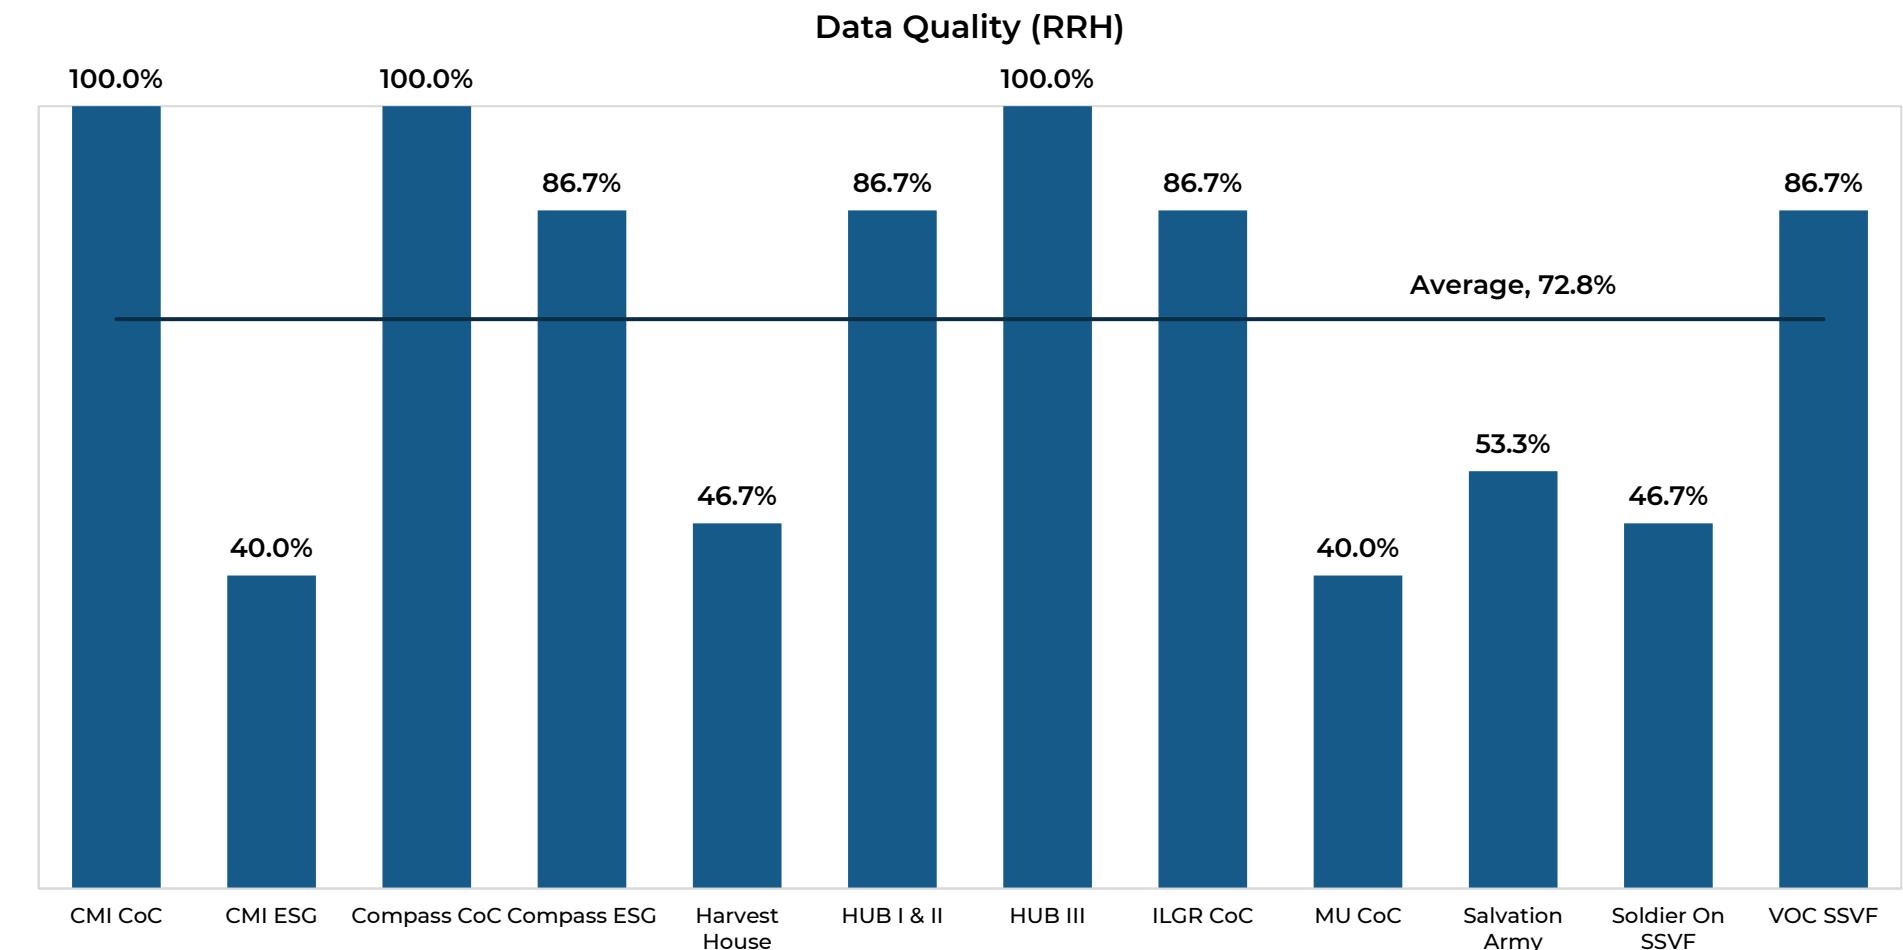

#### Income Measures

Increased Earned Income .....18

Increased Other Income .....19

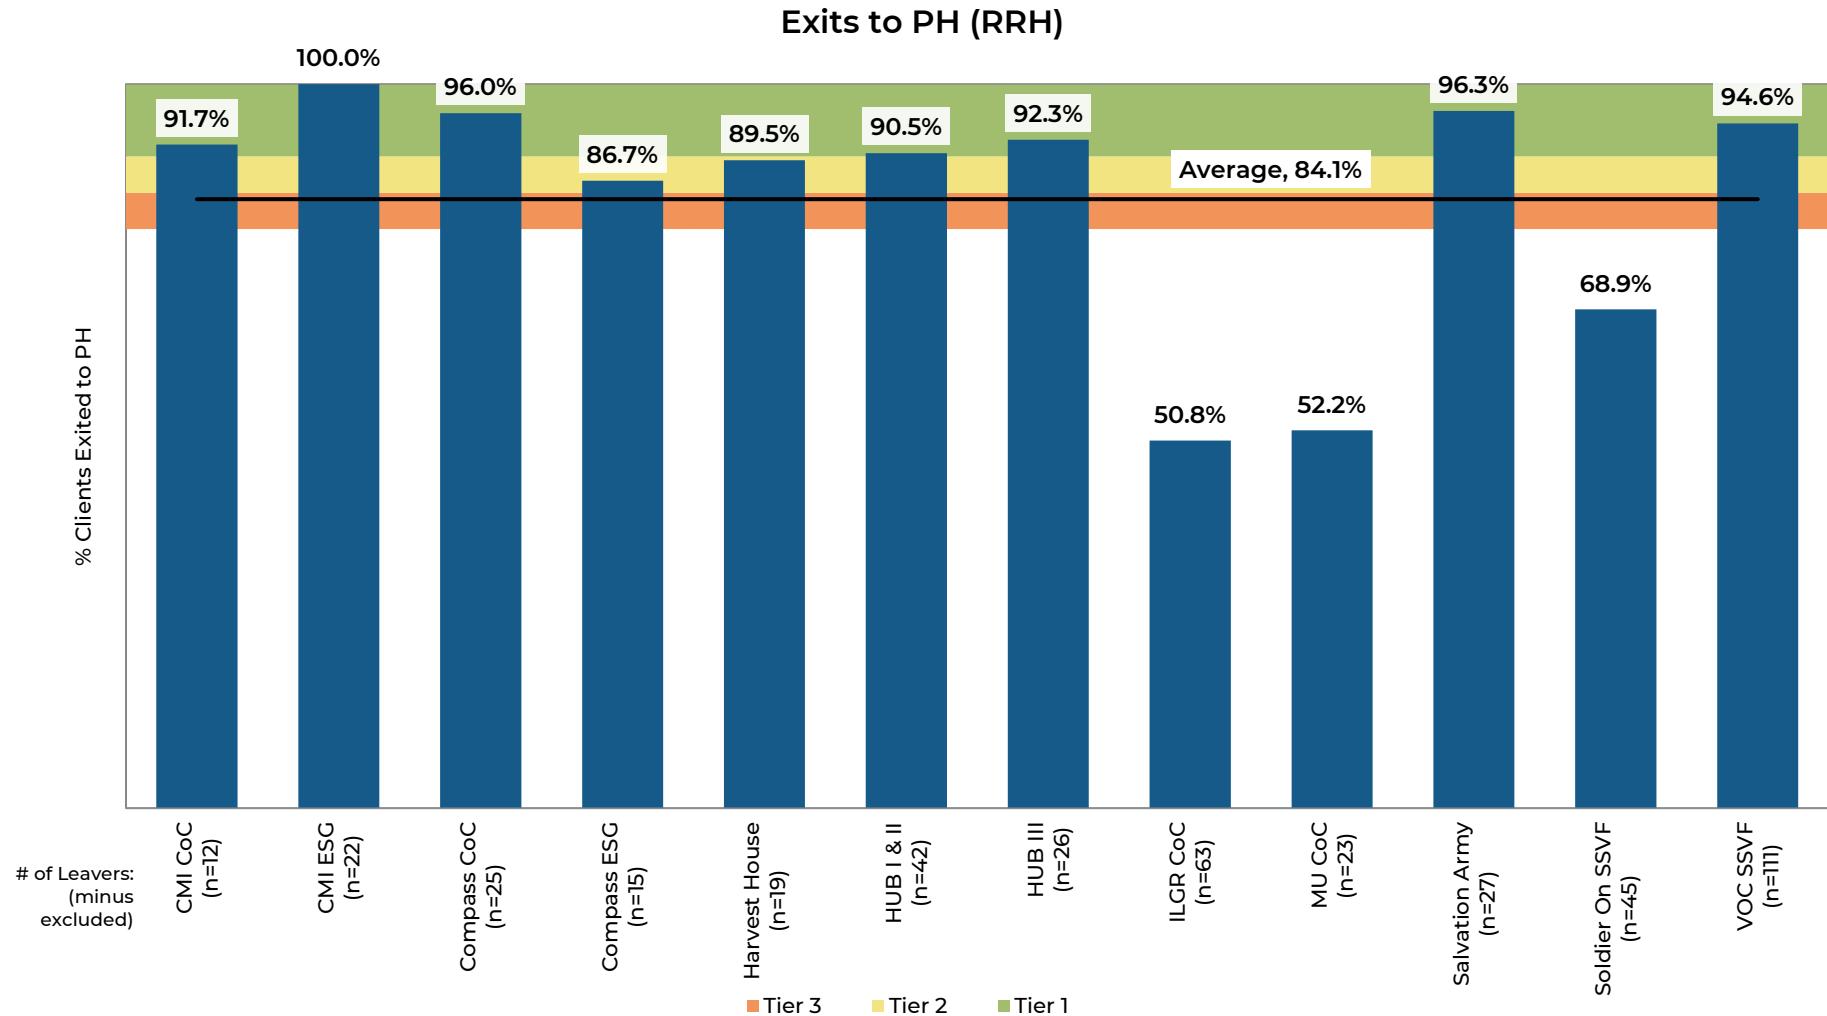

## HMIS Data Quality

This measure gives a broad overview as to how timely and complete each project's data in HMIS is. The Data Quality sections of the APR for PII, UDEs, Income and Housing, Chronic Homelessness and Timeliness are considered. 100% Data Quality indicates that the project is meeting the local benchmark of less than 5% issue rate in each Data Quality row and more than 50% of entries and exits are entered within 3 days.

