

# Rolling 12-Month Performance Report for the NY-508 CoC

1/1/2022-12/31/2022

Data taken from HMIS on 2/1/2023

This report is created using HMIS data. It covers homeless service providers who use HMIS within the CoC – Erie, Niagara, Genesee, Orleans, and Wyoming counties. Most of the data/measures in this report are obtained from and matched to HUD Annual Performance Report and System Performance. The intent of this is to: 1. Provide timely feedback to providers to improve their services and to learn from each other, 2. Help funders make funding decisions based upon performance, and 3. To evaluate our CoC's system performance. If you have any questions, please contact the Homeless Alliance of WNY.

\*Some of the charts in this report were designed specifically for programs that receive CoC funding so they can compare how they are doing to other CoC-funded programs. These charts assign point values to measures that are used to rank CoC-funded programs and are only posted as a reference for these programs. They do not reflect the ranking for next year's funding competition as these things are subject to change.

## Glossary of Acronyms

APR: Annual Performance Report that HUD requires for all the CoC funded programs	SH: Safe Haven
CH: Chronically Homeless	SO: Street Outreach
CoC: Continuum of Care	TAY: Transition Age Youth Vulnerability Index-Service Prioritization Decision Assistance Tool
ESG: Emergency Solutions Grants	TH: Transitional Housing
ES: Emergency Shelter	RHY: Runaway Homeless Youth
HMIS: Homeless Management Information System, is also referred to as Bas-Net (Buffalo Area Services Network)	RRH: Rapid Rehousing
NAEH: National Alliance to End Homelessness	VI-SPDAT: Vulnerability Index-Service Prioritization Decision Assistance Tool for Individuals
PH: Permanent Housing destination	VI-F-SPDAT: Vulnerability Index-Service Prioritization Decision Assistance Tool for Families
PSH: Permanent Supportive Housing for Formerly Homeless Persons	

**Cash benefit** in this report refers to income such as: Earned income, unemployment insurance, SSI, SSDI, veteran's disability, private disability insurance, worker's compensation, TANF, general assistance, retirement, veteran's pension, pension from former job, child support, and alimony (spousal support).

**Non-cash benefit** in this report refers to non-cash benefit such as: supplemental nutritional assistance program (food stamps), Medicaid health insurance, Medicare health insurance, State children's health insurance, WIC, VA medical services, TANF child care services, TANF transportation services, other TANF-funded services, temporary rental assistance, and Section 8.

**Permanent Housing Destination** in this report refers to destinations such as: housing owned by client (with or without ongoing subsidy), housing rented by client (with or without ongoing subsidy), permanent supportive housing for formerly homeless persons, living with family or friends with permanent tenure. To reflect 2017 HUD Data Standard updates, **the following are excluded from calculation: foster care, hospital, long term care facility or nursing home, deceased.**

**Safe Housing Destination** in this report refers to destinations such as: all permanent housing destinations listed above, emergency shelter, transitional housing for homeless persons, staying with family or friends with temporary tenure, Safe Haven, hotel or motel paid by client, foster care, psychiatric facility, substance abuse or detox facility, hospital (non-psychiatric). EXCLUDES jail, places not meant for human habitation, and "other" destinations such as "Client doesn't know", "Client refused", "Data not collected", "No exit interview completed", and "Other".

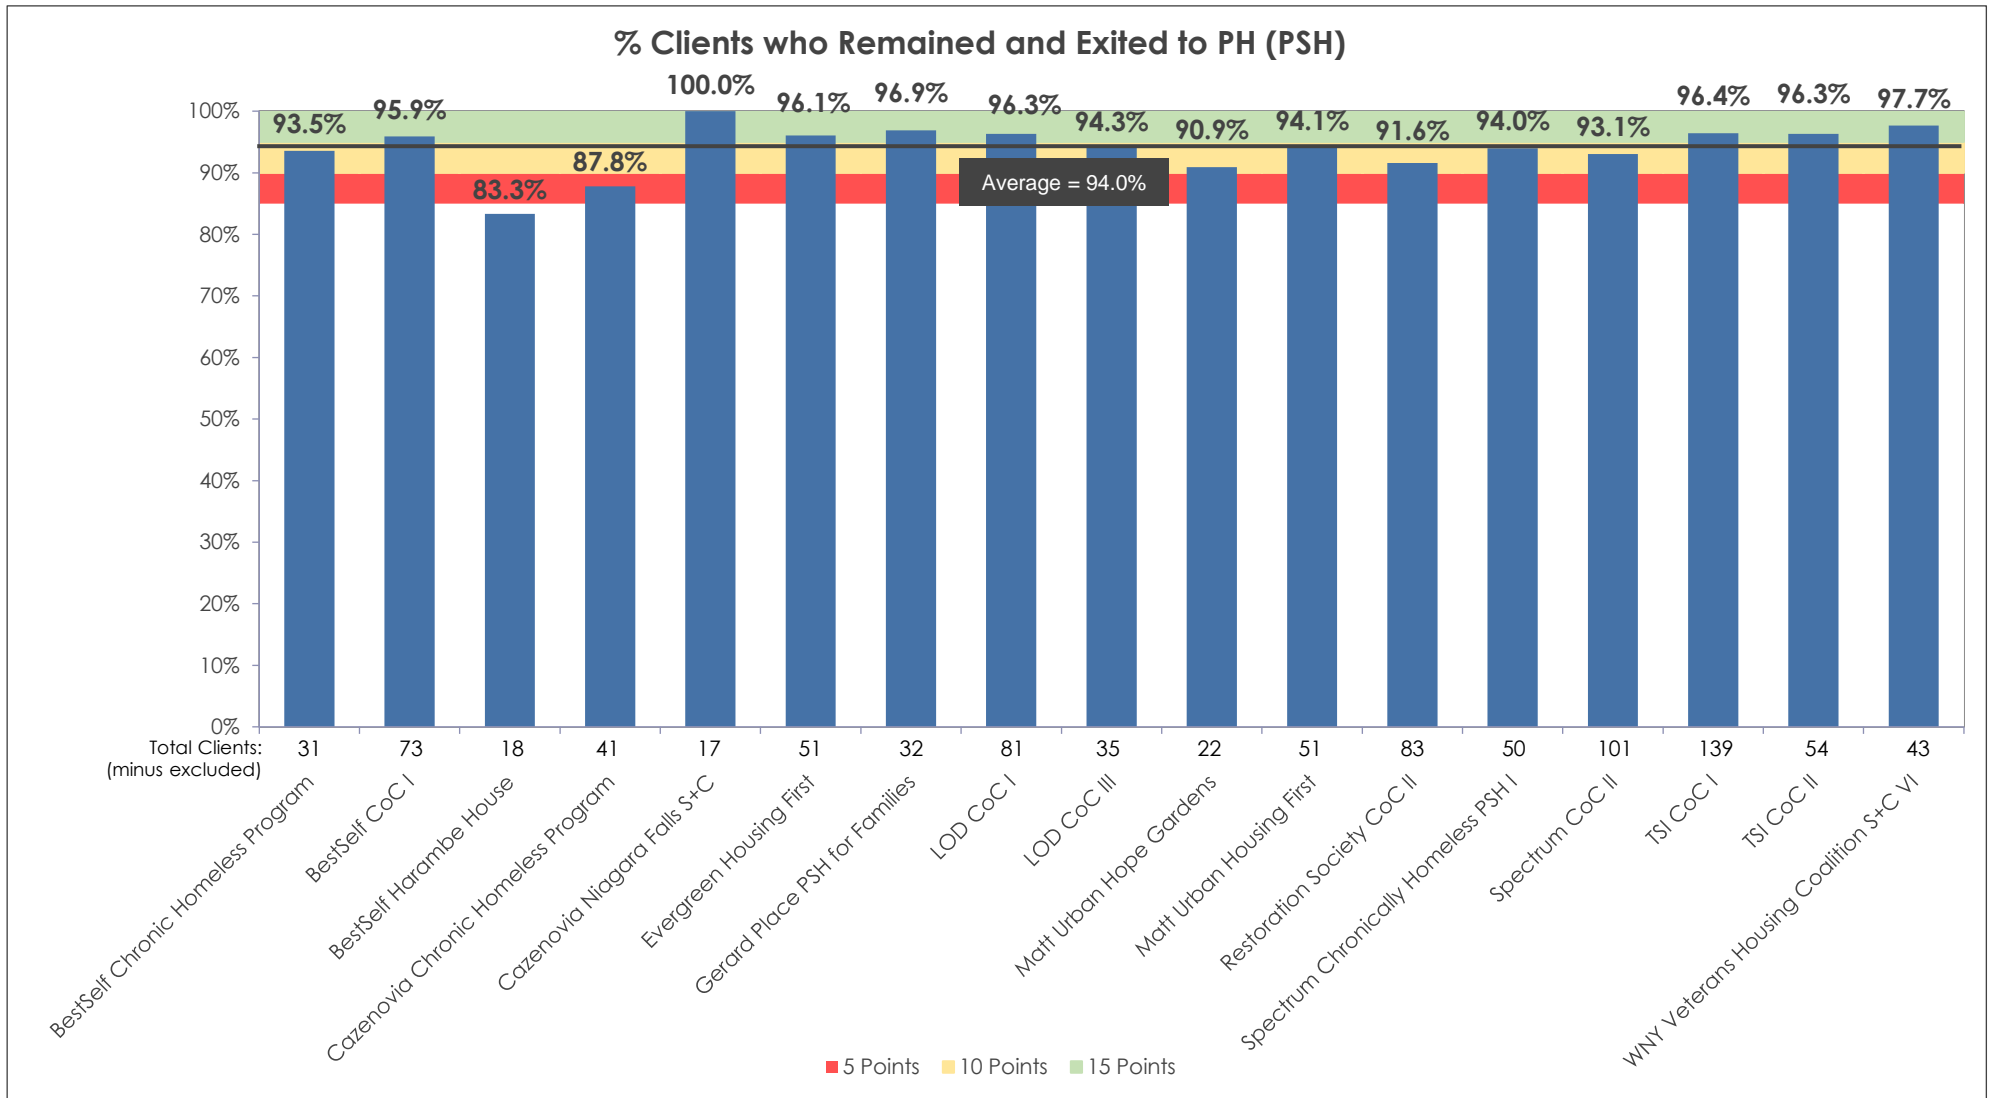

## Permanent Supportive Housing Providers

### Housing Measures

All charts measuring exits exclude people who passed away during the program stay, those who went to foster care, hospitals or other residential non-psychiatric facilities, long term care facilities or nursing homes. The # of program leavers is included in some of the charts to show the total number of exits from each program.

### Remained and Exited to Permanent Housing (PH)

This measure includes those who remained in the PSH program and those who exited to permanent housing destinations. The local benchmark for this measure is the average of all programs.