## Exits to Permanent Housing

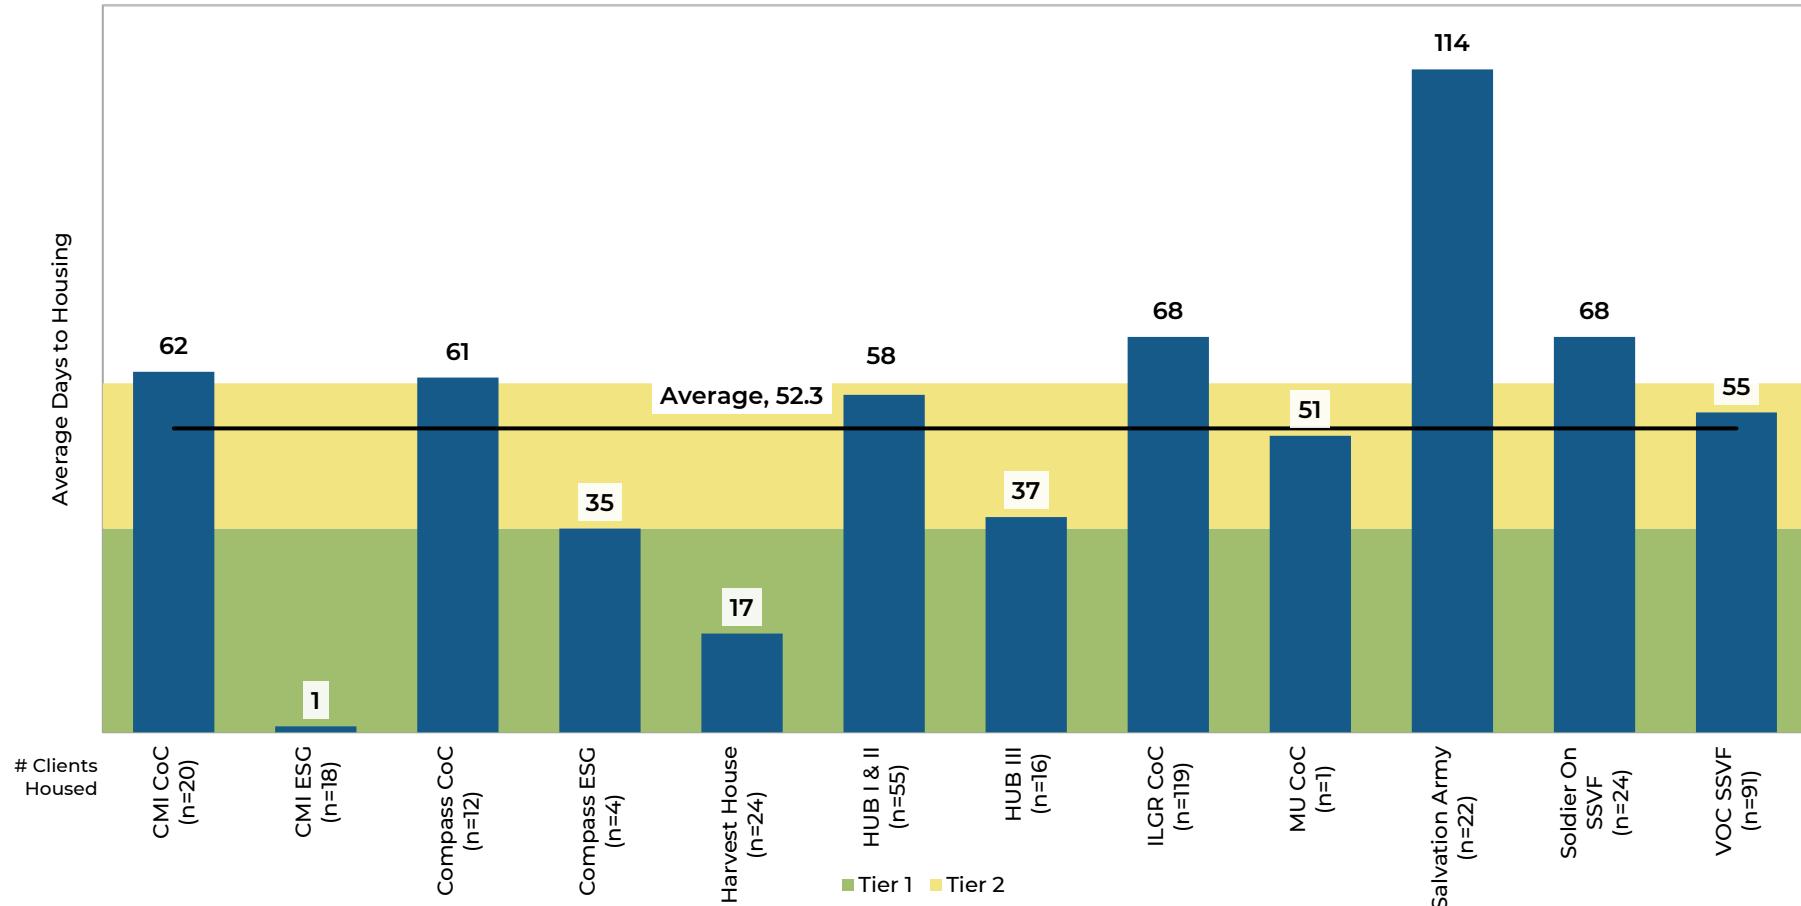

This measure is calculated by dividing the number of clients who exited to PH by the total number of leavers (minus excluded leavers). The local benchmark for this measure is 90% or greater.

## Time to Permanent Housing

This measure is the average number of days from the project entry date to the permanent housing move-in date for all clients with a move-in date within the reporting period. The NAEH benchmark for this measure is 30 days or less. The local benchmark for this measure is 35 days or less.

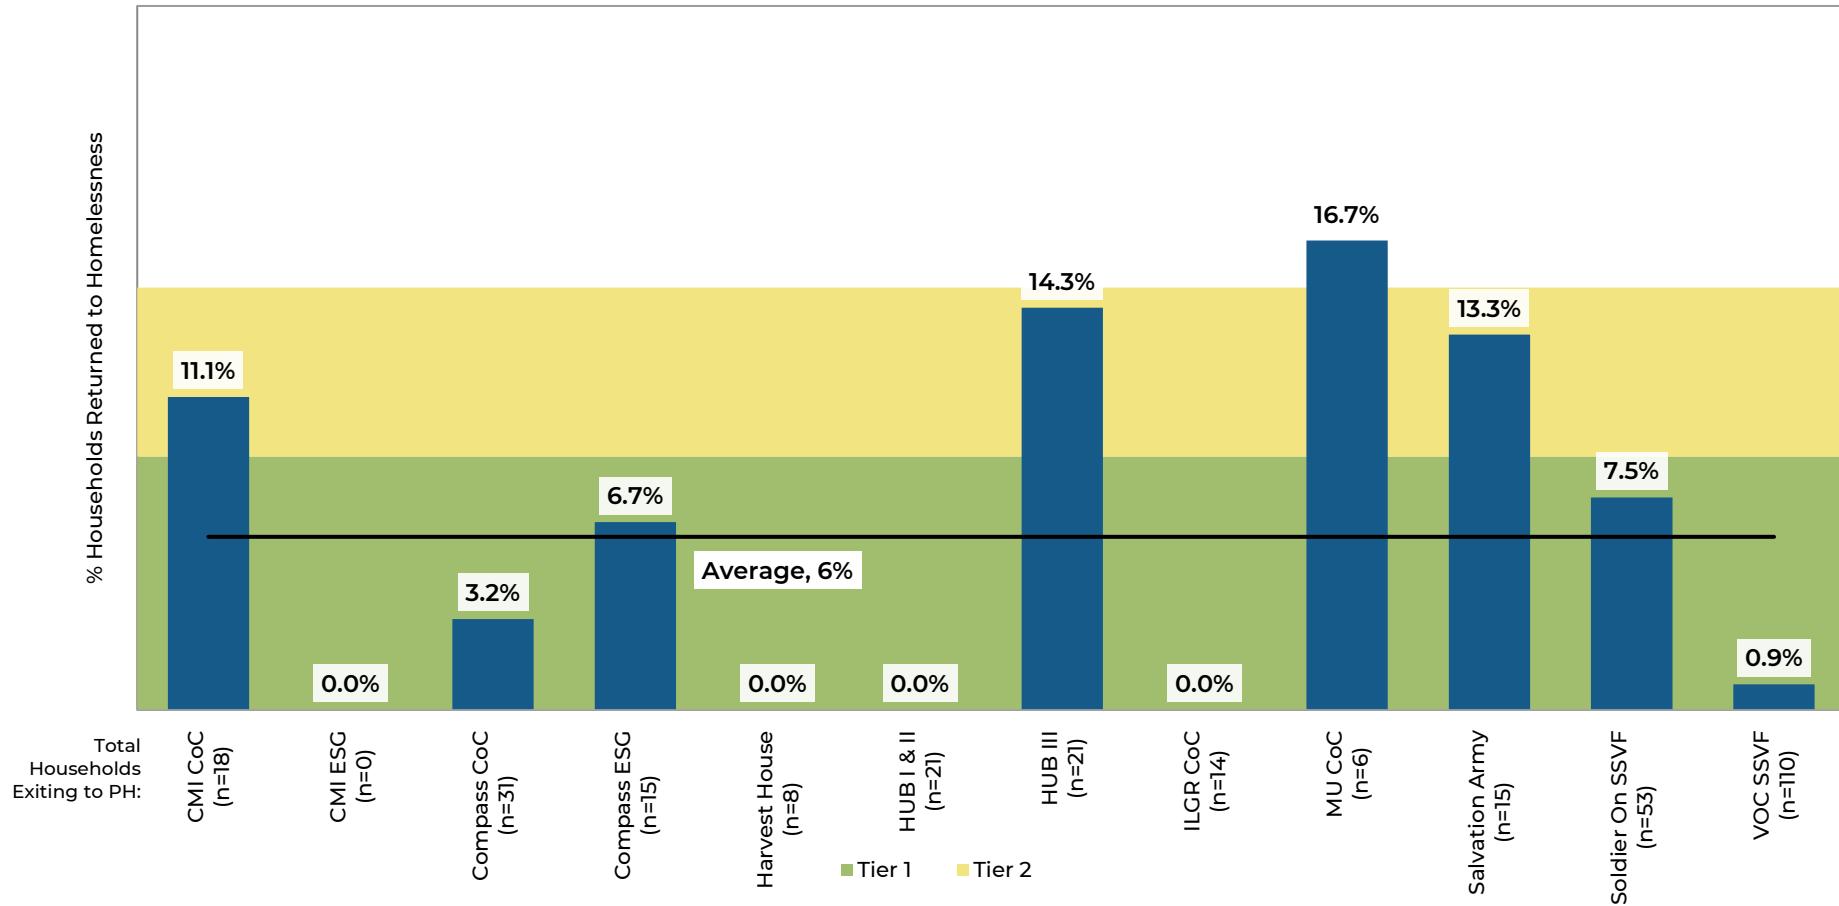

Days from Project Entry to Move-In (RRH)

## Returns to Homelessness

This measure looks at those clients who exited to PH from a service project between 7/1/2024-12/31/2025 and returned to homelessness (measured by a new entry date at a service project) within the following six months, beginning on 1/1/2025. The local benchmark for this measure is 9% or less.

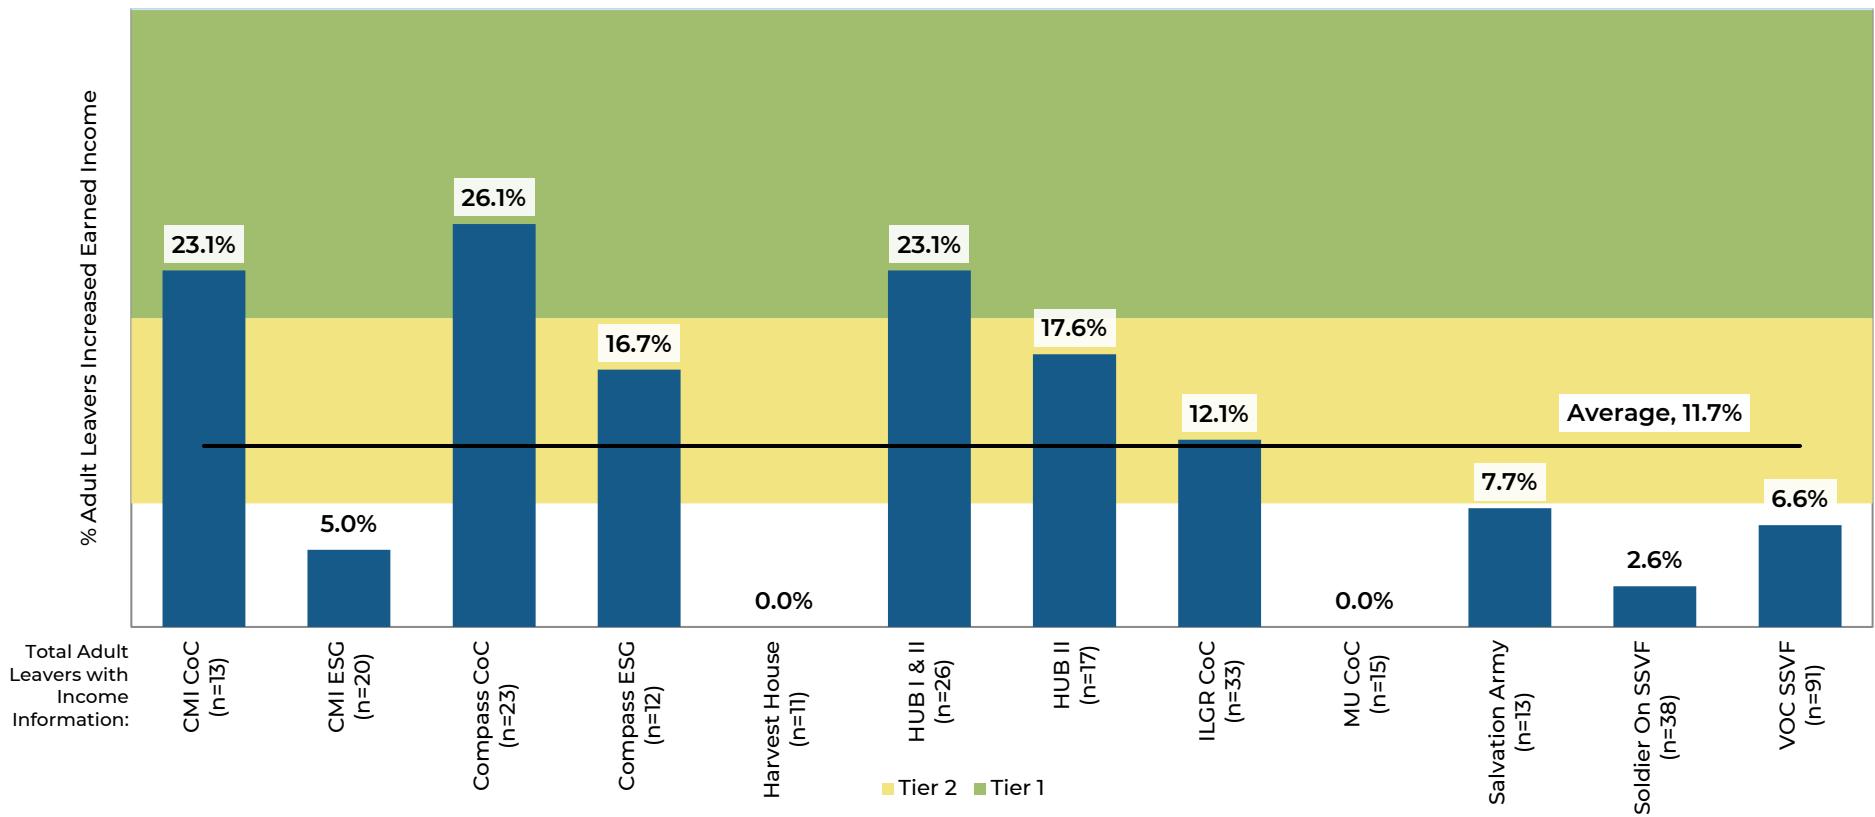

### Returns to Homelessness After Exiting to PH (RRH)

## Increased Earned Income (Leavers)

This measure is calculated by dividing the number of adult leavers who increased or gained employment income from their project entry date to their project exit by the number of adult leavers with income information. The local benchmark for this measure is the HUD benchmark of 20% or greater.

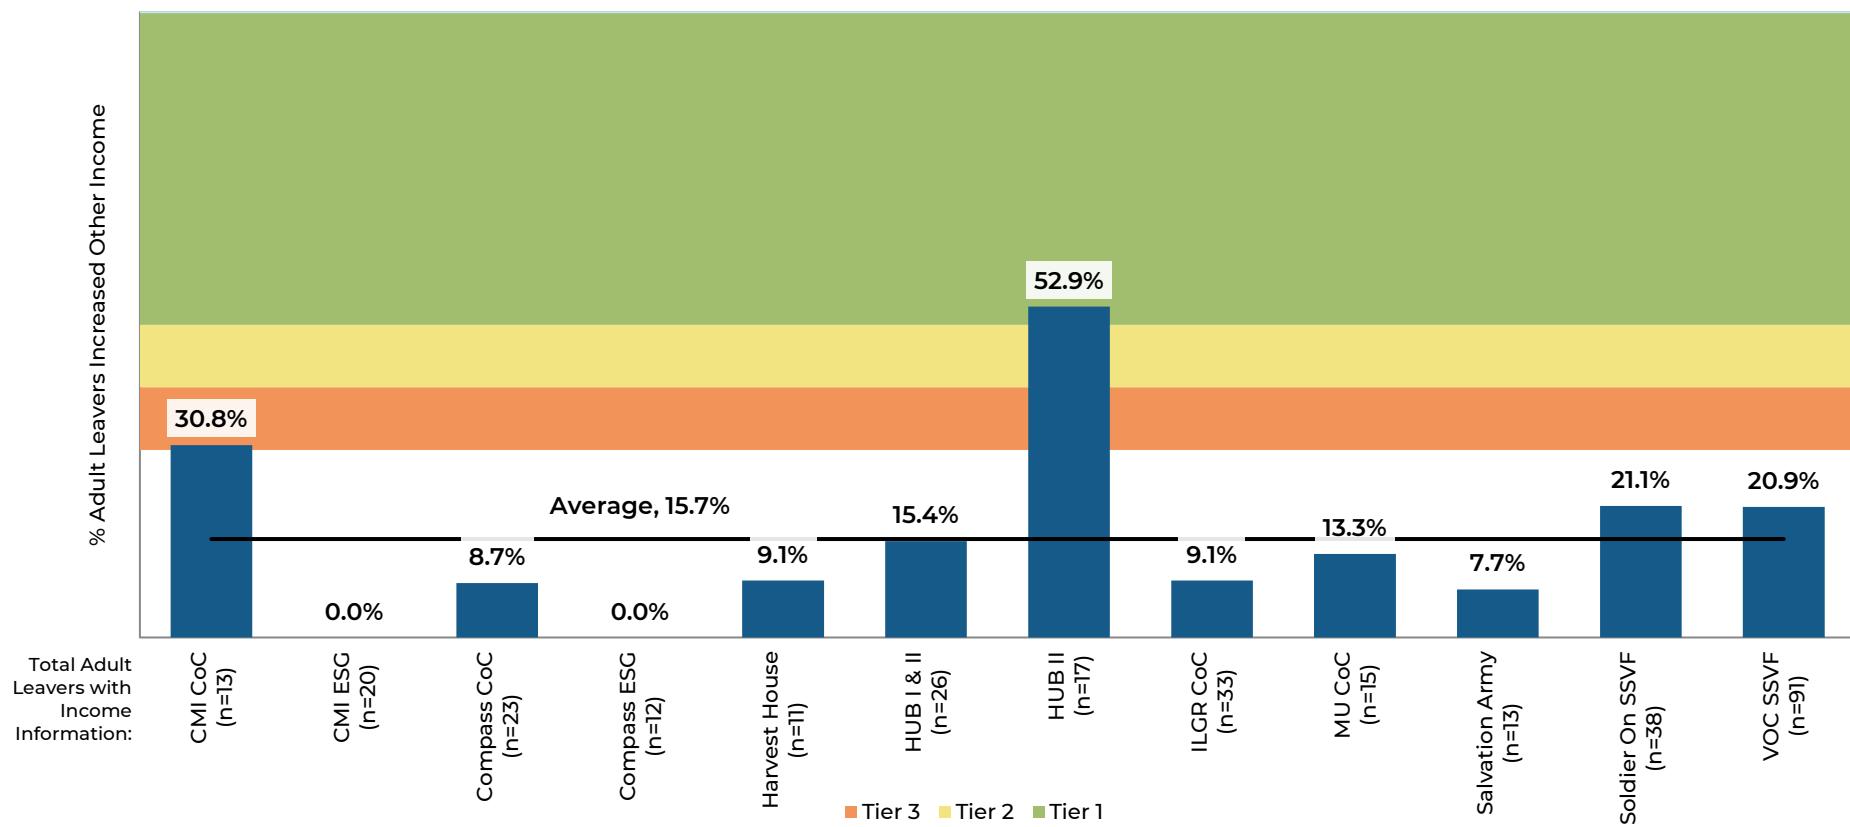

Adult Leavers with Increased Earned Income (RRH)

## Increased Other Income (Leavers)

This measure is calculated by dividing the number of adult leavers who increased or gained non-employment income from their project entry date to their project exit by the number of adult leavers with income information. The local benchmark for this measure is the HUD benchmark of 50% or greater.

Adult Leavers with Increased Other Income (RRH)

## Transitional Housing (TH) Projects

TH provides temporary housing with supportive services to individuals and families experiencing homelessness with the goal of interim stability and support to successfully move to and maintain permanent housing.