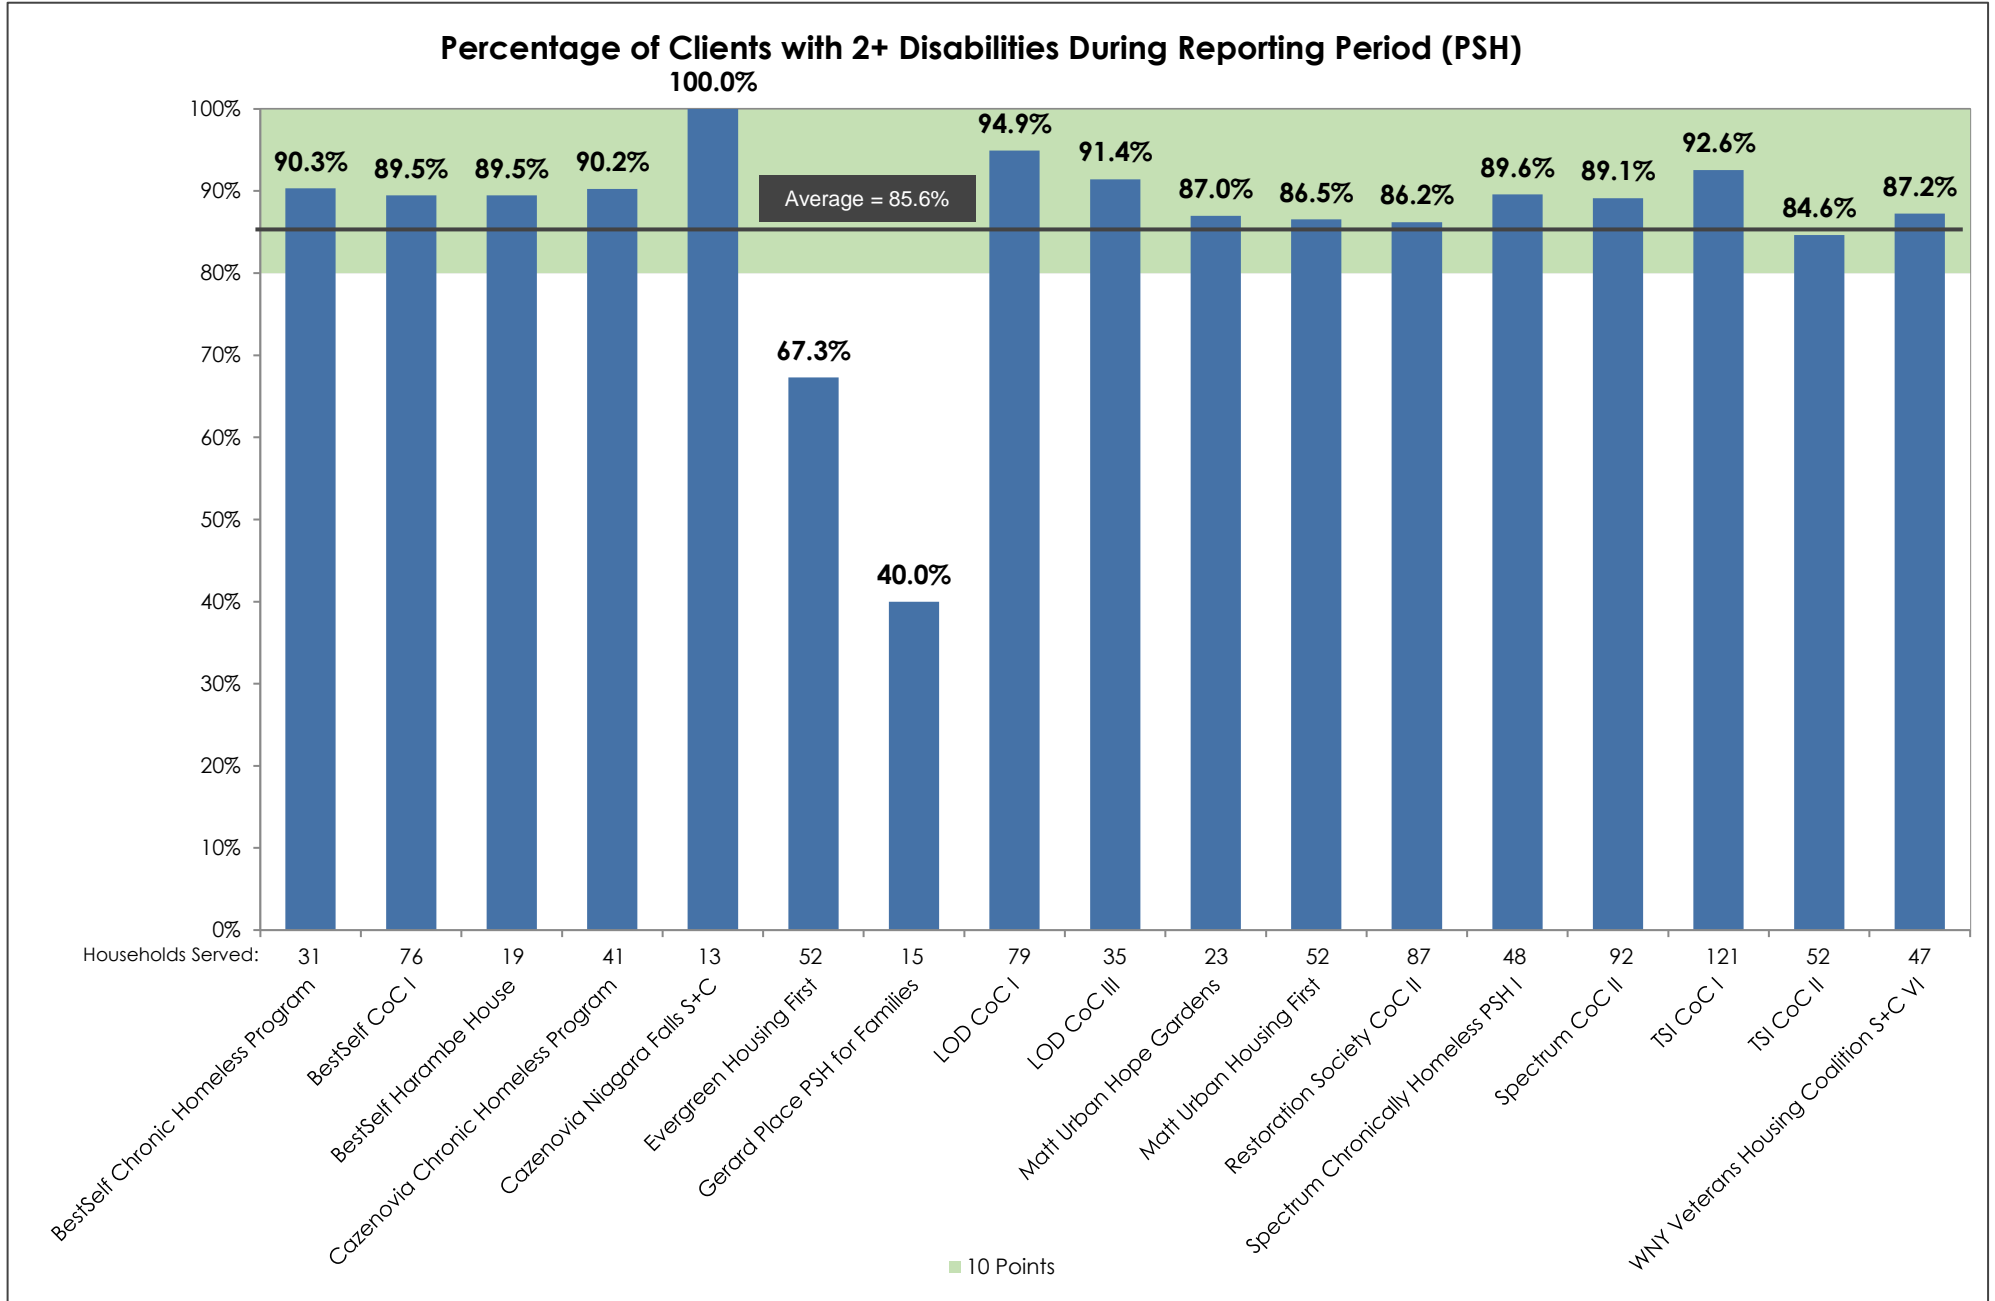

## Positive Turnover Rates

This measure includes only those who left the program and exited to permanent housing destinations based on the total number of clients served. It does not include people who passed away during the program stay, those who went to foster care, hospitals or other residential non-psychiatric facilities, long term care facilities or nursing homes

## Percentage of Clients with Disabilities

As program entry criteria, all PSH clients should at least have one eligible disability. However, many of our clients with higher barriers have more than one disabling condition. This measure is to demonstrate that these programs are taking the highest need clients.

## Income Measures

All income measures only include adults that have exited or been in the program for longer than one year, with an annual assessment completed in the +/- 30-day window. Income is measured from client entry into the program to either the latest annual assessment or exit.

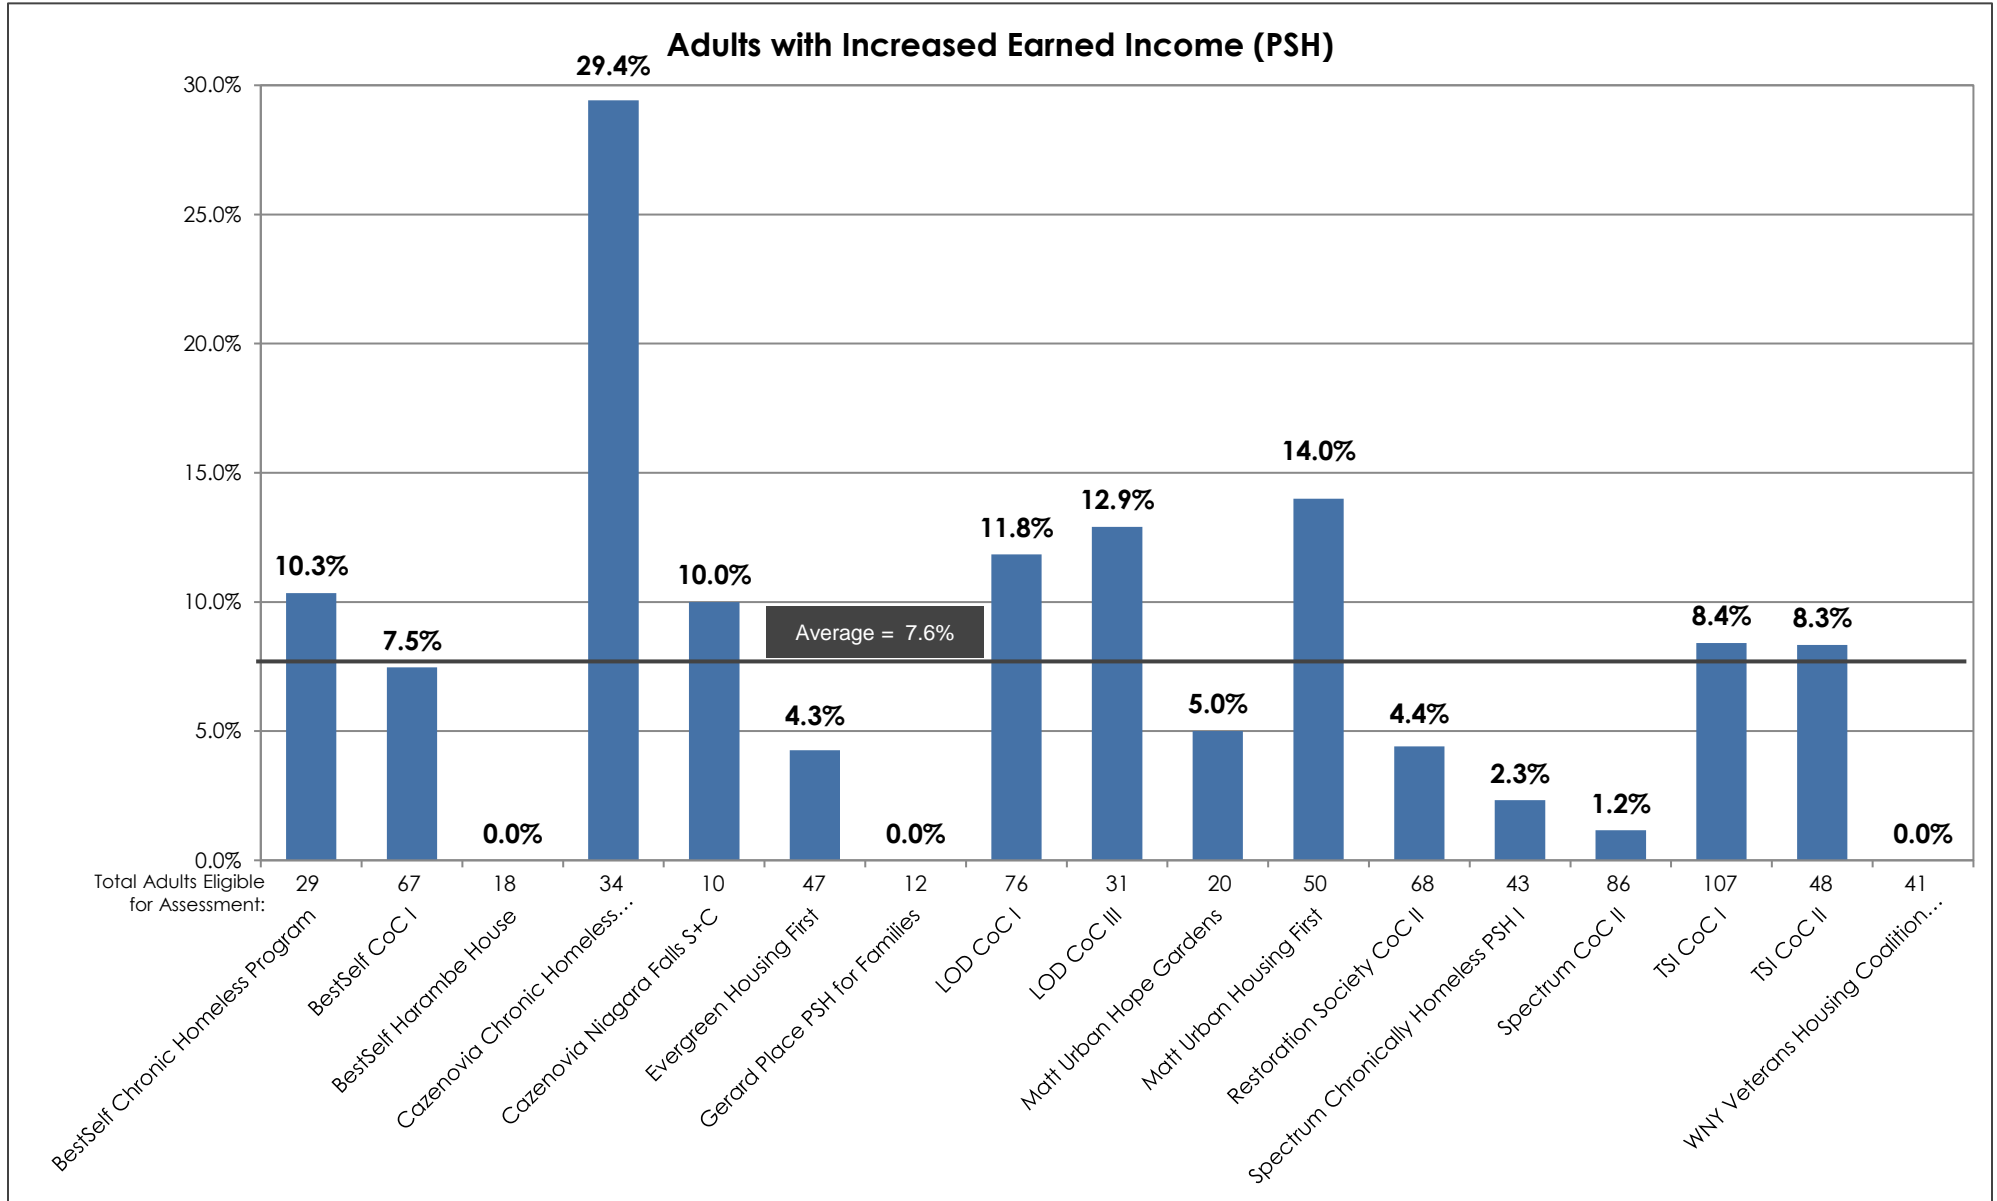

### Maintained or Increased Earned Income for PSH Participants

This measure includes those adults that have maintained employment and those who have maintained or gained employment and increased their amount of earned income. The benchmark for this measure is locally determined as 20%, which is also the HUD benchmark.

## Increased Earned Income for PSH Participants

This measure includes those adults who have either gained employment or received a raise in their earned income. The benchmark for this measure is locally determined as 20%.

## Increased Other Income for PSH Participants

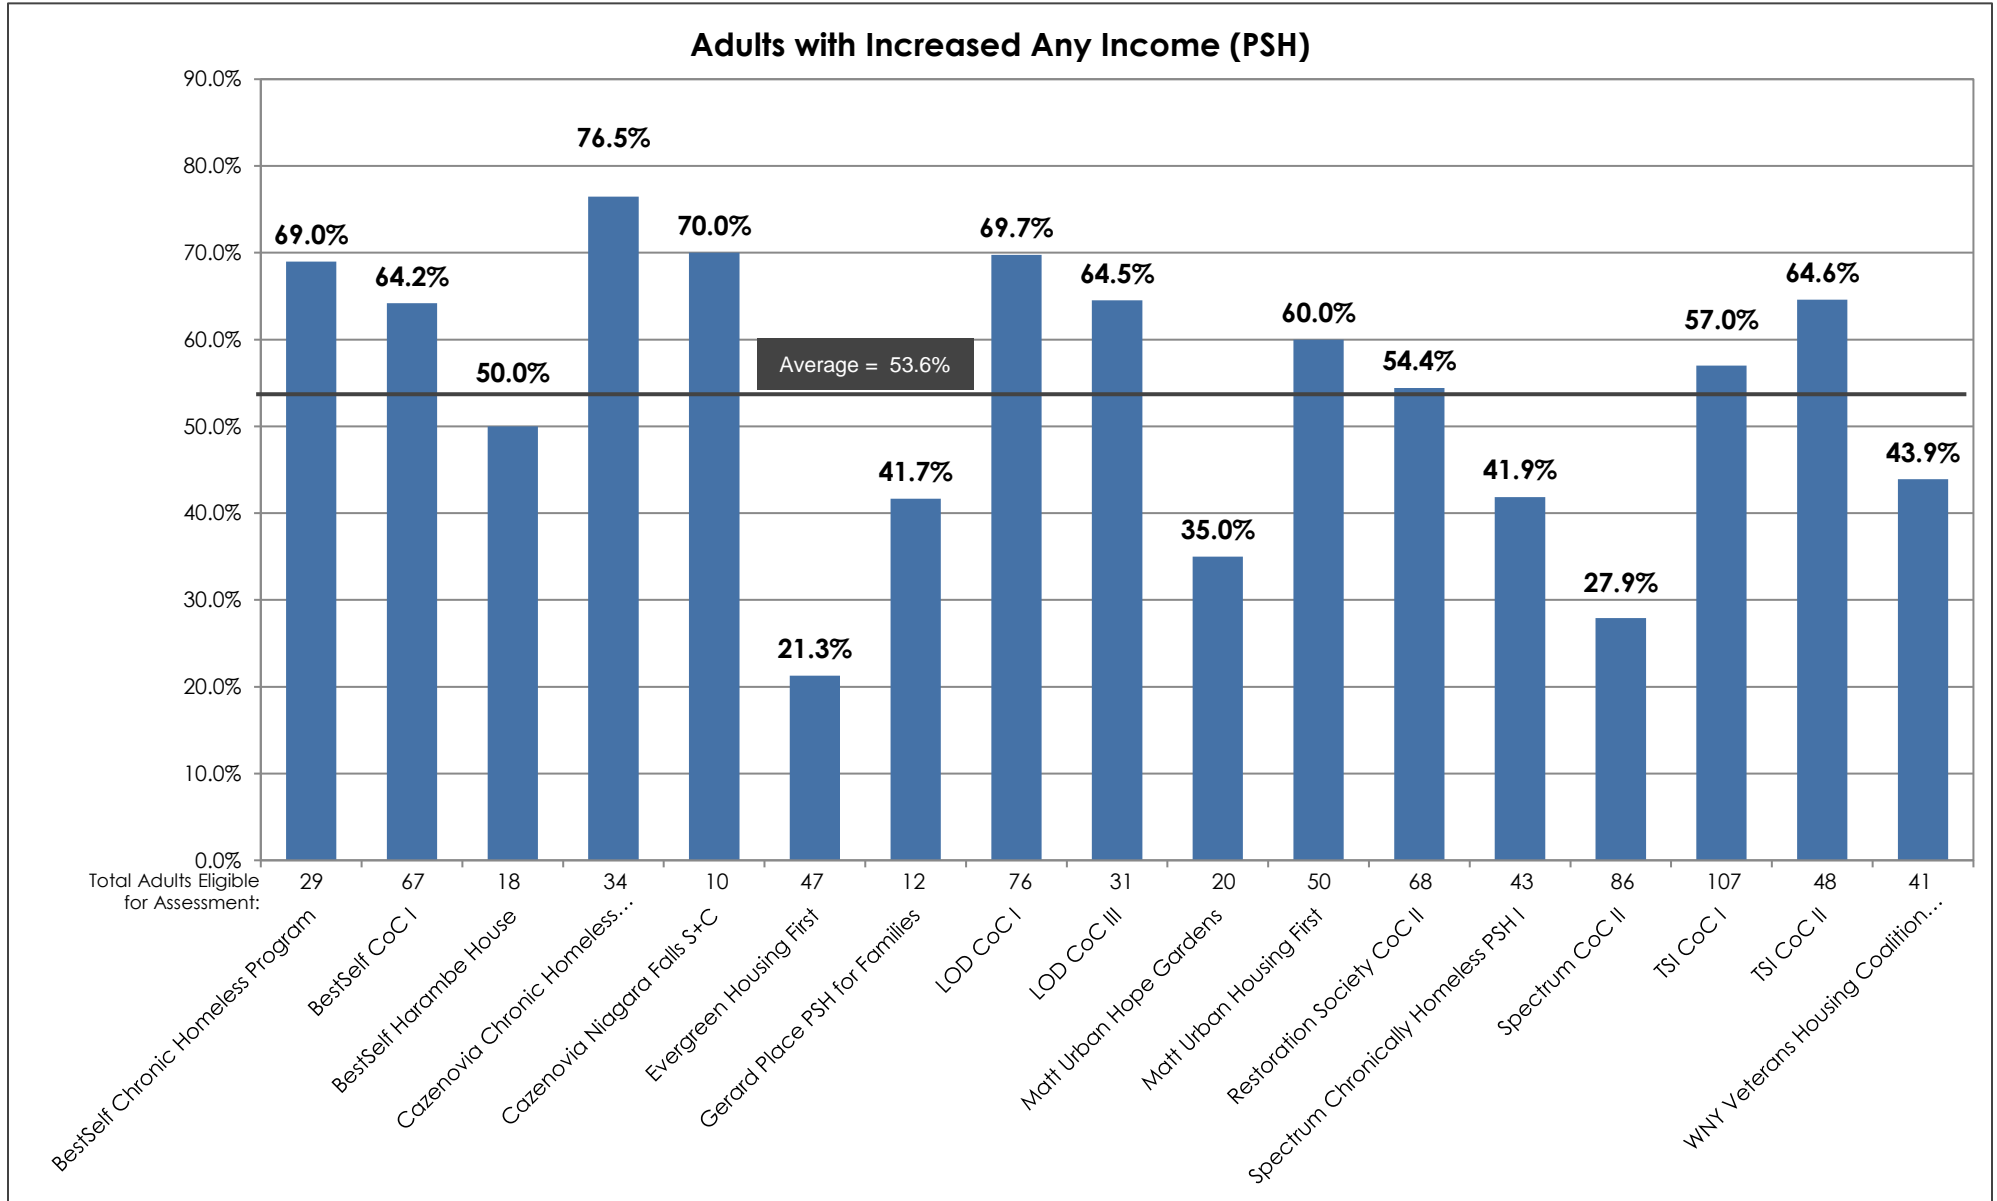

This measure includes those adults who have increased their income (e.g. SSI, SSDI, PA, TANF etc.), excluding employment income.

### Adults with Increased Other Income (PSH)

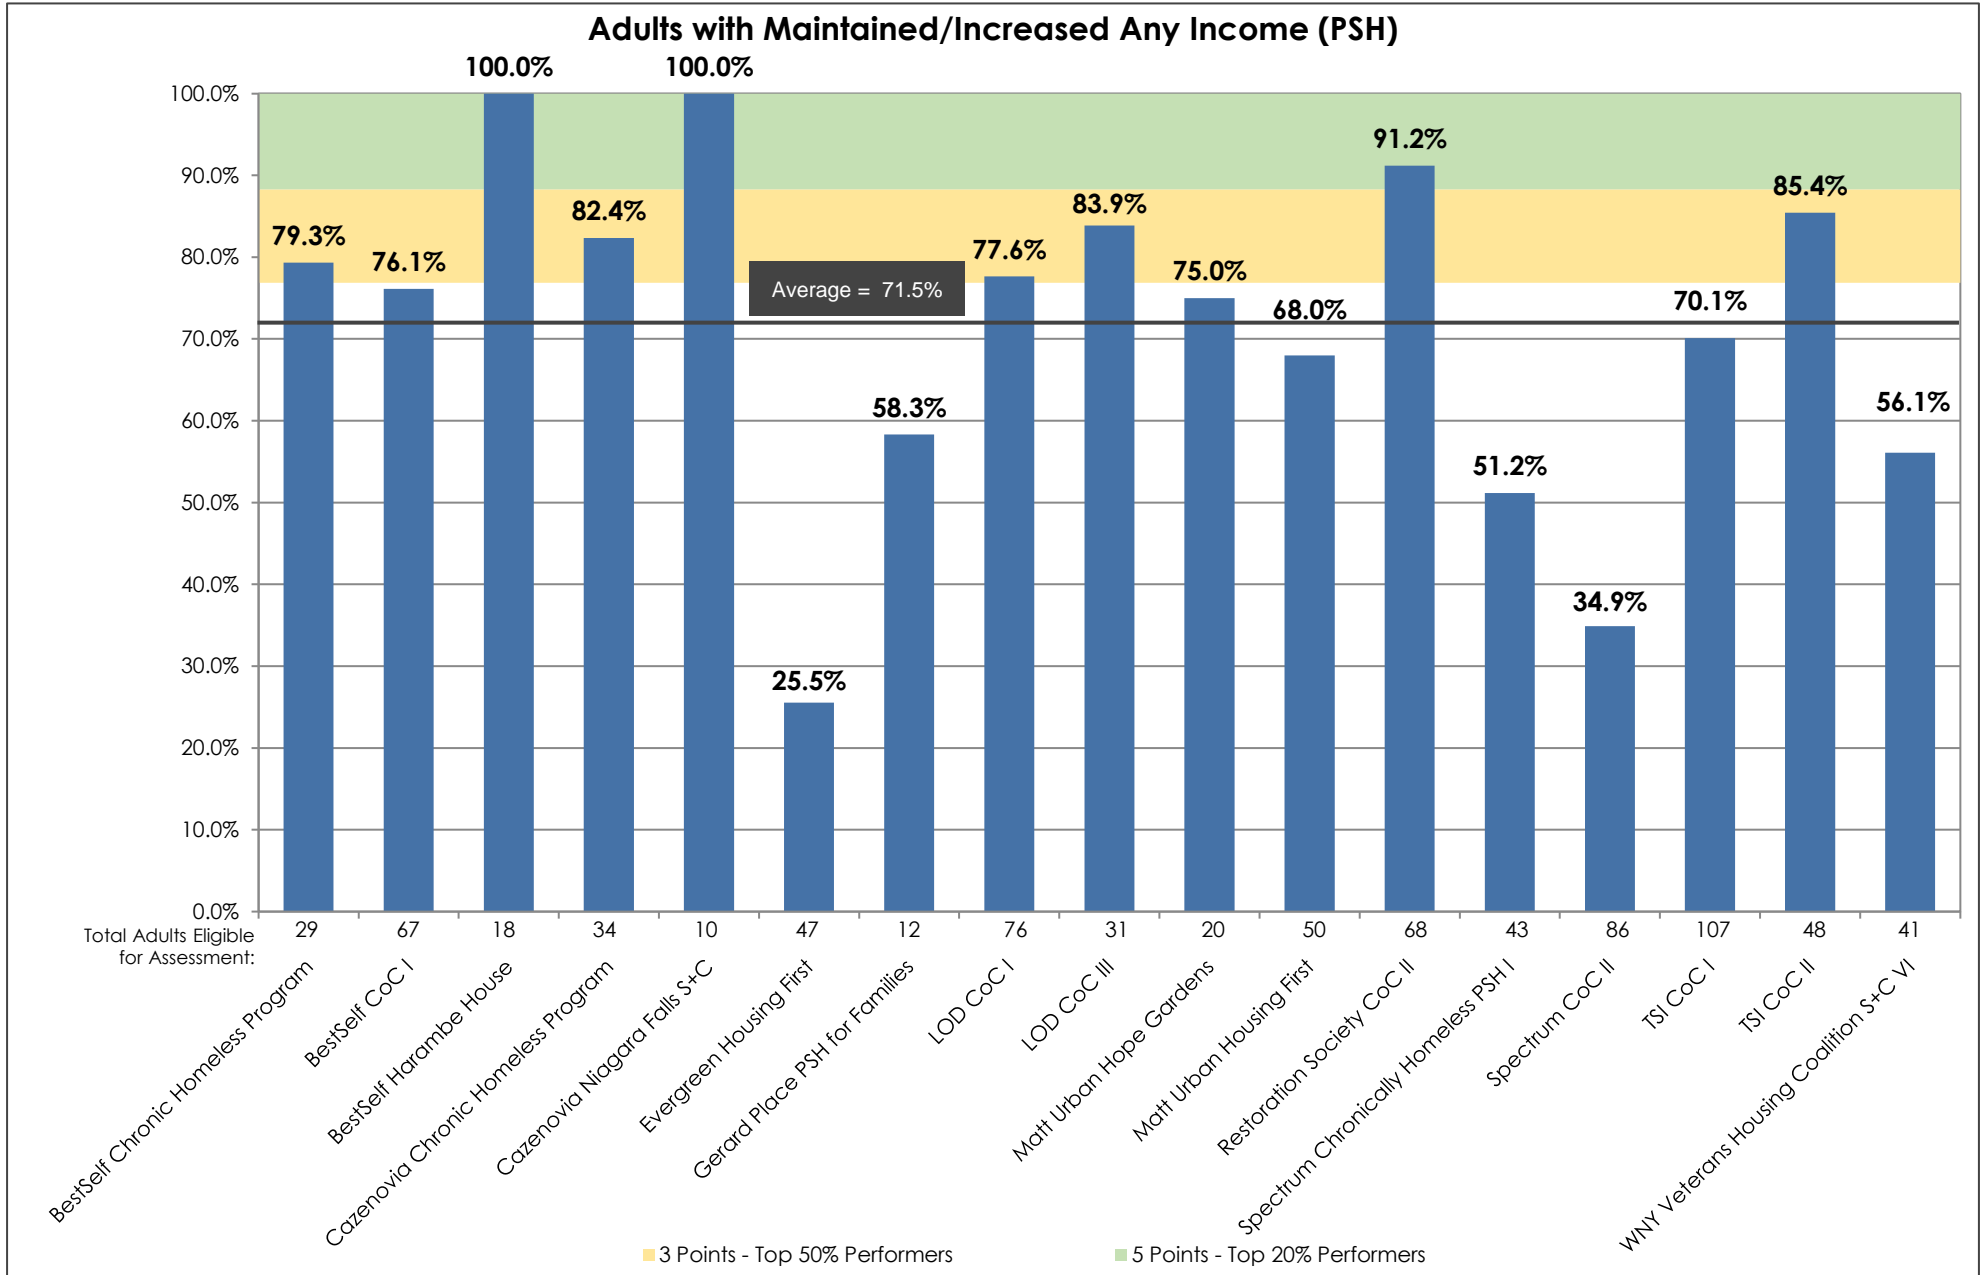

## Increased Any Income for PSH Participants

This measure includes those adults who have increased their cash income from any source, including earned income and benefits (e.g. SSI, SSDI, PA, TANF, etc.).

### Maintained/Increased Any Income for PSH Participants

This measure includes those adults who have increased or retained their cash income from any source, including earned income and benefits (e.g. SSI, SSDI, PA, TANF, etc.).

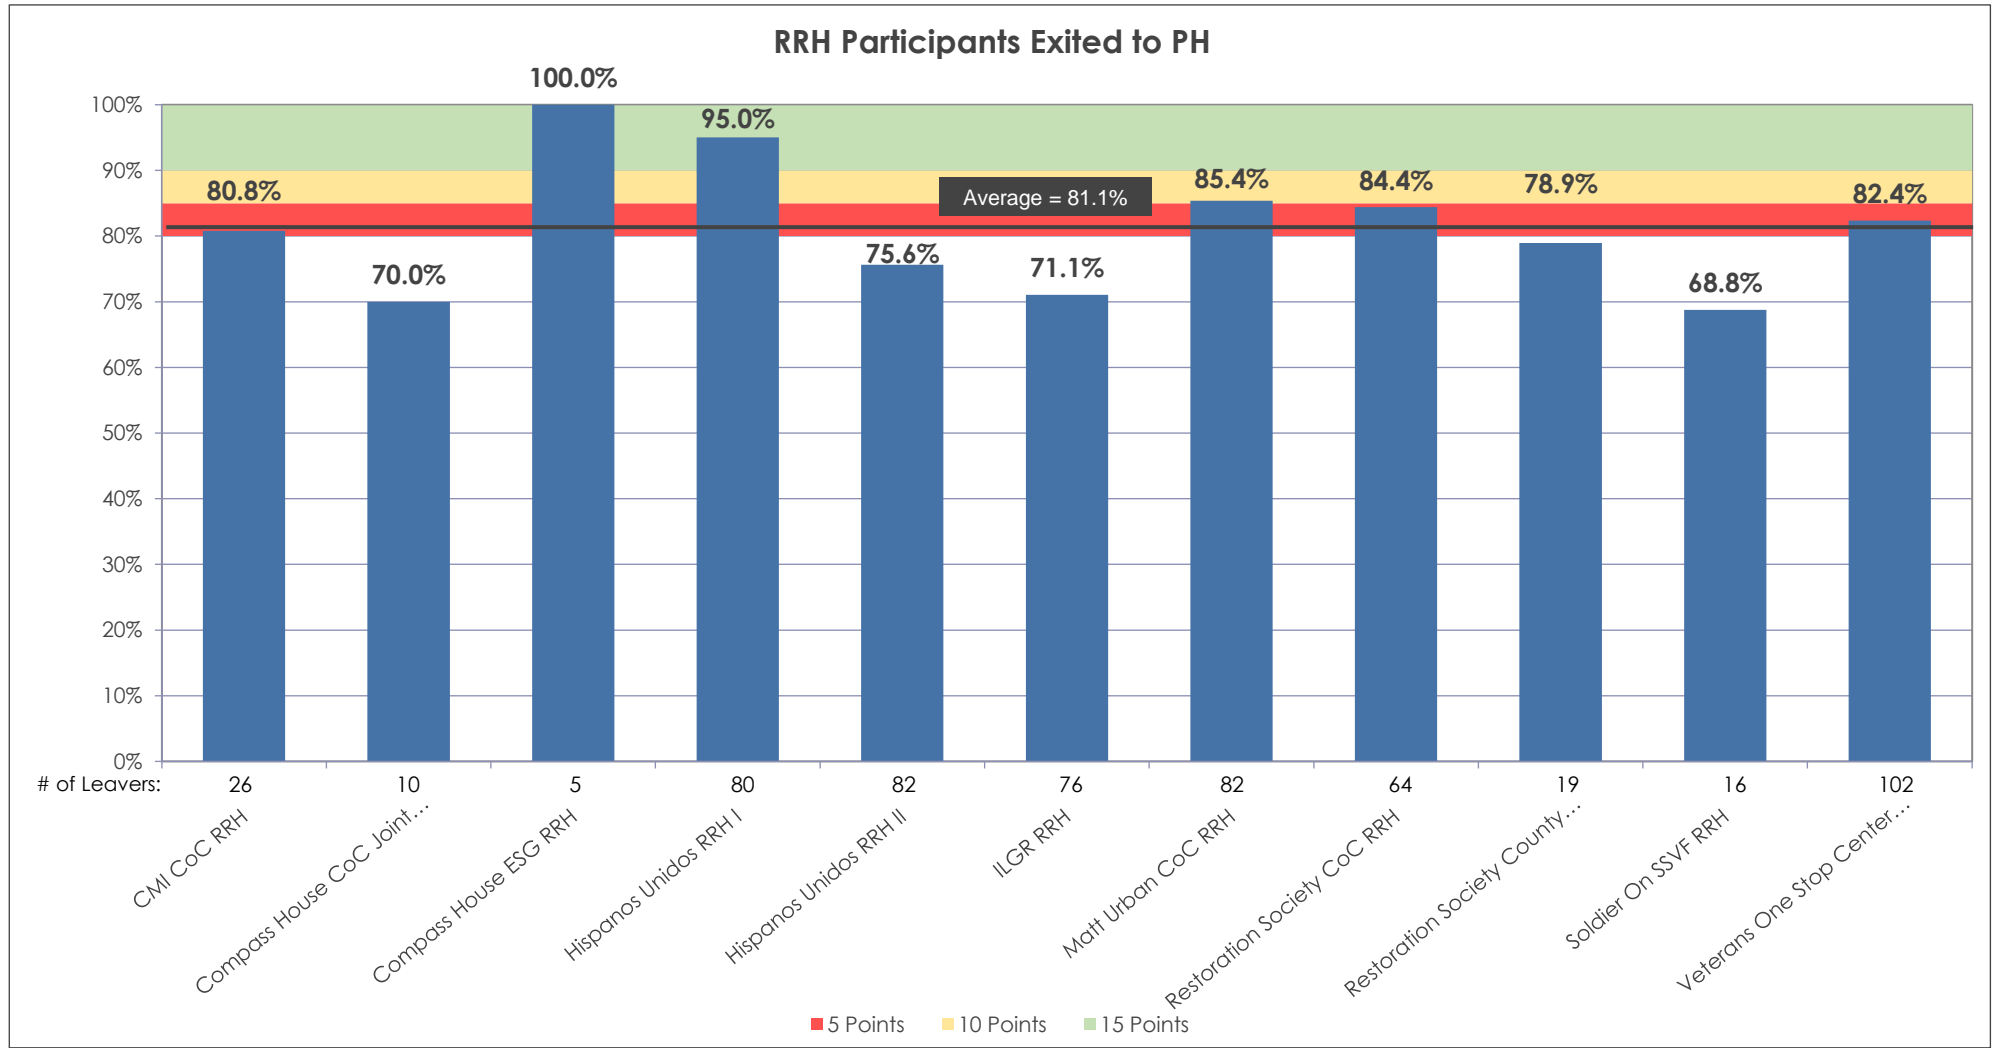

## Rapid Rehousing Providers

### Housing Measures

All charts measuring exits exclude people who passed away during the program stay, those who went to foster care, hospitals or other residential non-psychiatric facilities, long term care facilities or nursing homes.