### TH Performance Measures

Returns to Homelessness..... 23

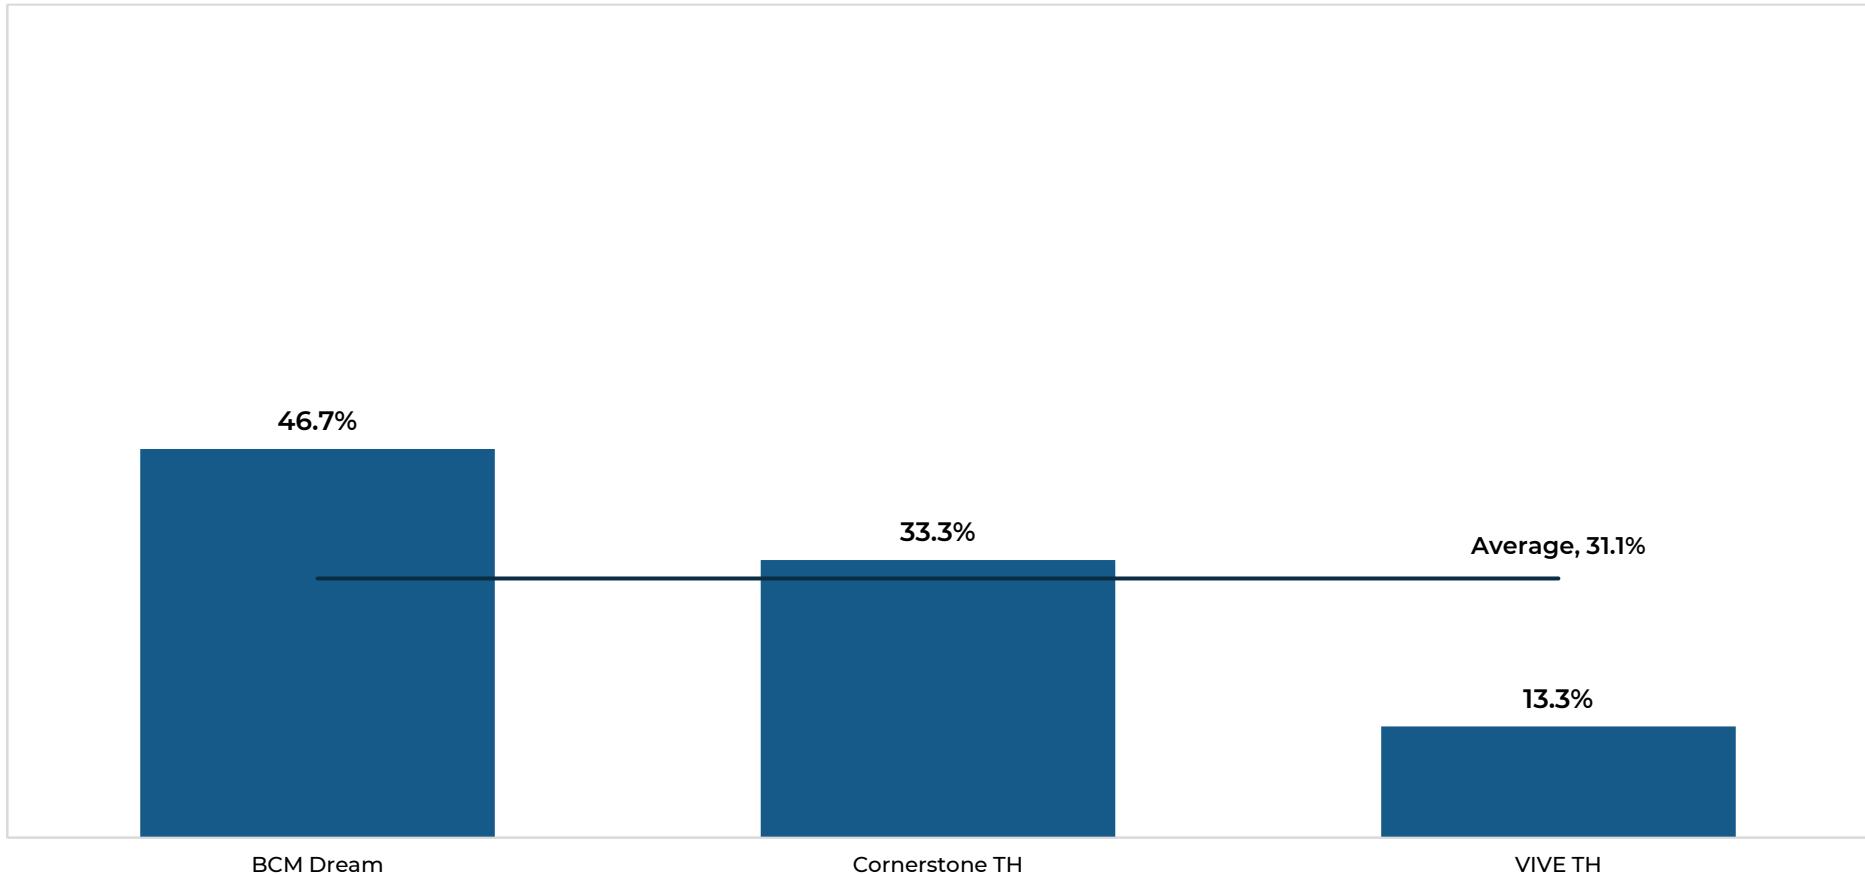

Length of Stay (Leavers)..... 24

Length of Stay (Stayers)..... 25

## HMIS Data Quality

This measure gives a broad overview as to how timely and complete each project's data in HMIS is. The Data Quality sections of the APR for PII, UDEs, Income and Housing, Chronic Homelessness, and Timeliness are considered. 100% Data Quality indicates that the project is meeting the local benchmark of less than 5% issue rate in each Data Quality row and more than 50% of entries and exits entered within 3 days.

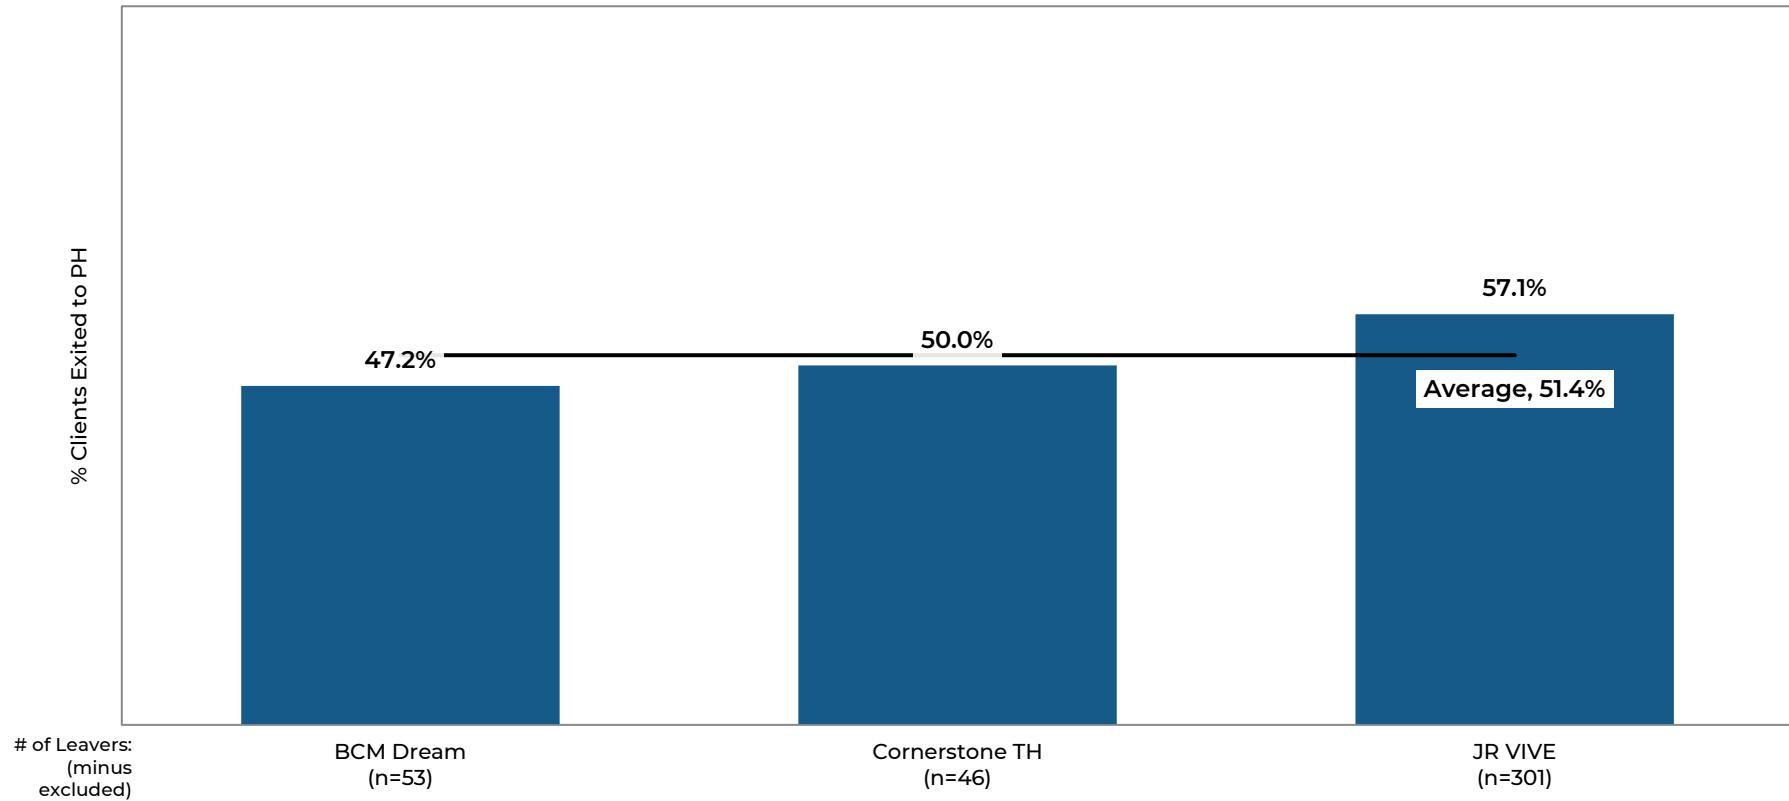

**Data Quality (TH)**

## Exits to Permanent Housing

This measure is calculated by dividing the number of clients who exited to PH by the total number of leavers (minus excluded leavers).