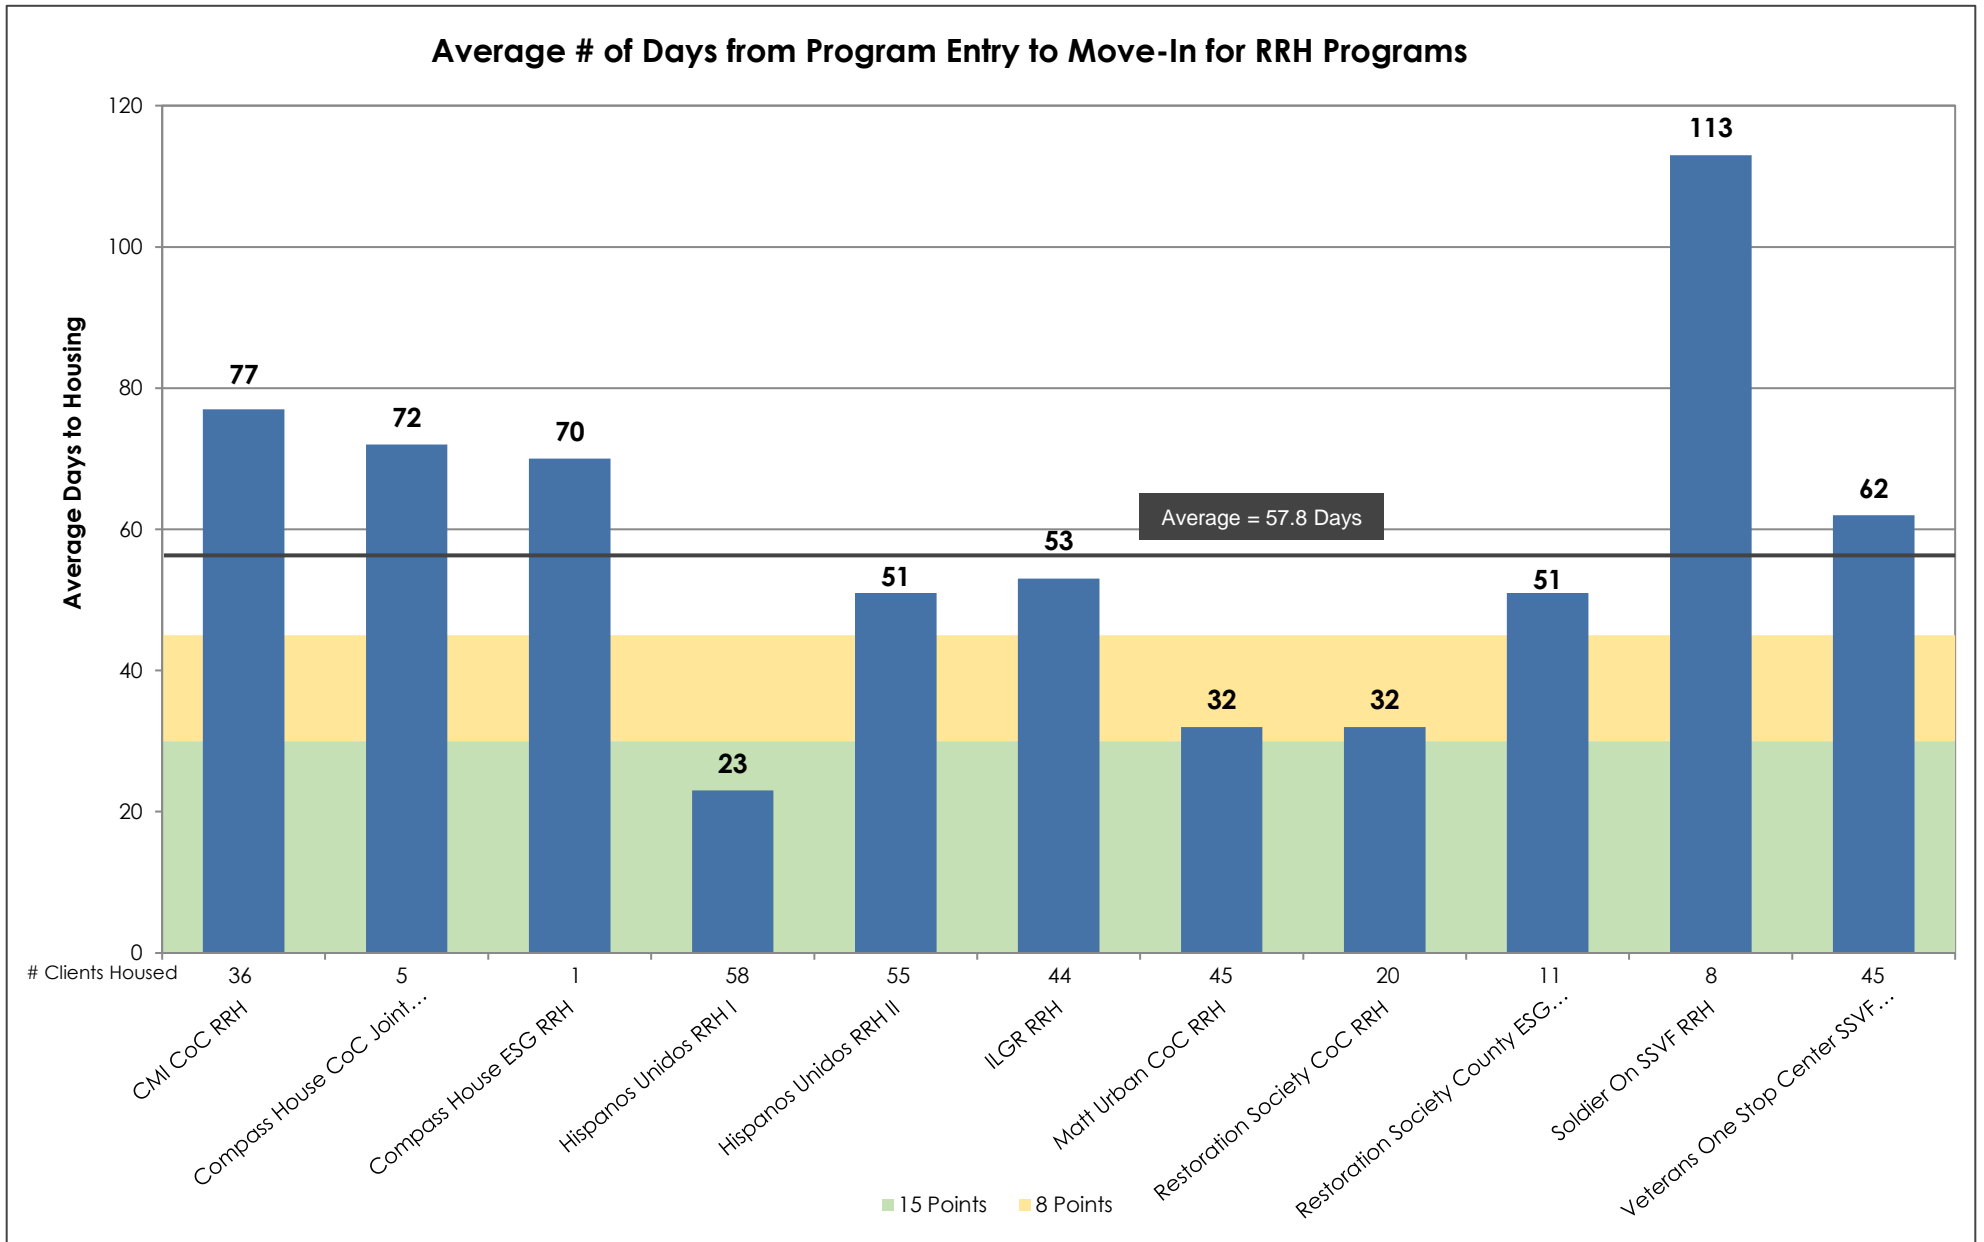

### Exit to Permanent Housing (PH) Destinations

This measure includes only those who left the program and exited to permanent housing destinations, excluding people who passed away during the program stay, those who went to foster care, hospitals or other residential non-psychiatric facilities, long term care facilities or nursing homes. The benchmark for RRH programs is the national benchmark of 80%.

### Length of Time from Program Entry to Move-In Date

For RRH programs, this measure is an average of the number of days from RRH program admission to move-in to permanent housing for those who have an admission date and a move-in date. The NAEH benchmark for this measure is an average of 30 days.