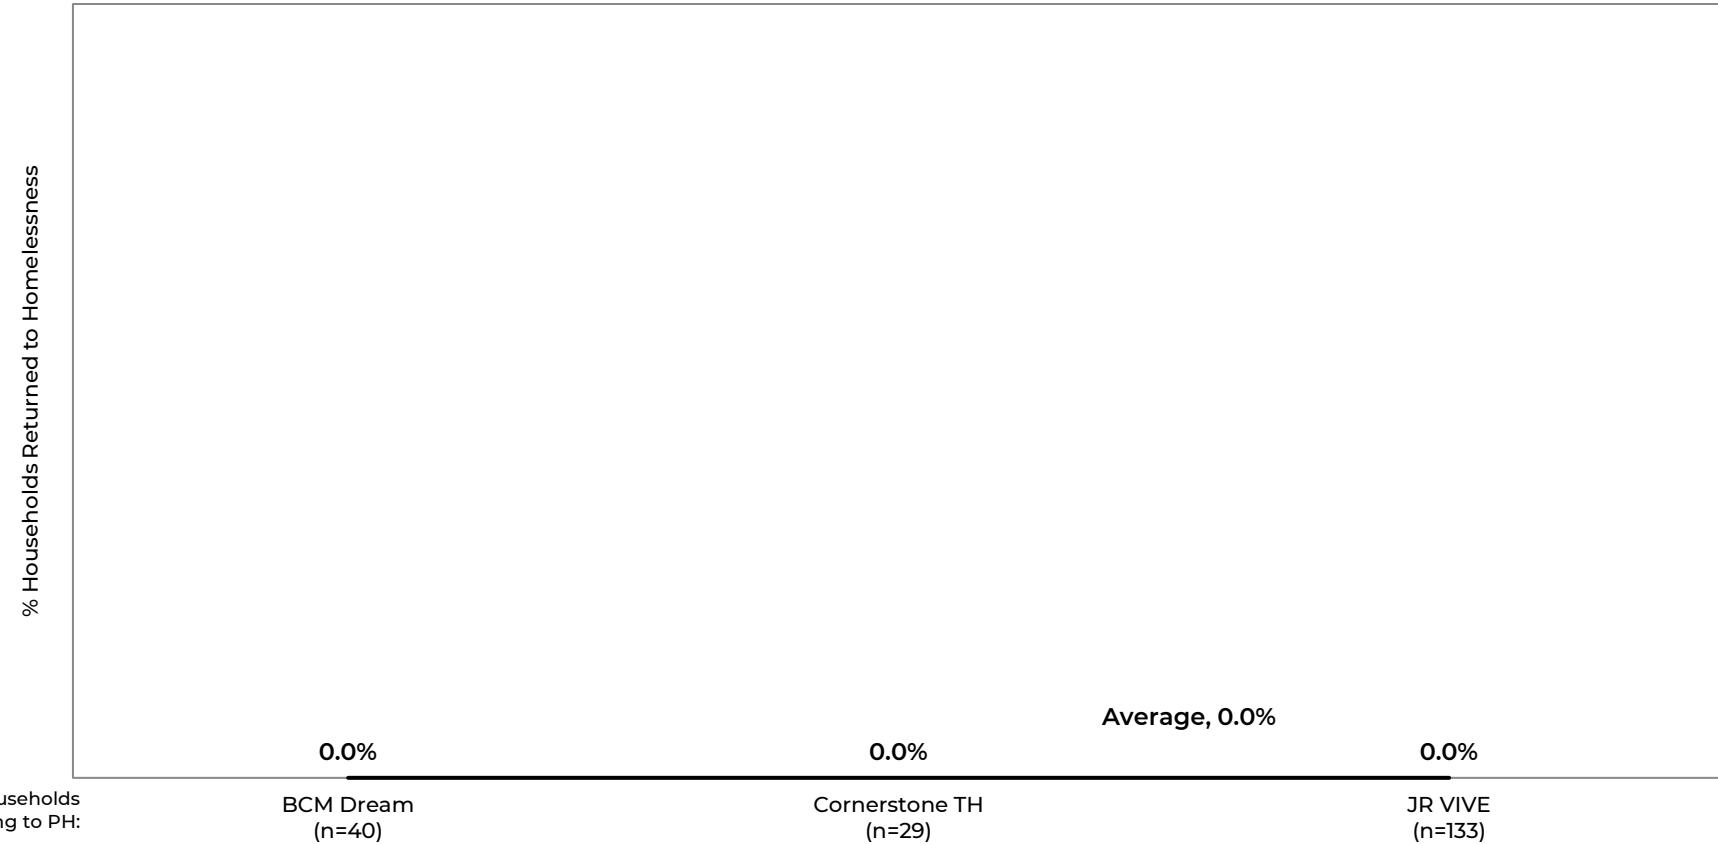

TH Clients Exited to PH

## Returns to Homelessness

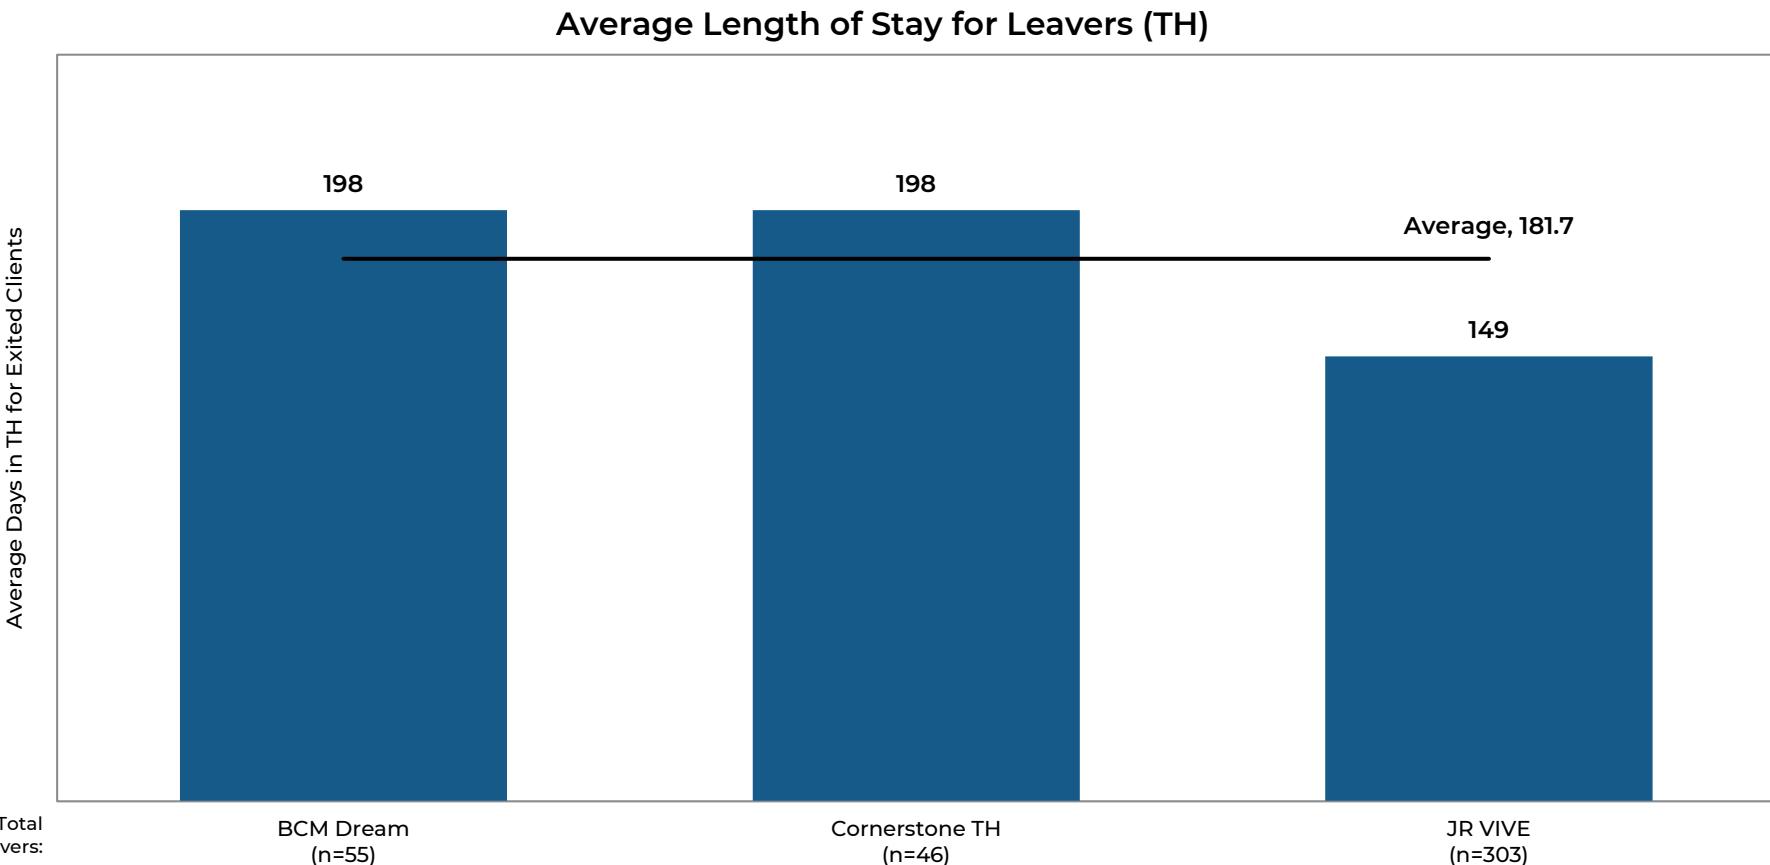

This measure looks at those clients who exited to PH between 7/1/2024-12/31/2025 and returned to homelessness (measured by a new entry date at a service project) within the following six months, beginning on 1/1/2025.

### Clients Returning to Homelessness After Exiting to PH (TH)

## Length of Stay - Leavers

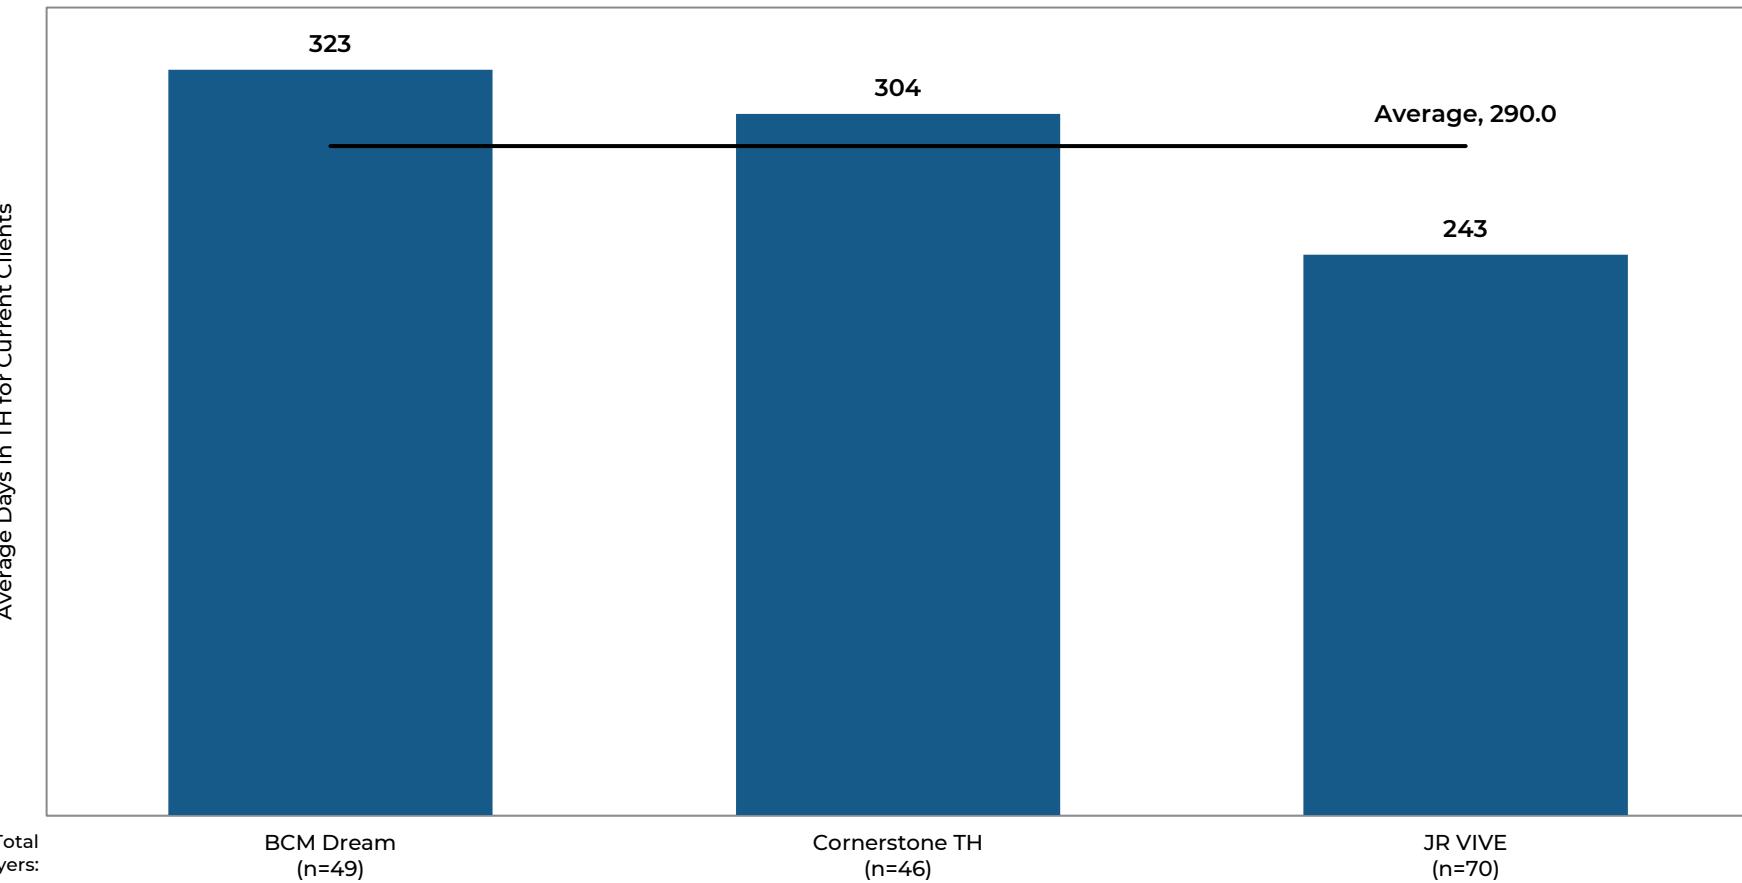

This measure is the average length of stay in TH projects among clients who exited the project within the reporting period.