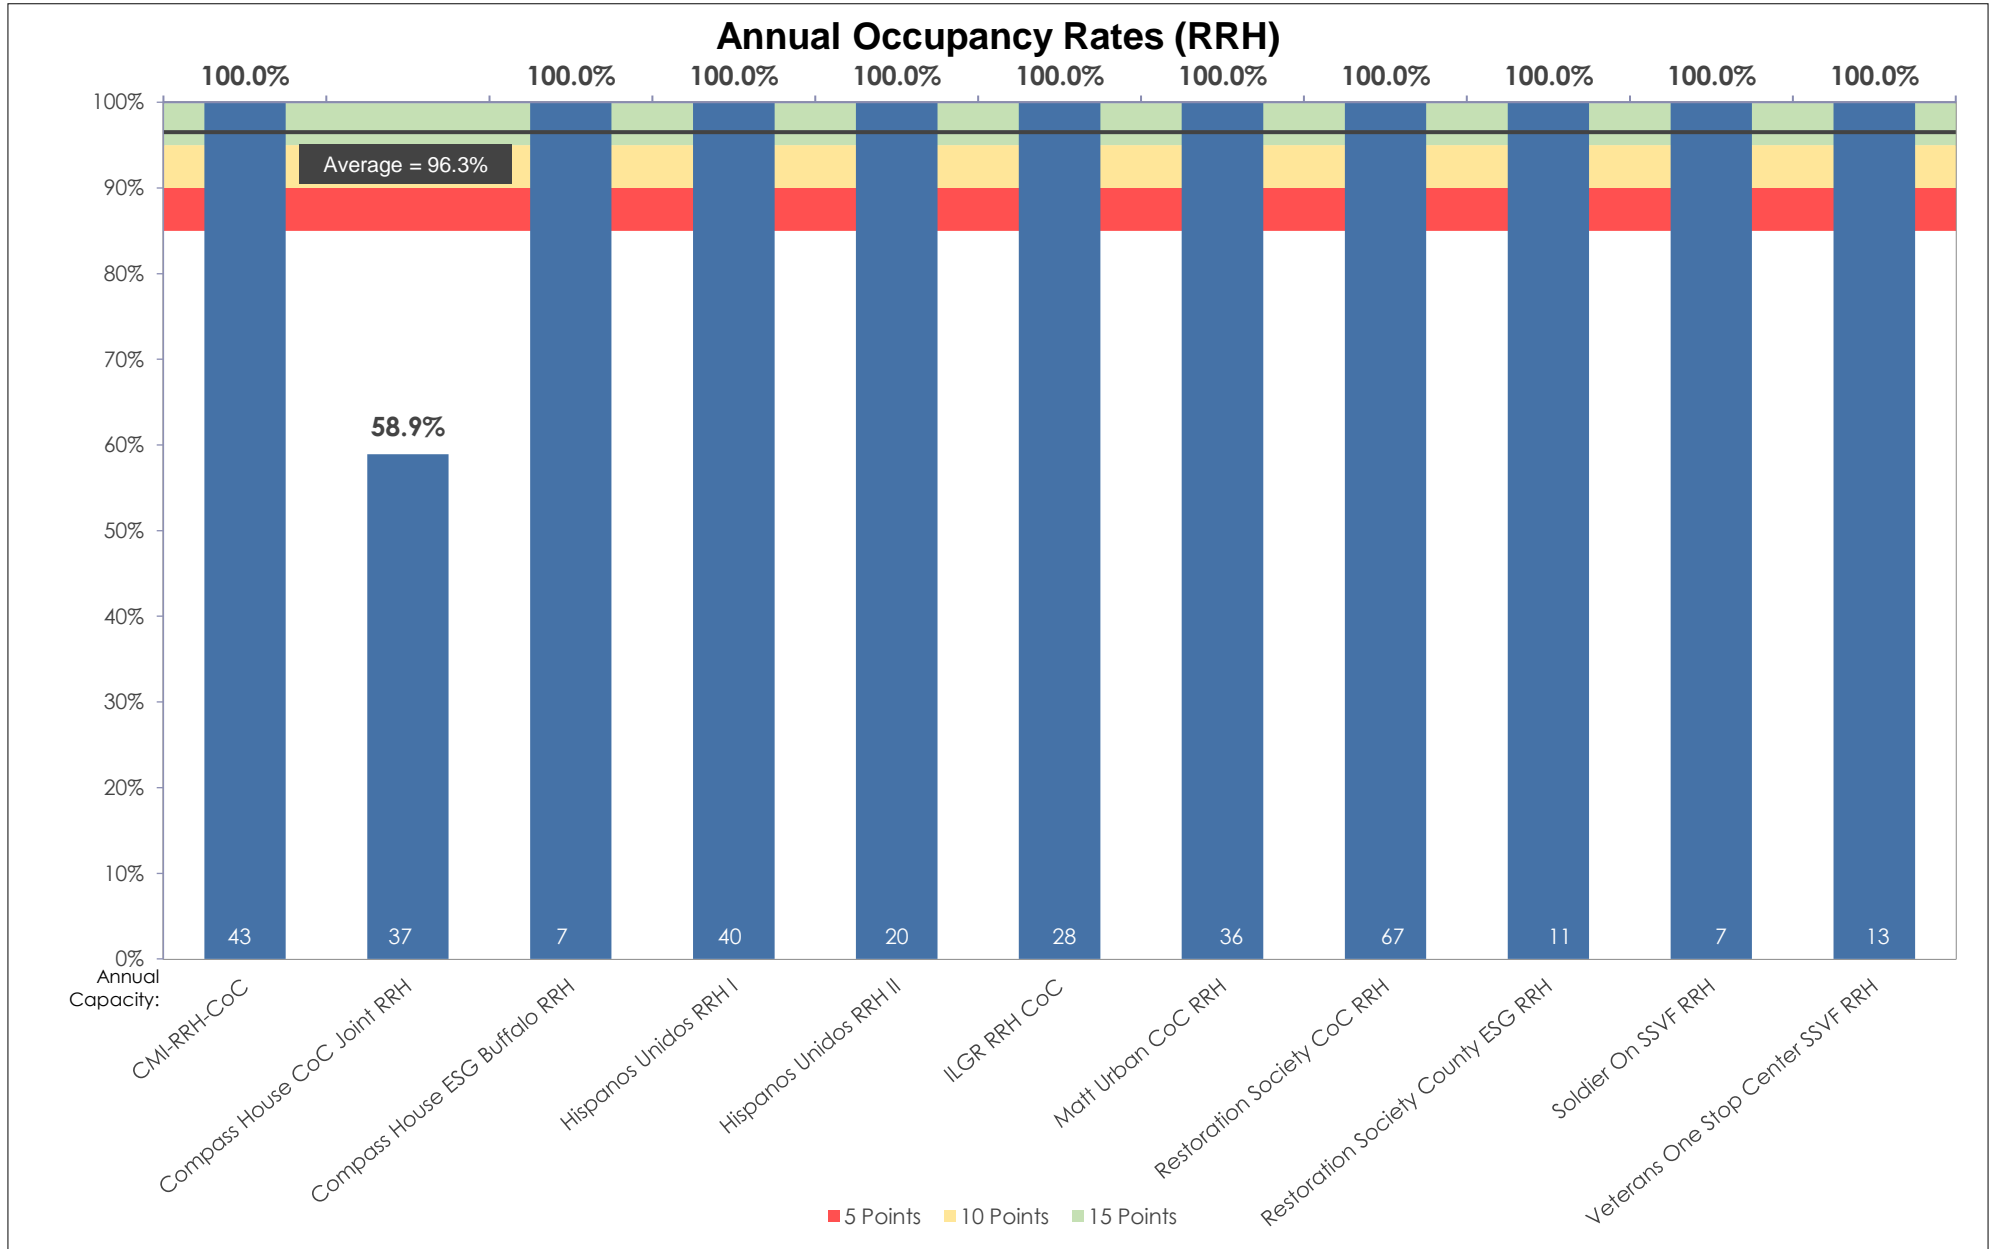

## Breakdown of How Long it Takes to House RRH Clients

### Breaking Down How Long it Takes to House Clients - RRH

## Annual Occupancy Rates

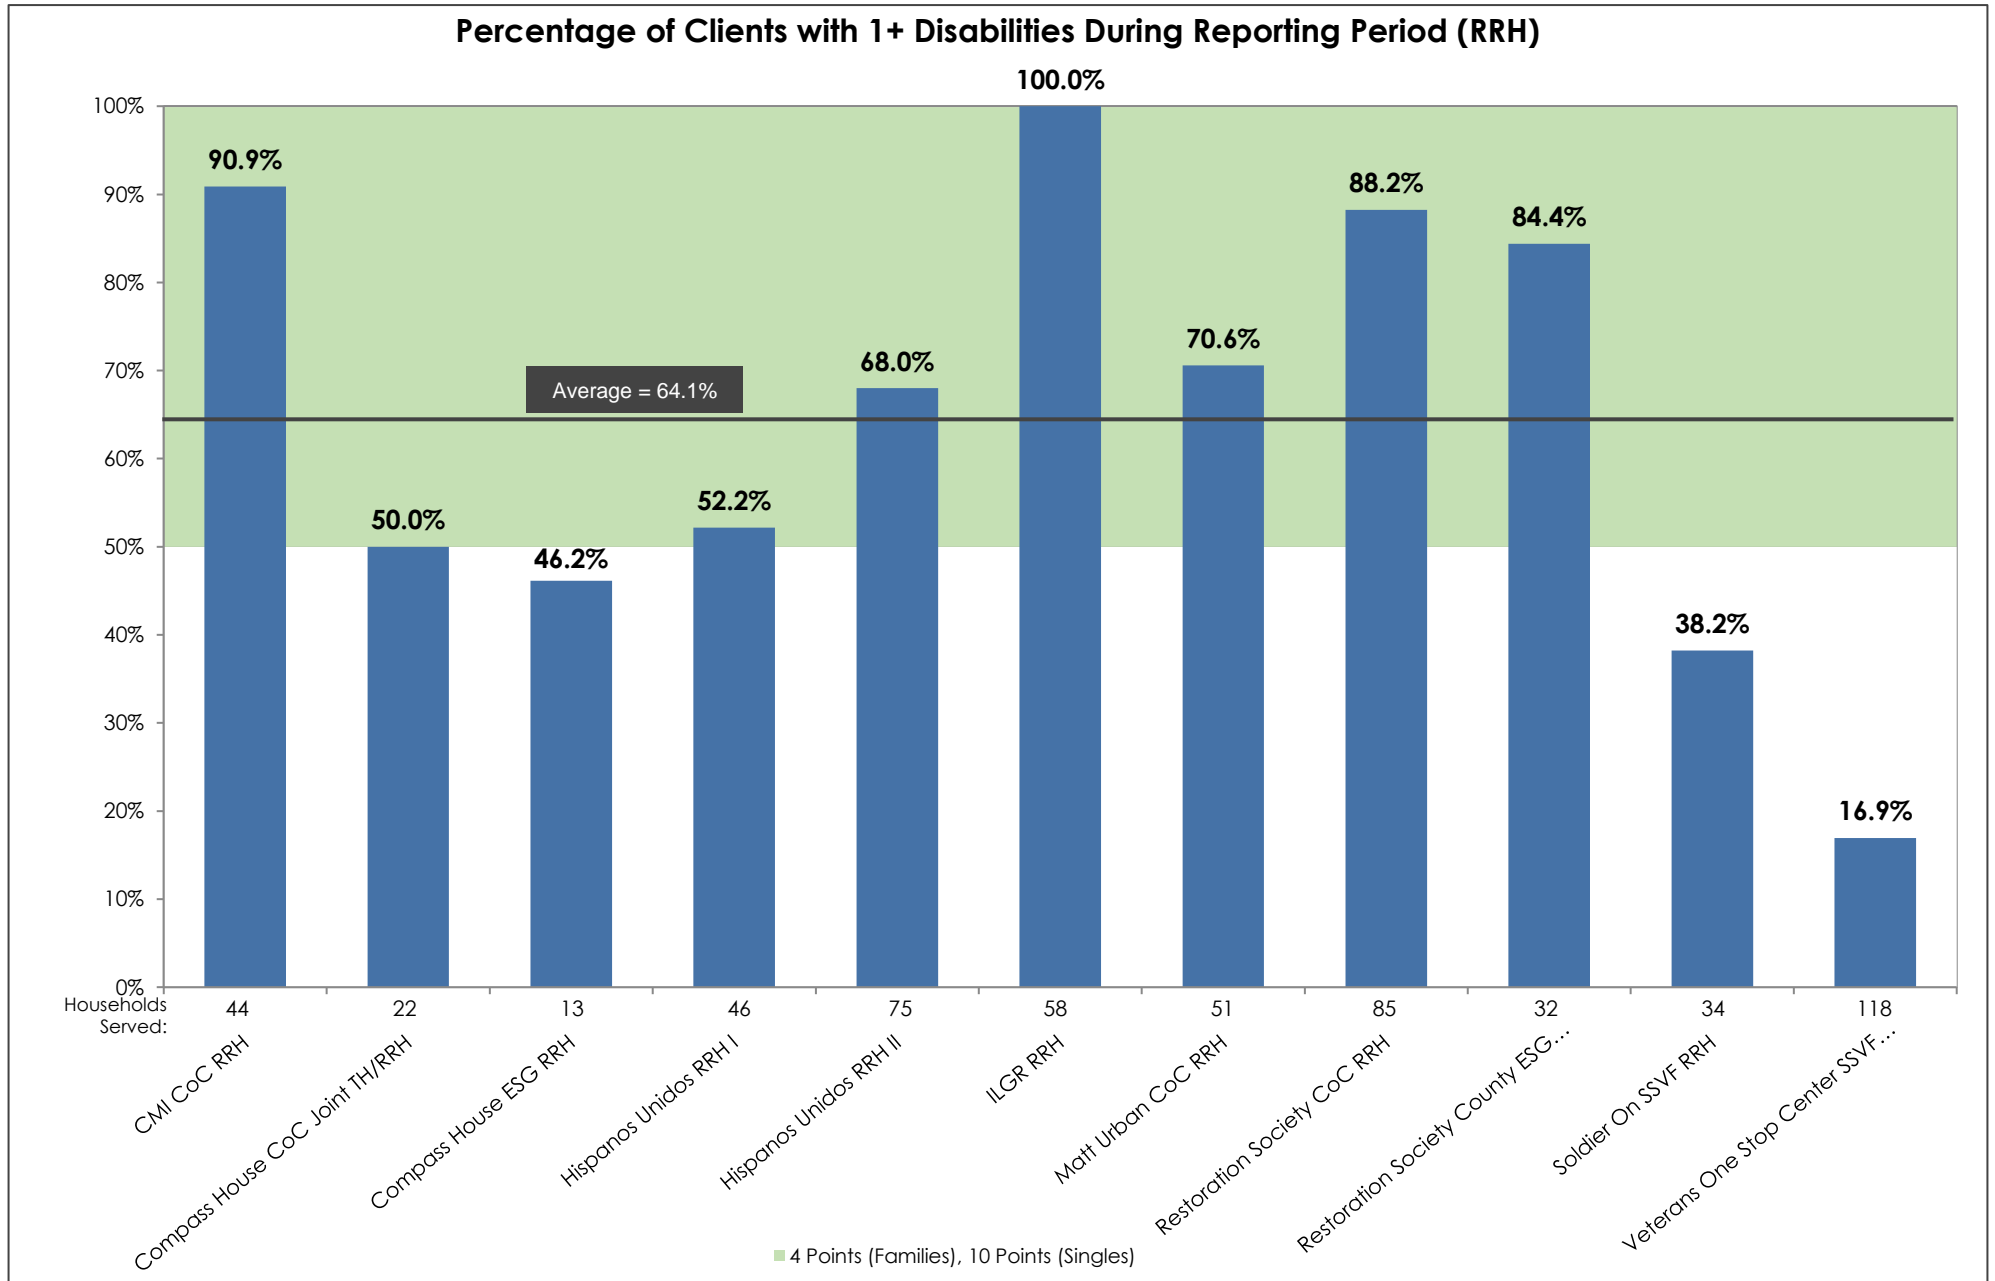

For RRH programs, occupancy is measured two ways. The second is based on how many households were served during the reporting period compared to the projected number of households the program will serve. The projected value is determined using the program's total grant value and dividing it by \$5,000.

## Percentage of Clients with Disabilities

As program entry criteria, RRH is not required to have a disabling condition. However, many of our clients with higher barriers have one or more disabling condition. This measure is to demonstrate that these programs are taking the highest need clients.

### Percentage of Clients with 1+ Disabilities During Reporting Period (RRH)

## Income Measures

All income measures only include adults that have exited or been in the program for longer than one year, with an annual assessment completed in the +/- 30 day window. Income is measured from client entry into the program to either the latest annual assessment or exit.

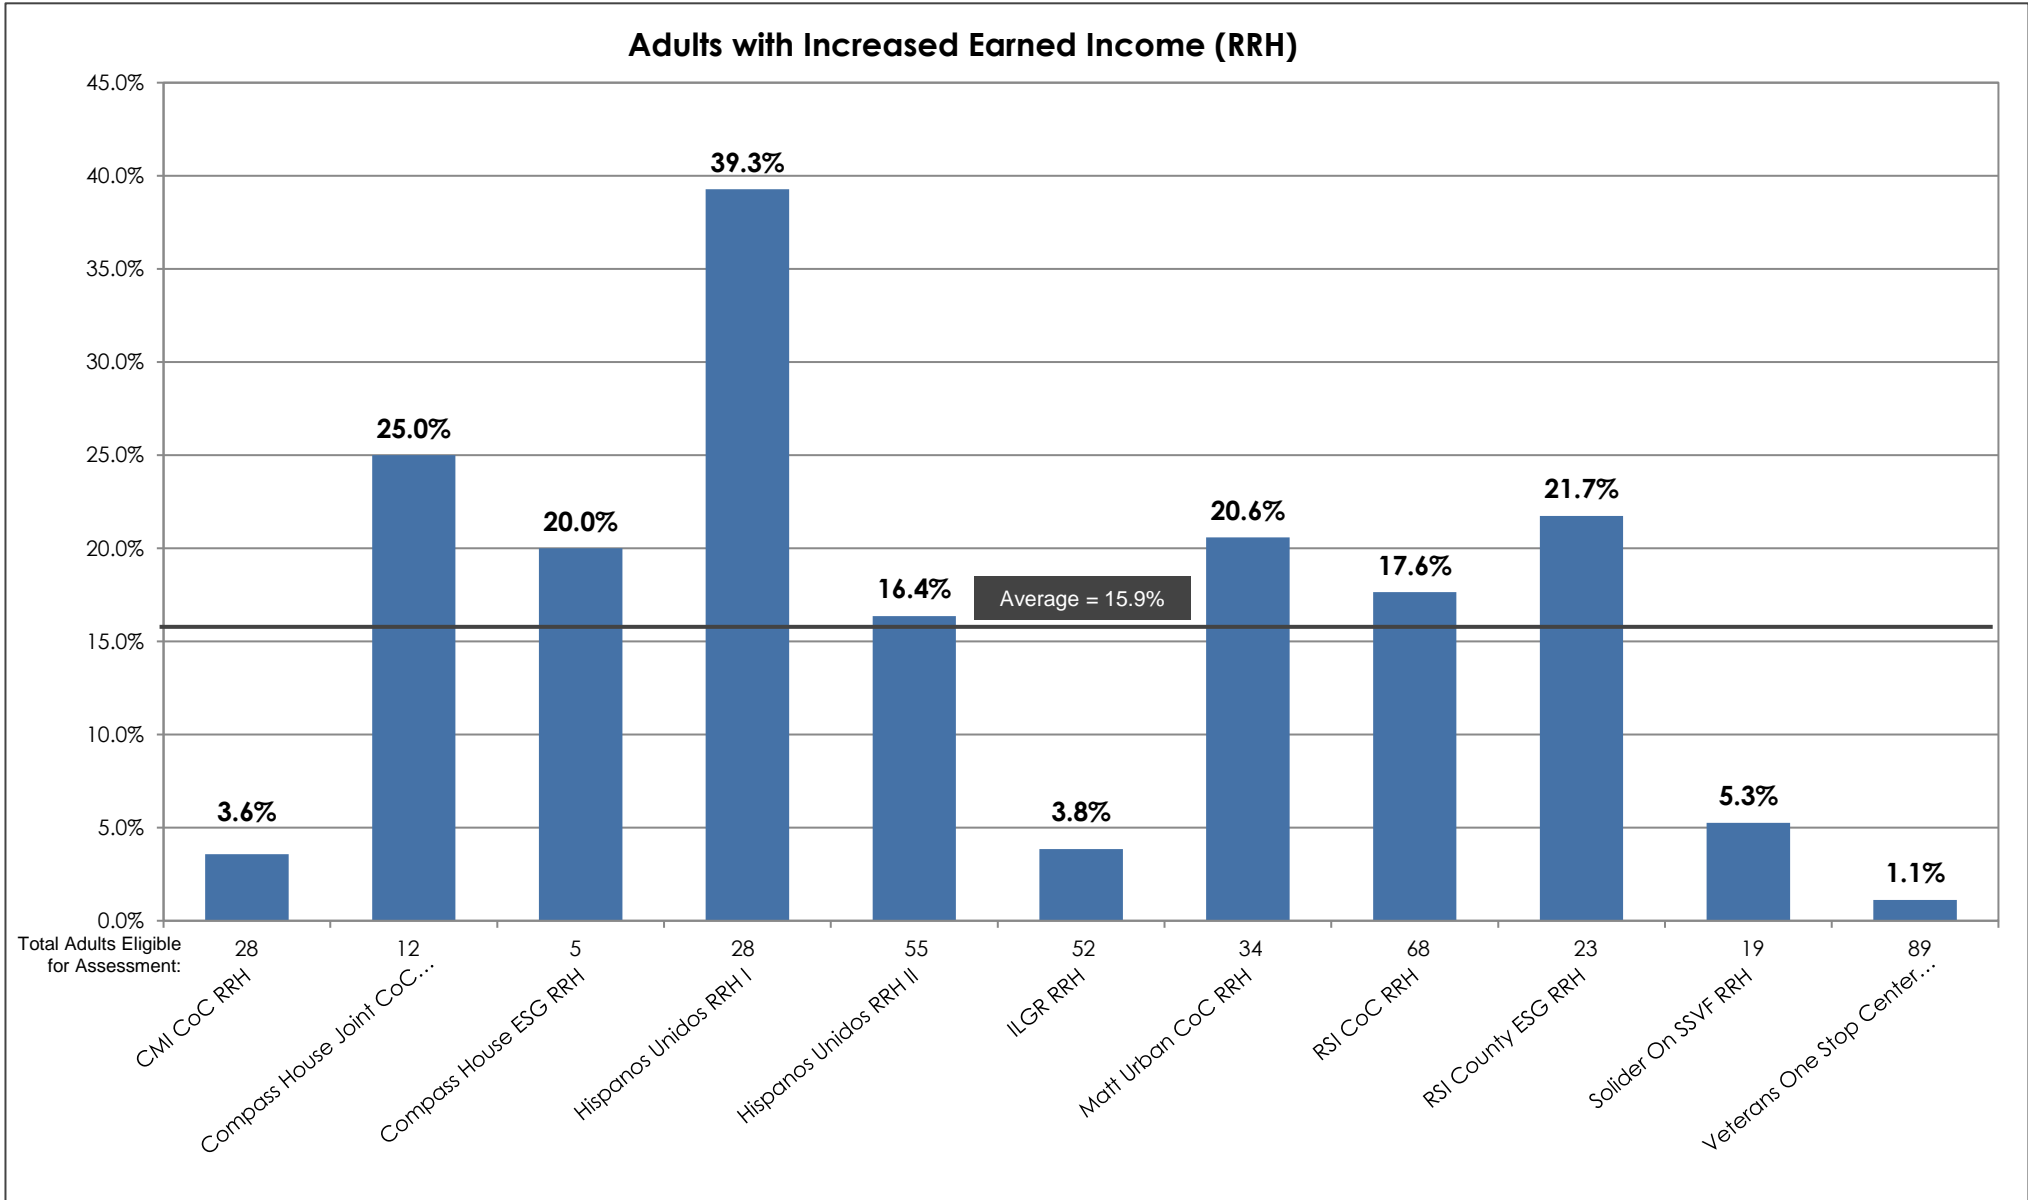

### Maintained or Increased Earned Income for RRH Participants

This measure includes those adults that have maintained employment and those who have maintained or gained employment and increased their amount of earned income. The benchmark for this measure is locally determined as 20%, which is also the HUD benchmark.

## Increased Earned Income for RRH Participants

This measure includes those adults who have either gained employment or received a raise in their earned income. The benchmark for this measure is locally determined as 20%.

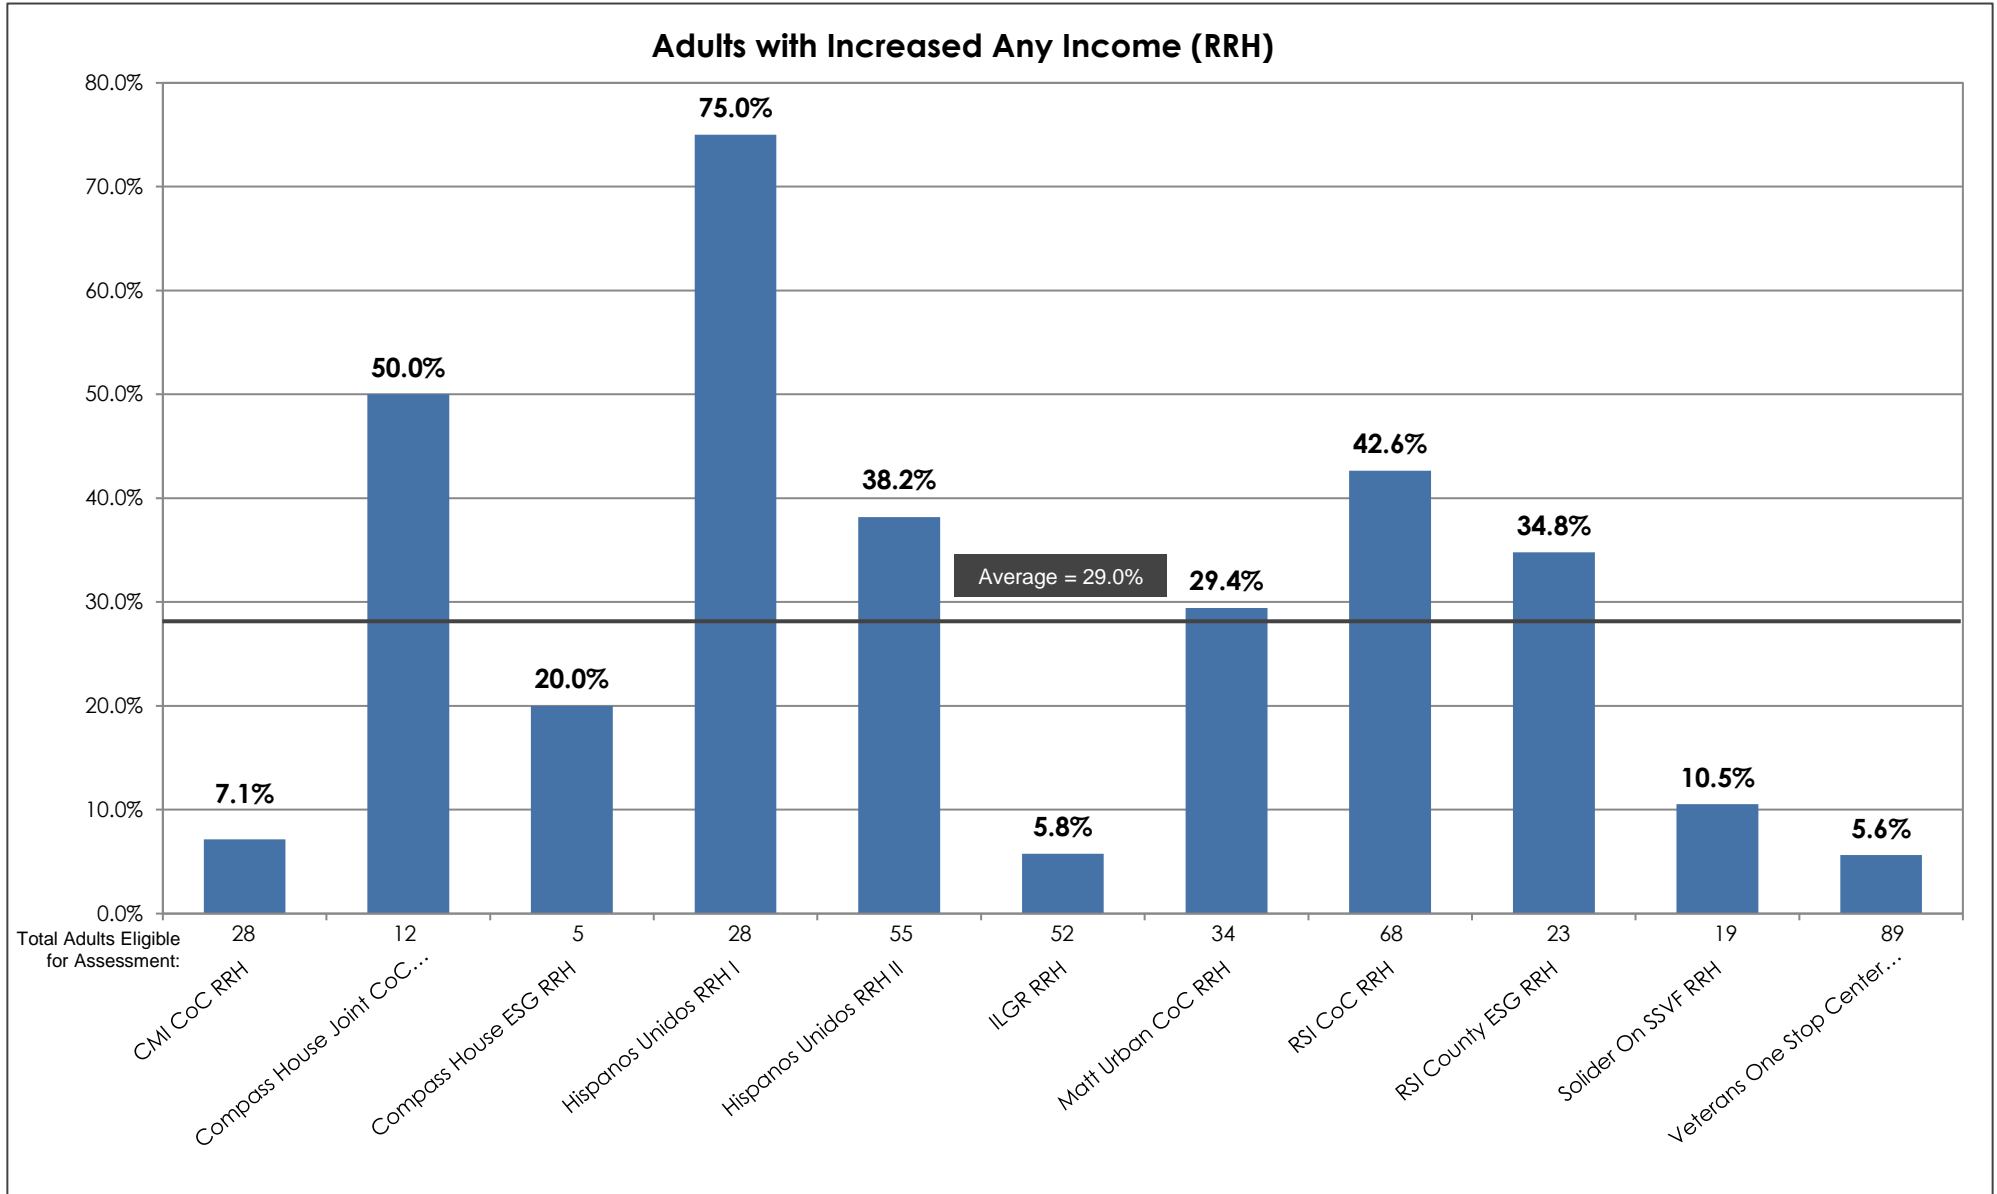

## Increased Other Income for RRH Participants

This measure includes those adults who have increased their income (e.g. SSI, SSDI, PA, TANF etc.), excluding employment income.

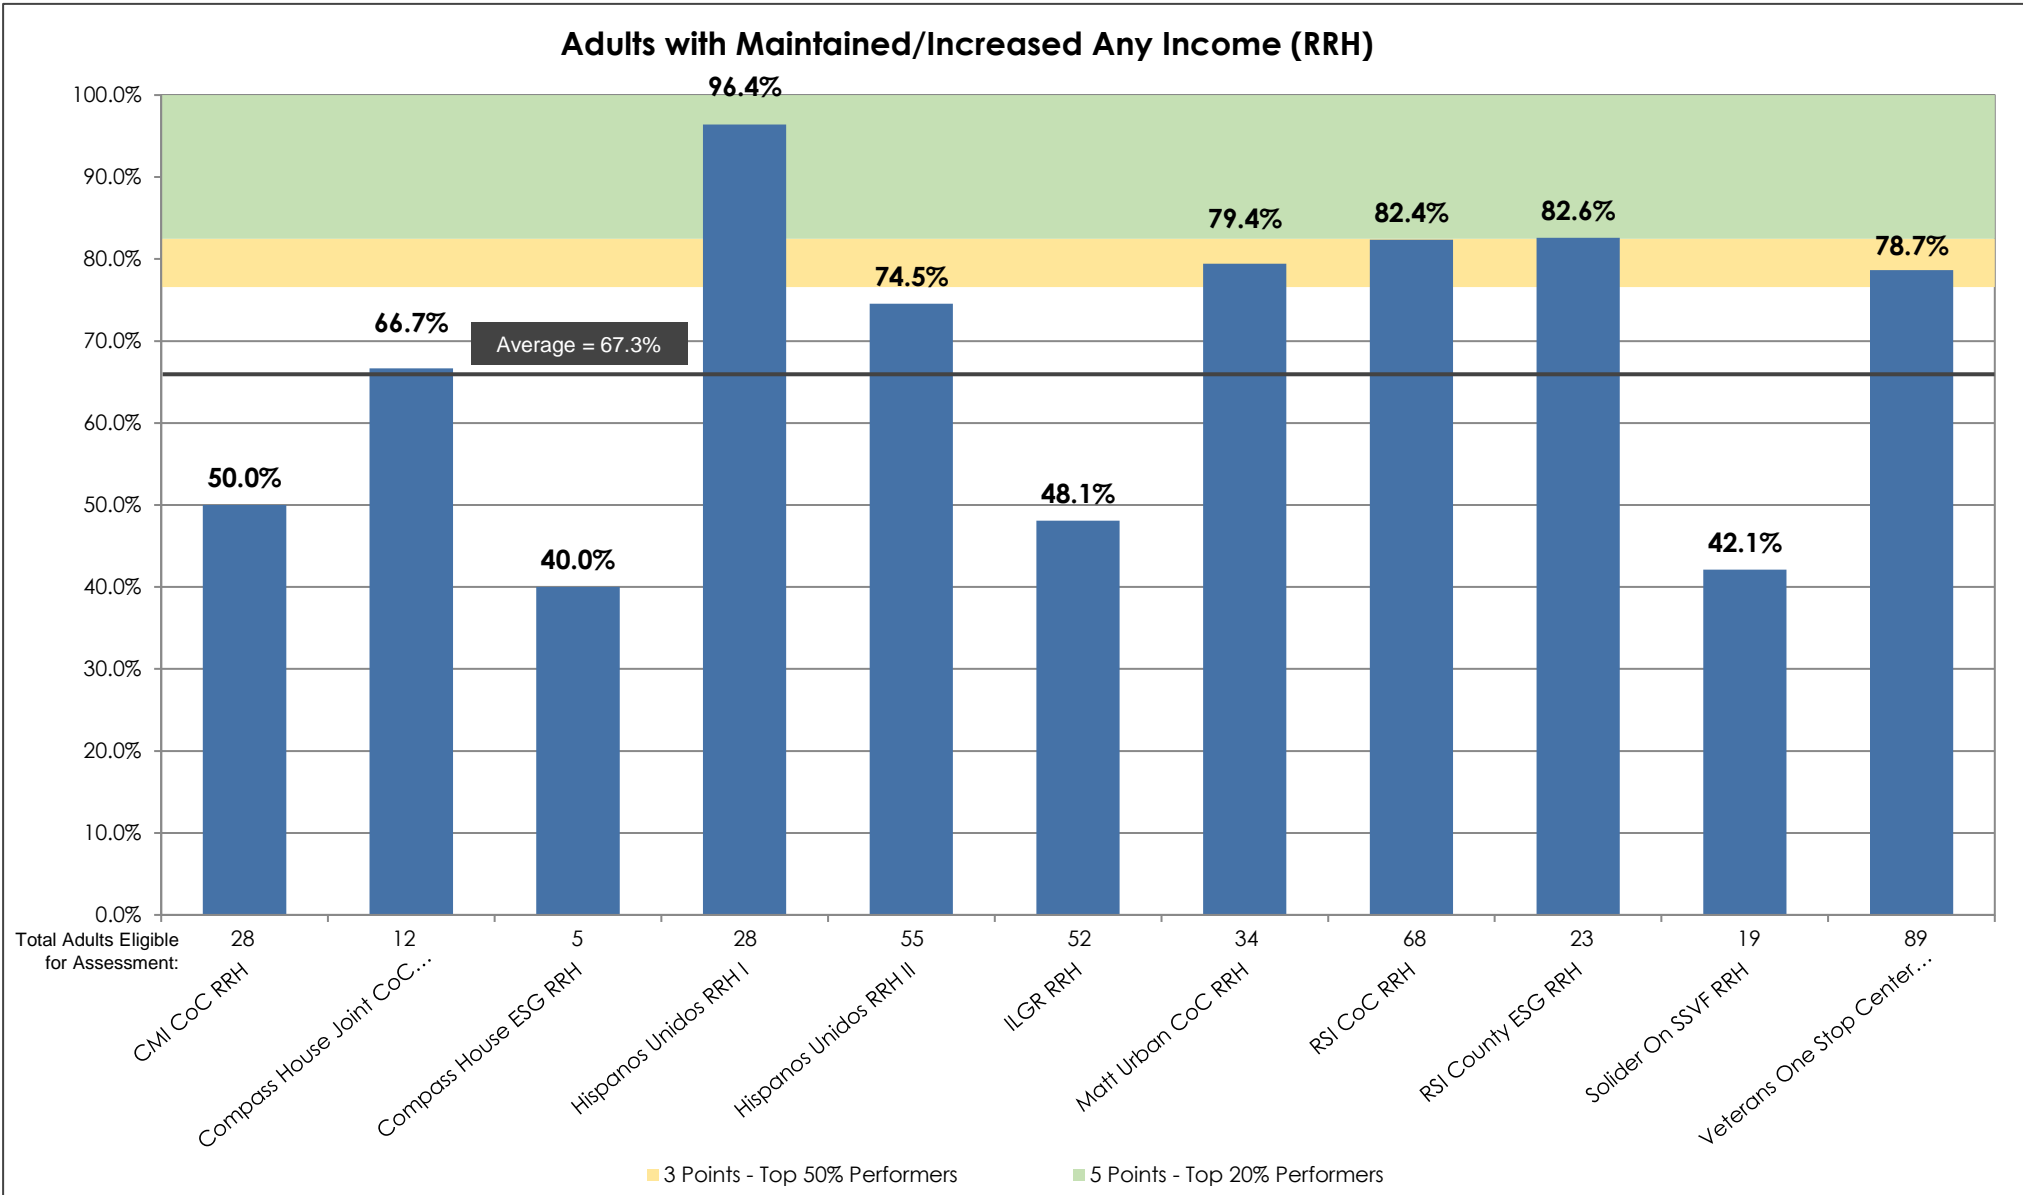

## Increased Any Income for RRH Participants

This measure includes those adults who have increased their cash income from any source, including earned income and benefits (e.g. SSI, SSDI, PA, TANF etc.).