## Length of Stay - Stayers

This measure is the average length of stay in TH projects among clients who did not exit the project within the reporting period.

Average Length of Stay for Stayers (TH)

# Emergency Shelter (ES), Street Outreach (SO) and Supportive Services Only (SSO) Projects

Emergency Shelters are any facility, the primary purpose of which is to provide temporary or transitional shelter for the homeless in general or for specific populations of the homeless.

Street Outreach activities are designed to meet the immediate needs of people experiencing homelessness in unsheltered locations by connecting them with emergency shelter, housing, or critical services, and providing them with urgent, non-facility based care.

Supportive Services Only projects provide supportive services, such as conducting outreach to sheltered and unsheltered homeless persons and families and providing referrals to other housing or other necessary services, to

families and individuals experiencing homelessness. These projects do not provide housing or housing assistance.

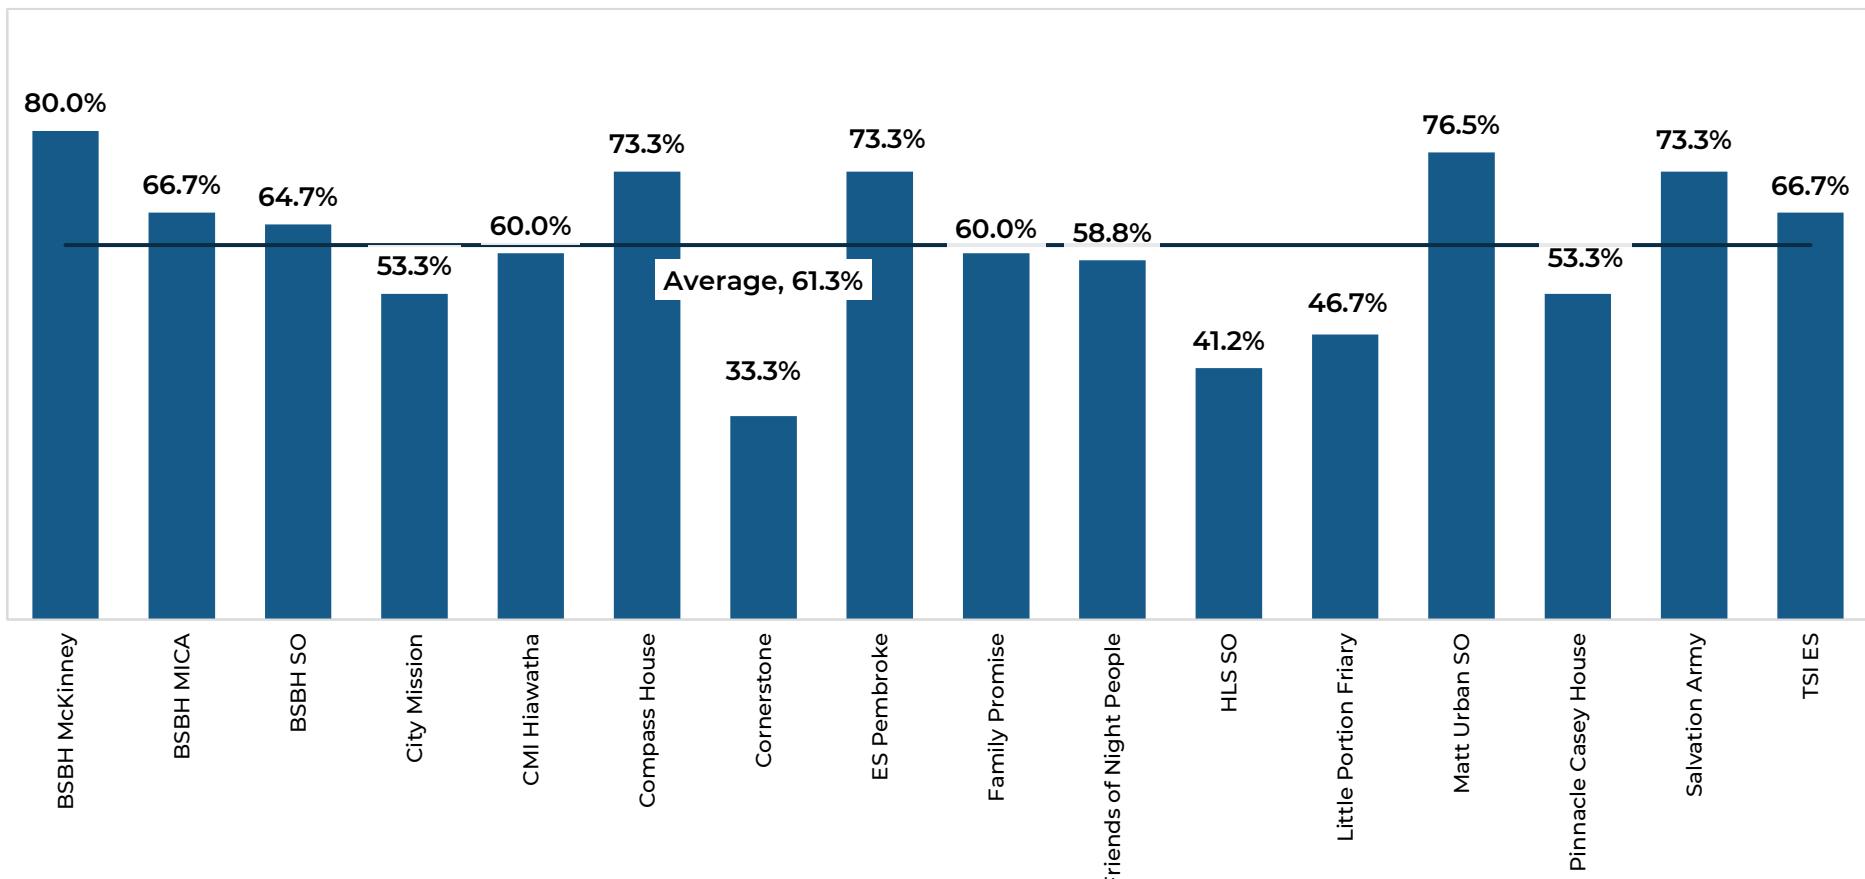

## ES, SO, and SSO Performance Measures

<b>Housing Measures</b>	
Exits to Permanent Housing.....	28
Returns to Homelessness.....	29
Length of Stay (Leavers) .....	30
Length of Stay (Stayers).....	31
Exits to Positive Destinations.....	32

## HMIS Data Quality

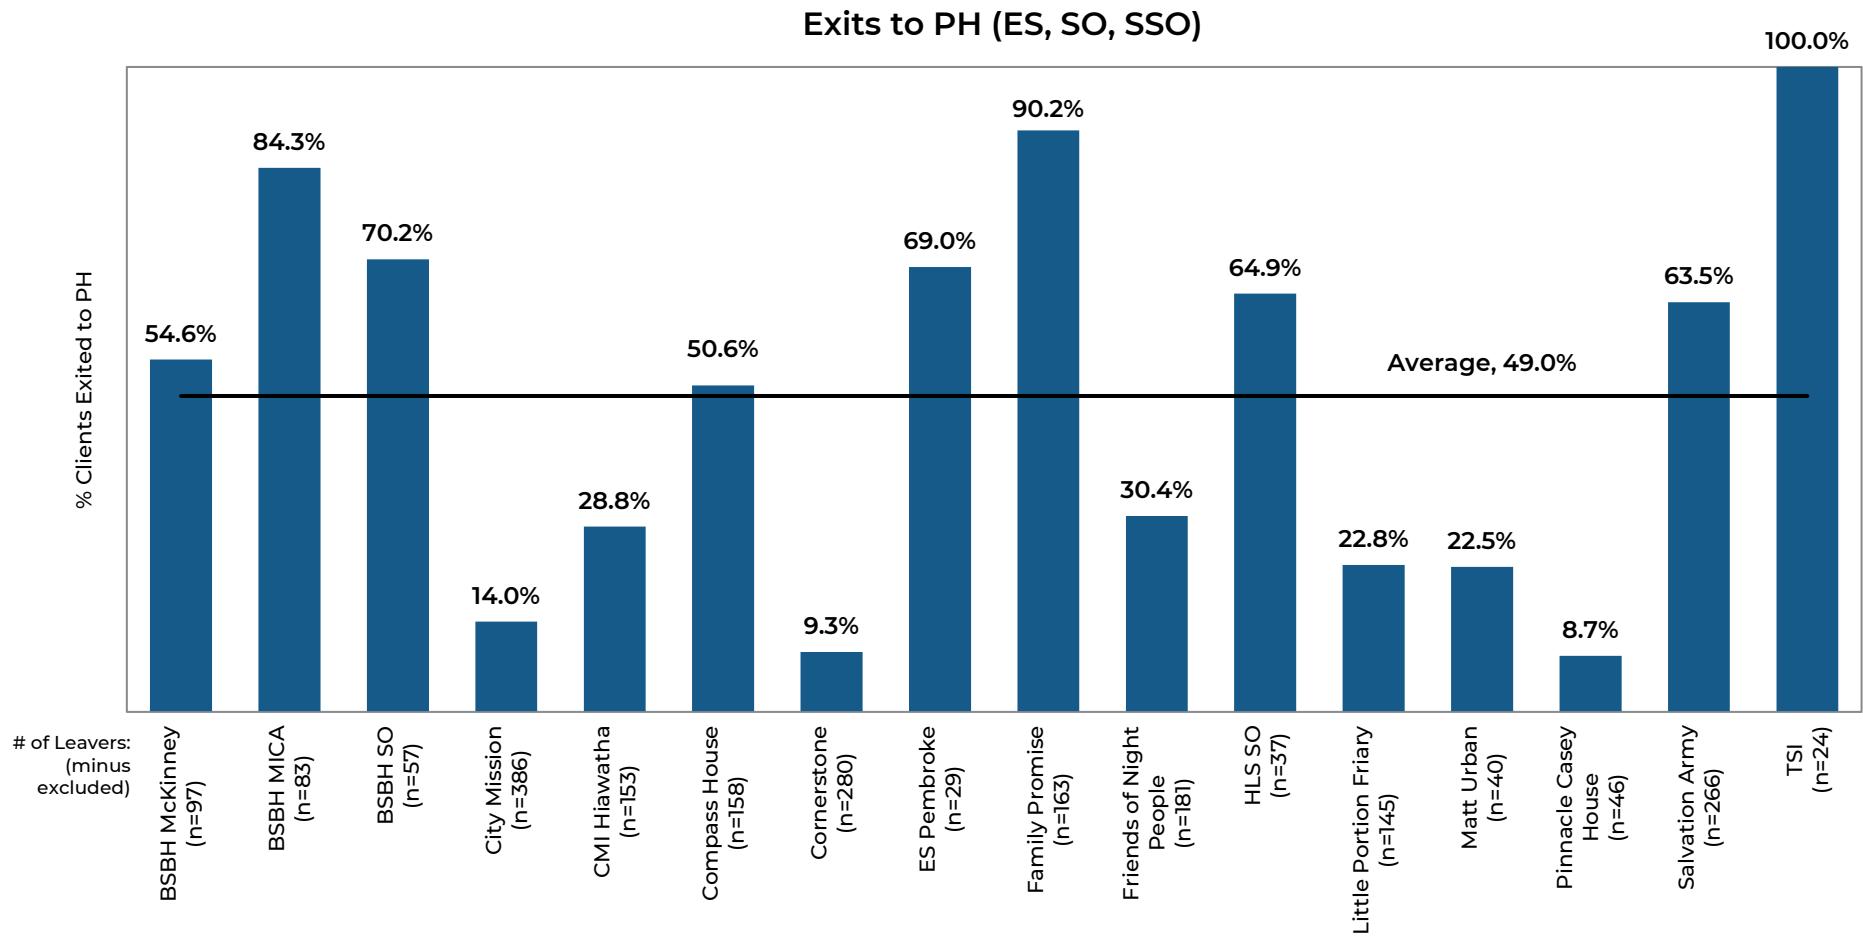

This measure gives a broad overview as to how timely and complete each project's data in HMIS is. The Data Quality sections of the APR for PII, UDEs, Income and Housing, Chronic Homelessness, and Timeliness are considered. For SO projects, Inactive Records is also included. 100% Data Quality indicates that the project is meeting the local benchmark of less than 5% issue rate in each PII and UDE row (excluding Disabling Condition) and Inactive Records, less than 10% issue rate in the Disabling Condition, each Income and Sources, and the Chronic Homelessness row, less than 25% issue rate in the Destination row, and more than 50% of entries and exits entered within 3 days.

**Data Quality (ES, SO, and SSO)**

## Exits to Permanent Housing

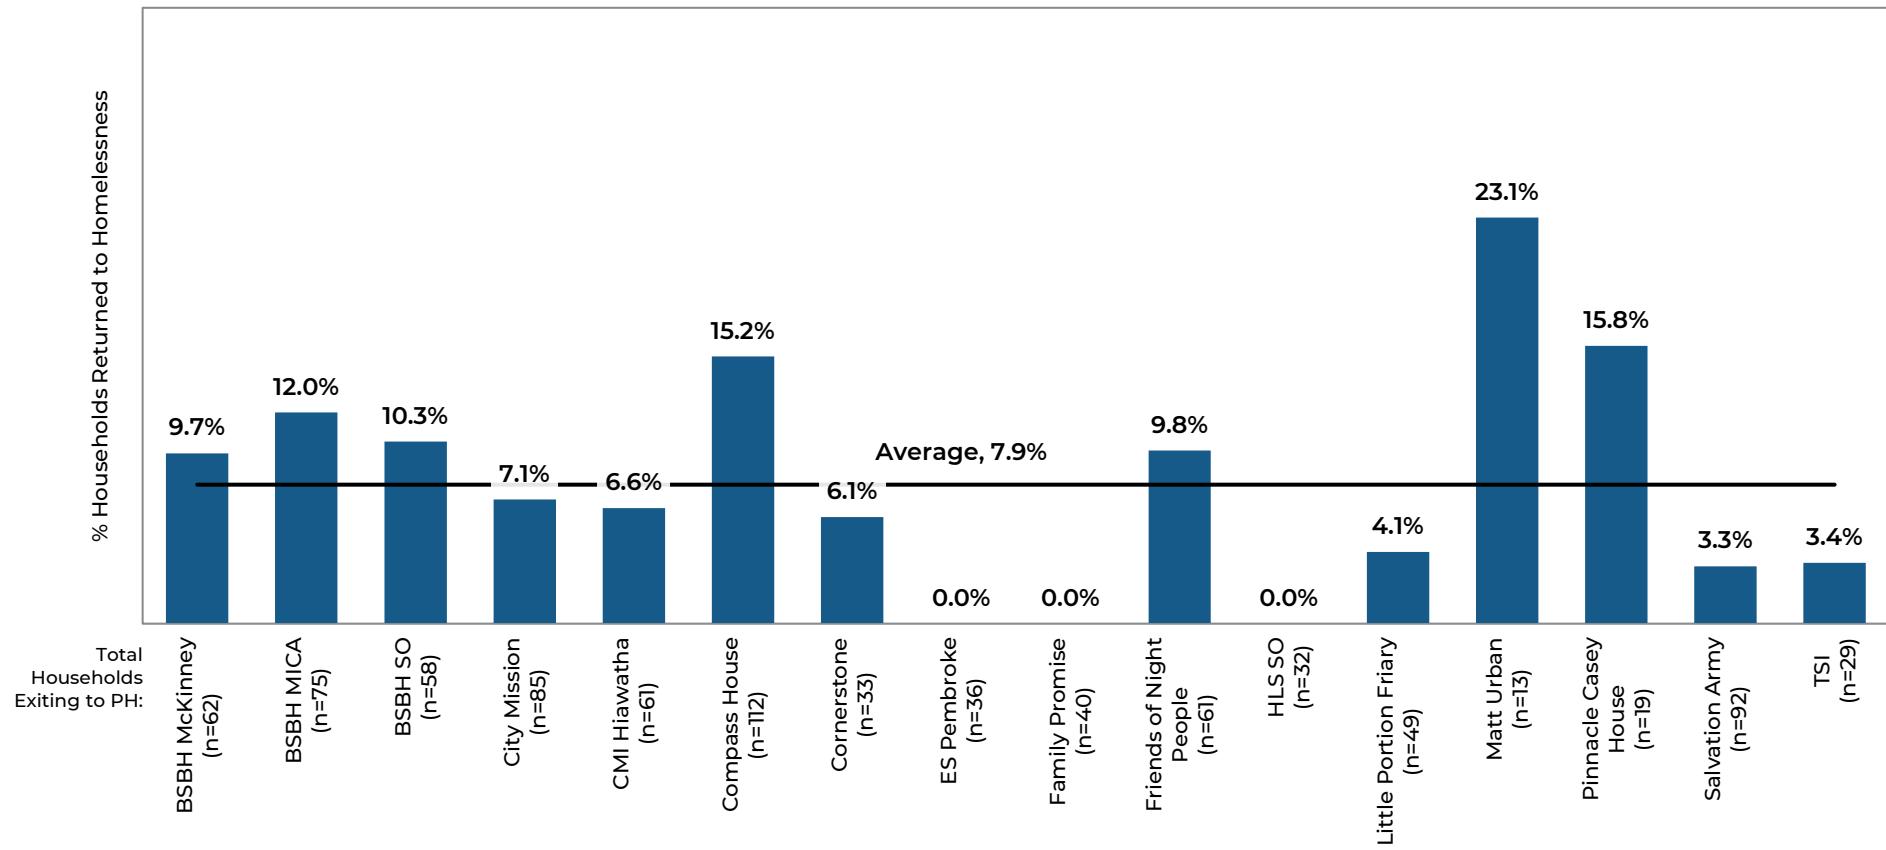

This measure is calculated by dividing the number of clients who exited to PH by the total number of leavers (minus excluded leavers).

## Returns to Homelessness

This measure looks at those clients who exited to PH between 7/1/2024-12/31/2025 and returned to homelessness (measured by a new entry date at a service project) within the following six months, beginning on 1/1/2025.

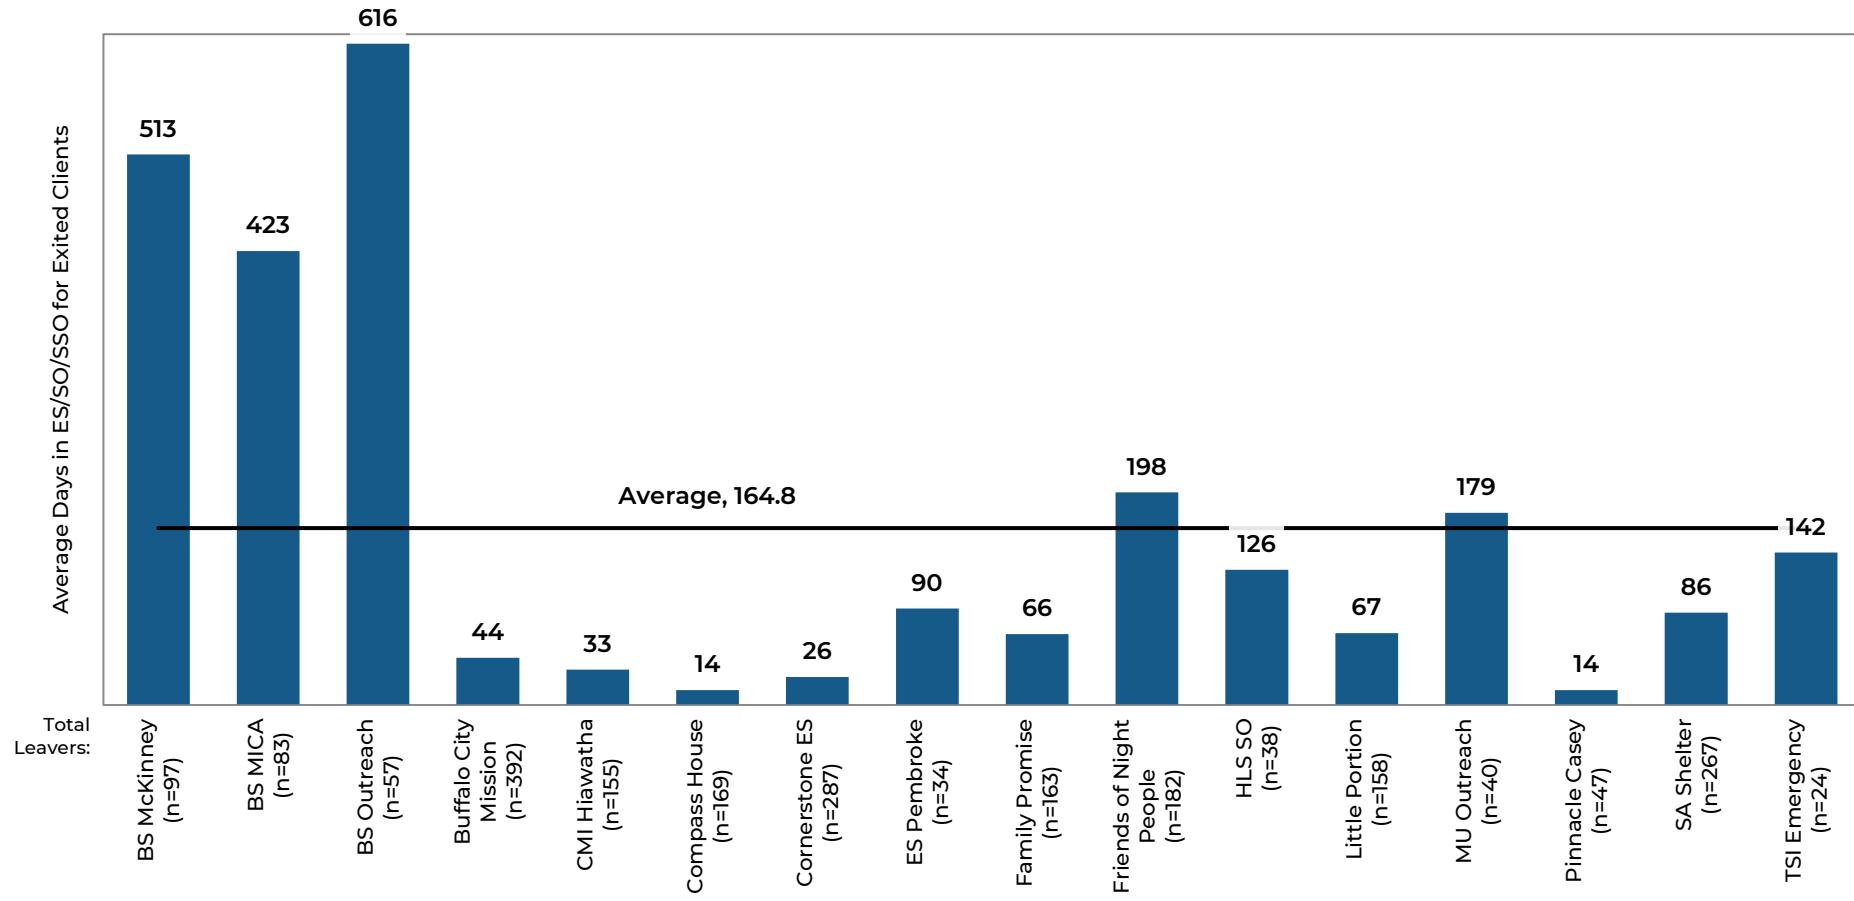

>Returns to Homelessness after Exiting to PH (ES, SO, & SSO)

## Length of Stay - Leavers

This measure is the average length of stay in ES, SO and SSO projects among clients who exited the project within the reporting period.