### Maintained/Increased Any Income for RRH Participants

This measure includes those adults who have increased or retained their cash income from any source, including earned income and benefits (e.g. SSI, SSDI, PA, TANF etc.).

## Transitional Housing Providers

### Housing Measures

All charts measuring exits exclude people who passed away during the program stay, those who went to foster care, hospitals or other residential non-psychiatric facilities, long term care facilities or nursing homes. The # of program leavers is included in some of the charts to show the total number of exits from each program.

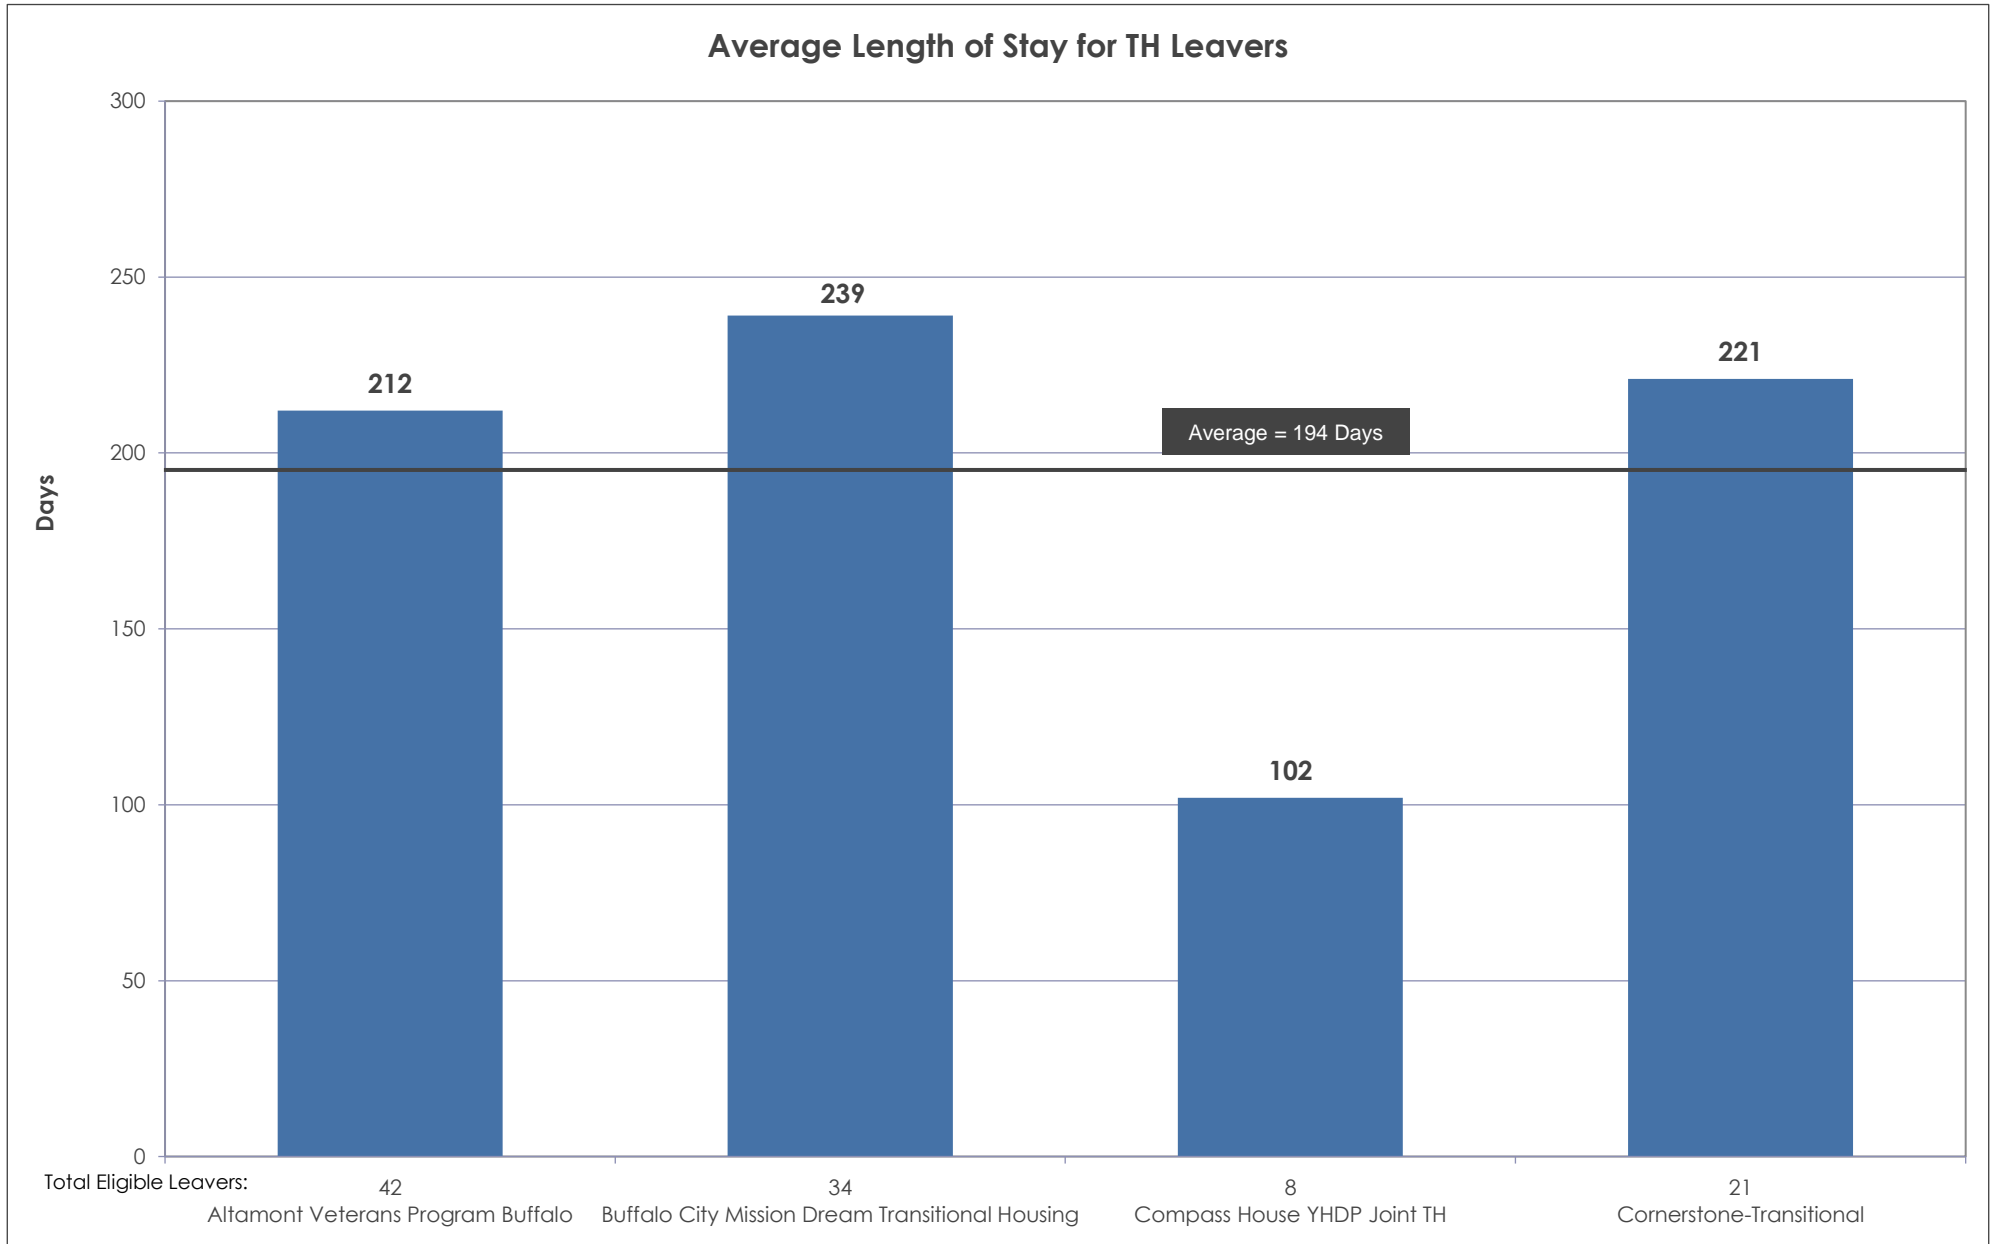

### Exit to Permanent Housing (PH) Destinations

This measure includes only those who left the program and exited to permanent housing destinations, excluding people who passed away during the program stay, those who went to foster care, hospitals or other residential non-psychiatric facilities, long term care facilities or nursing homes. The benchmark for TH programs is the national benchmark of 80%.

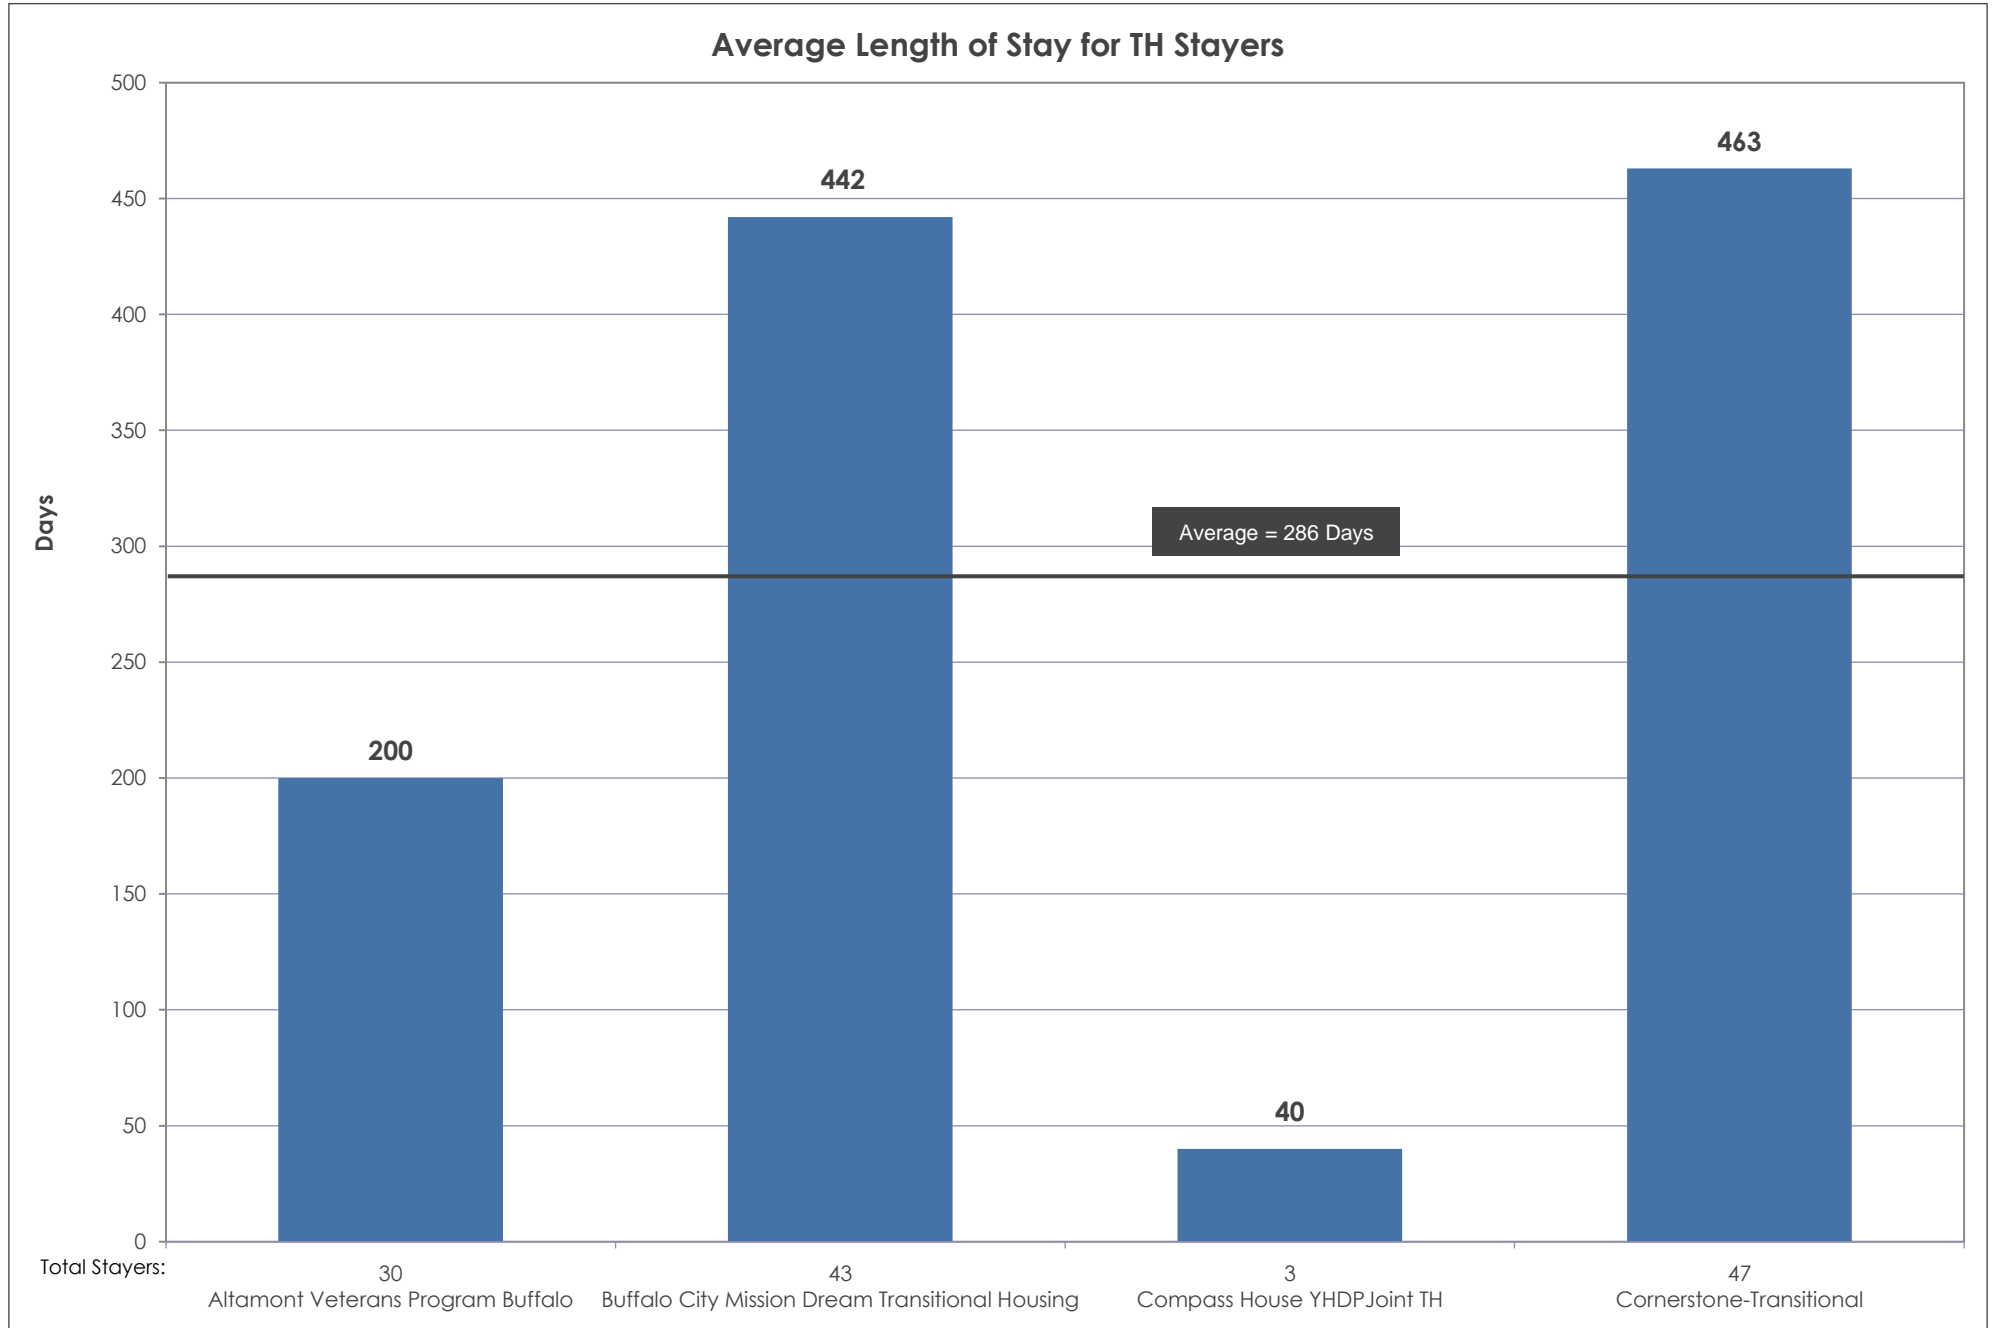

## Length of Time Person Remains Homeless

The HUD goal is to reduce the length of time a person experiences homelessness. HUD system measurements are based on the length of stay at Transitional Housing.