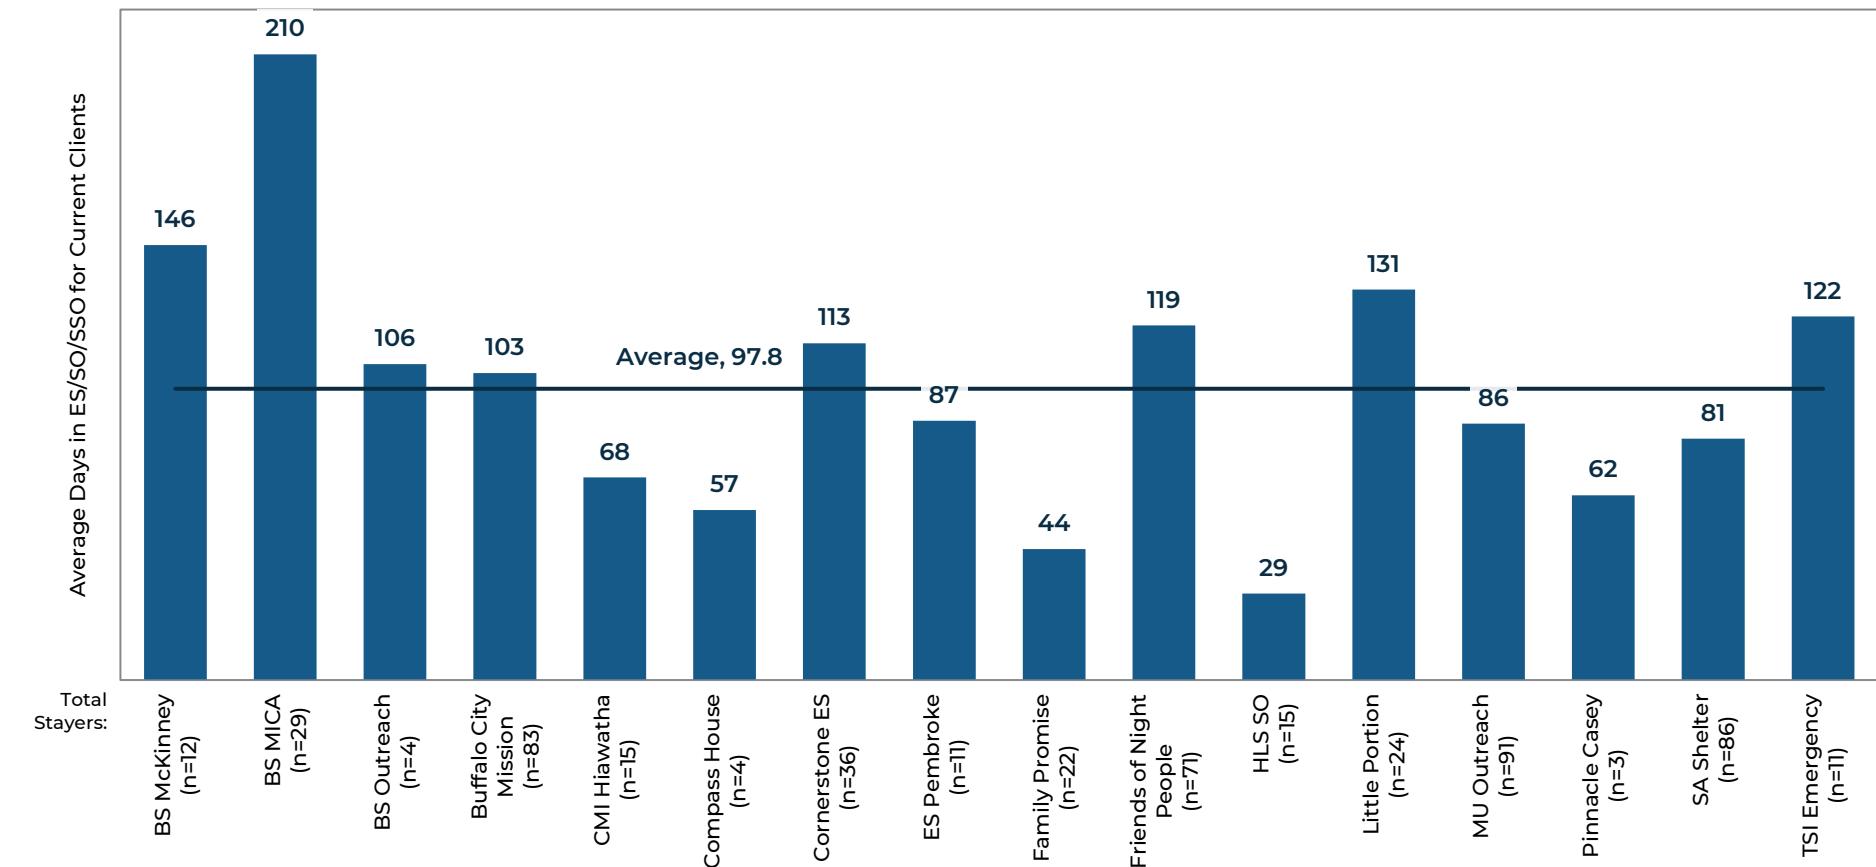

Average Length of Stay for Leavers (ES, SO & SSO)

## Length of Stay - Stayers

This measure is the average length of stay in ES, SO, and SSO projects among clients who did not exit the project within the reporting period.

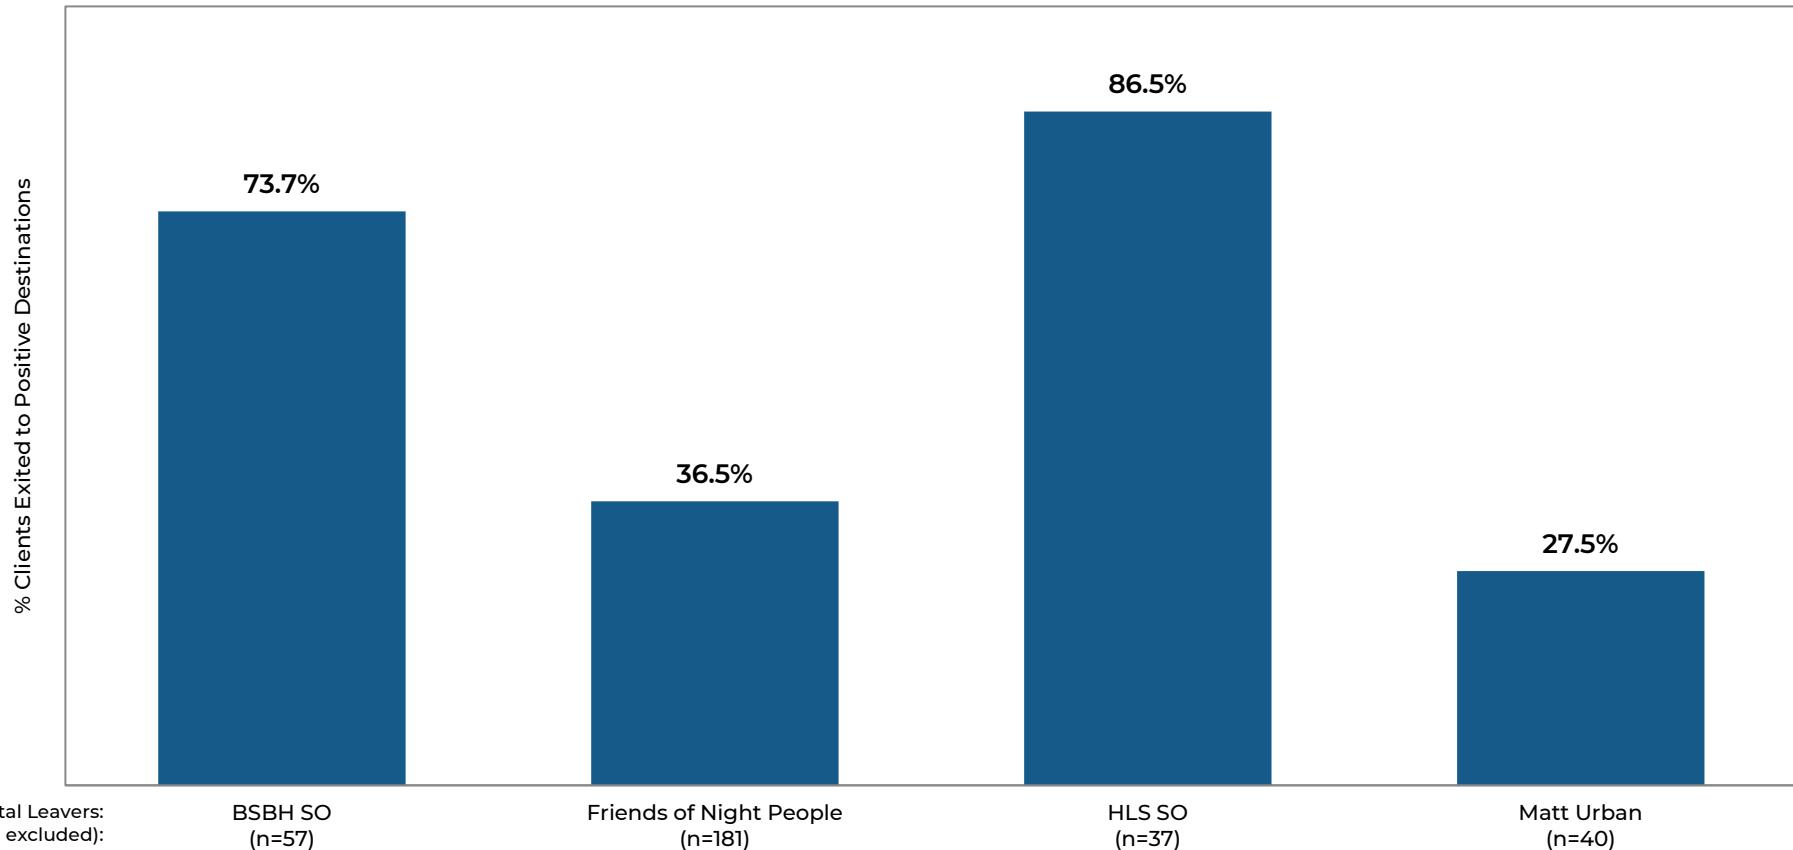

Average Length of Stay for Stayers (ES, SO & SSO)

## Exits to Positive Destinations

This measure is calculated by dividing the number of SO clients who exited to a positive destination by the total number of leavers (minus excluded leavers).

Outreach Clients Exits to Positive Destinations