# Length of Time Person Remains Homeless

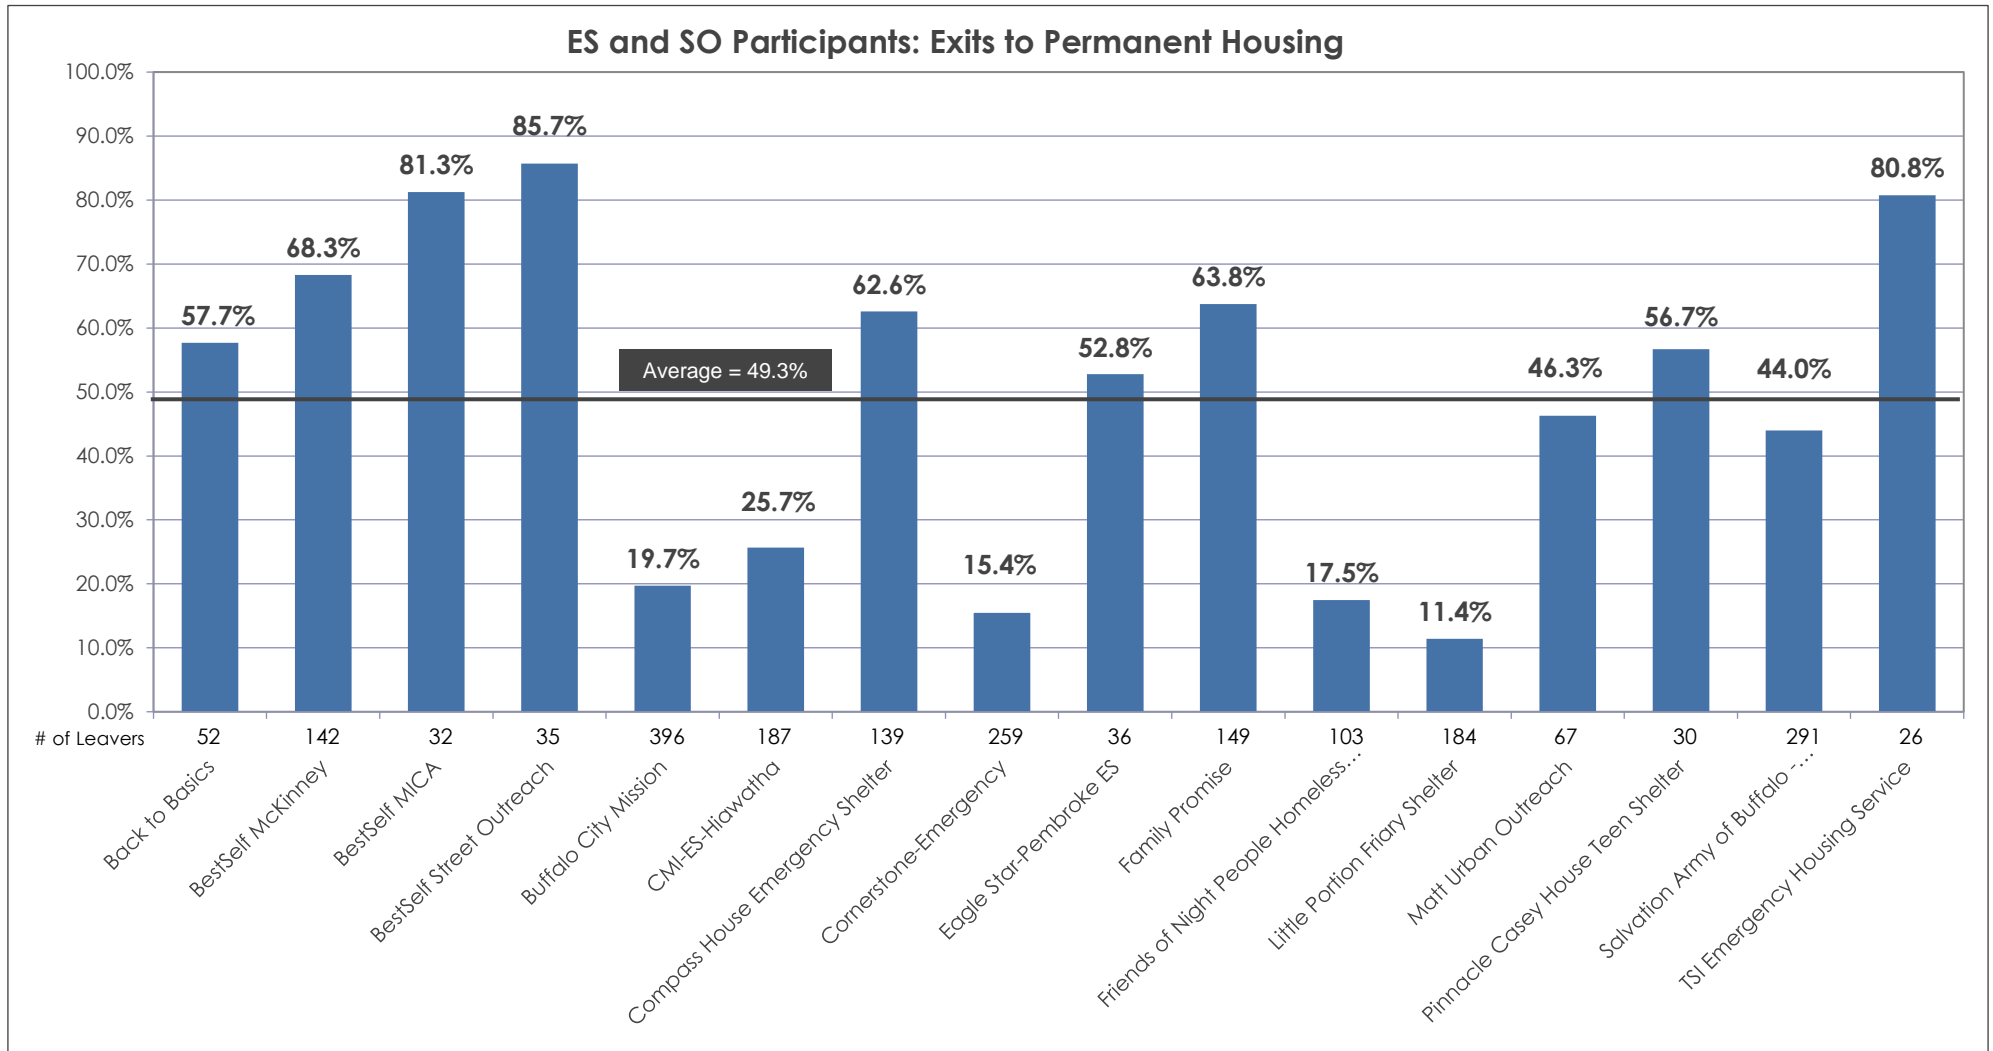

## Emergency Shelter and Street Outreach Providers

### Housing Measures

All charts measuring exits exclude people who passed away during the program stay, those who went to foster care, hospitals or other residential non-psychiatric facilities, long term care facilities or nursing homes. The # of program leavers is included in some of the charts to show the total number of exits from each program.

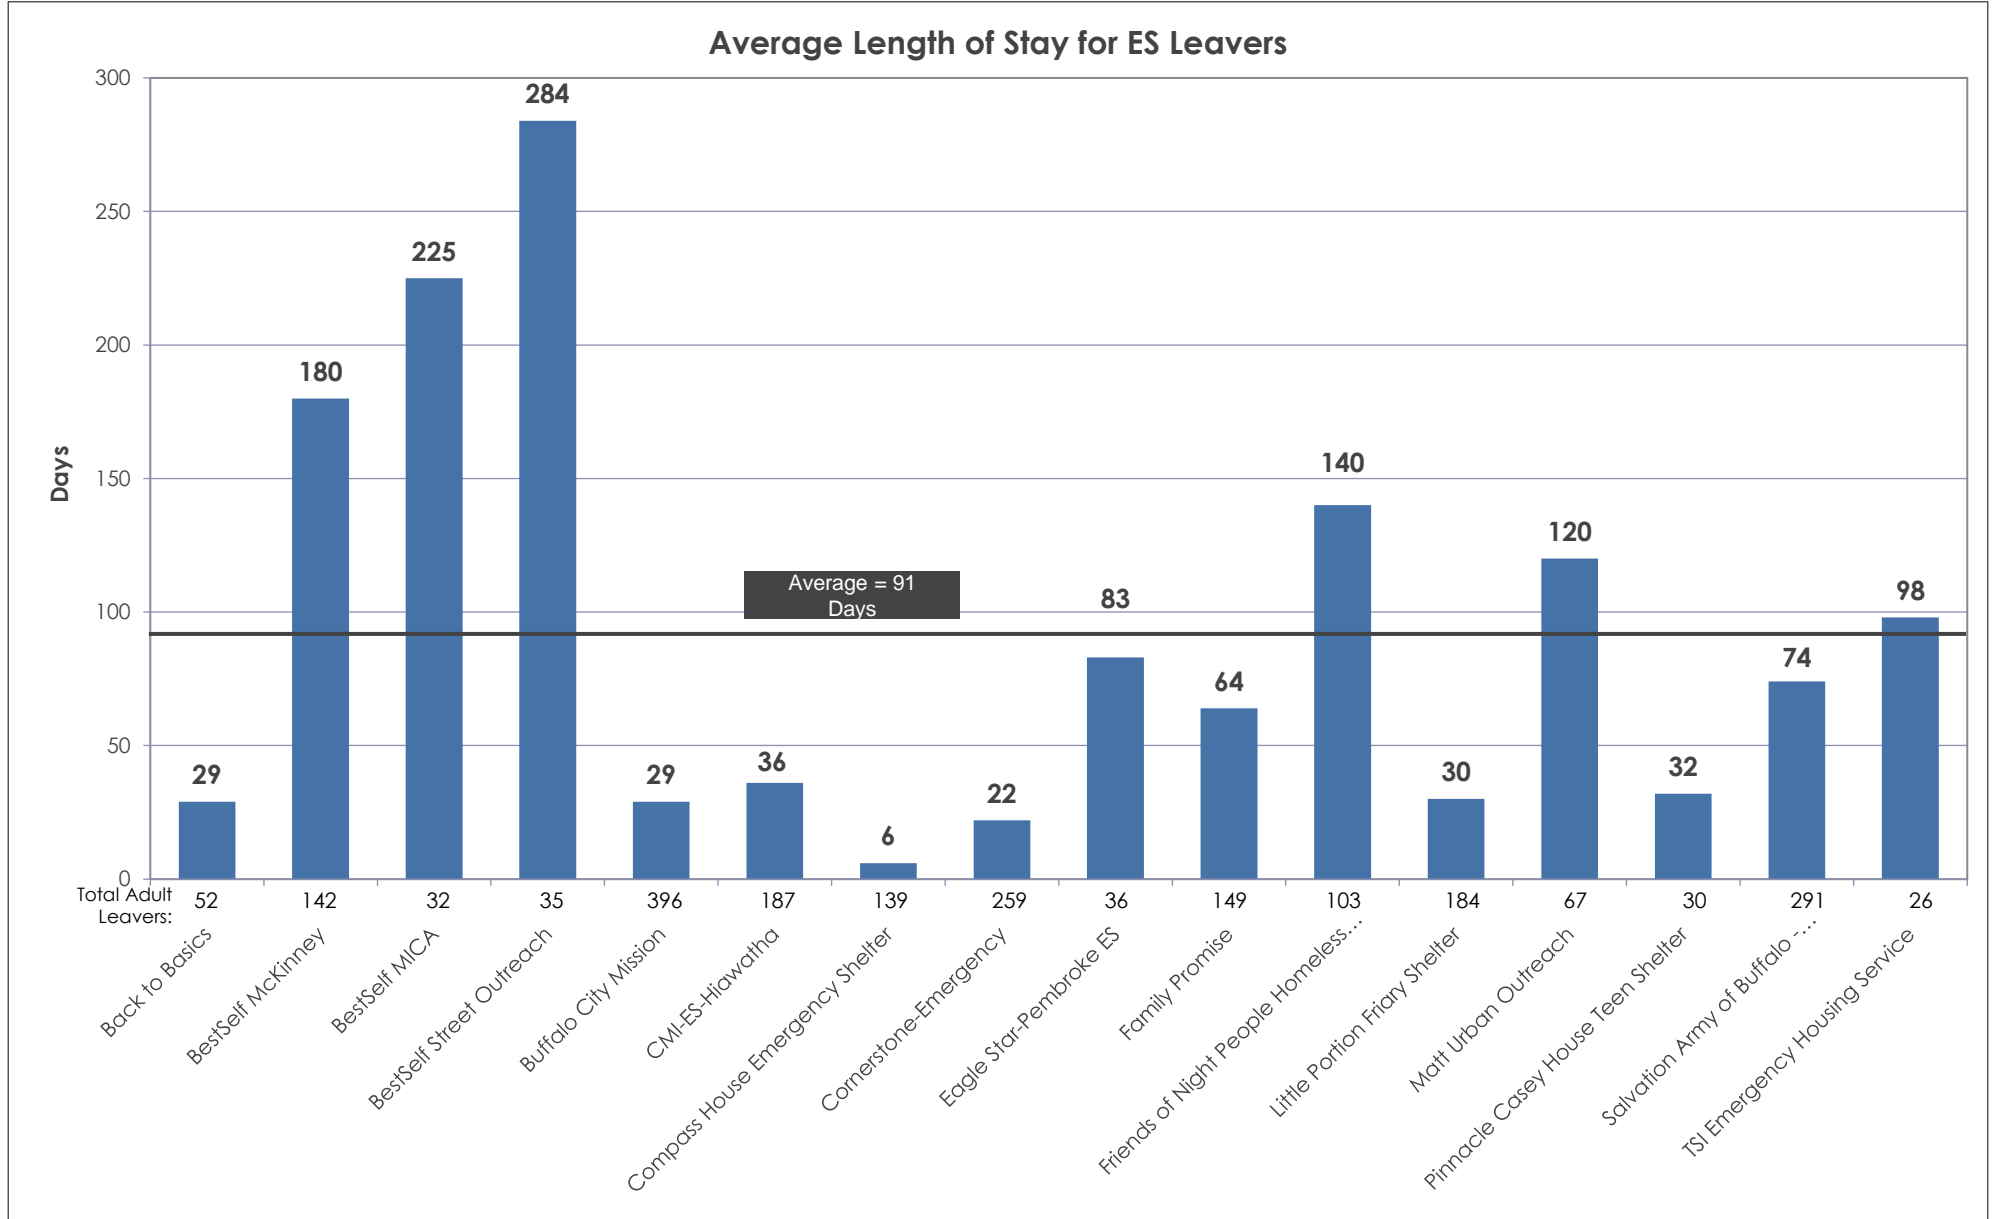

### Exit to Permanent Housing (PH) Destinations

This measure includes only those who left the program and exited to permanent housing destinations, excluding people who passed away during the program stay, those who went to foster care, hospitals or other residential non-psychiatric facilities, long term care facilities or nursing homes.

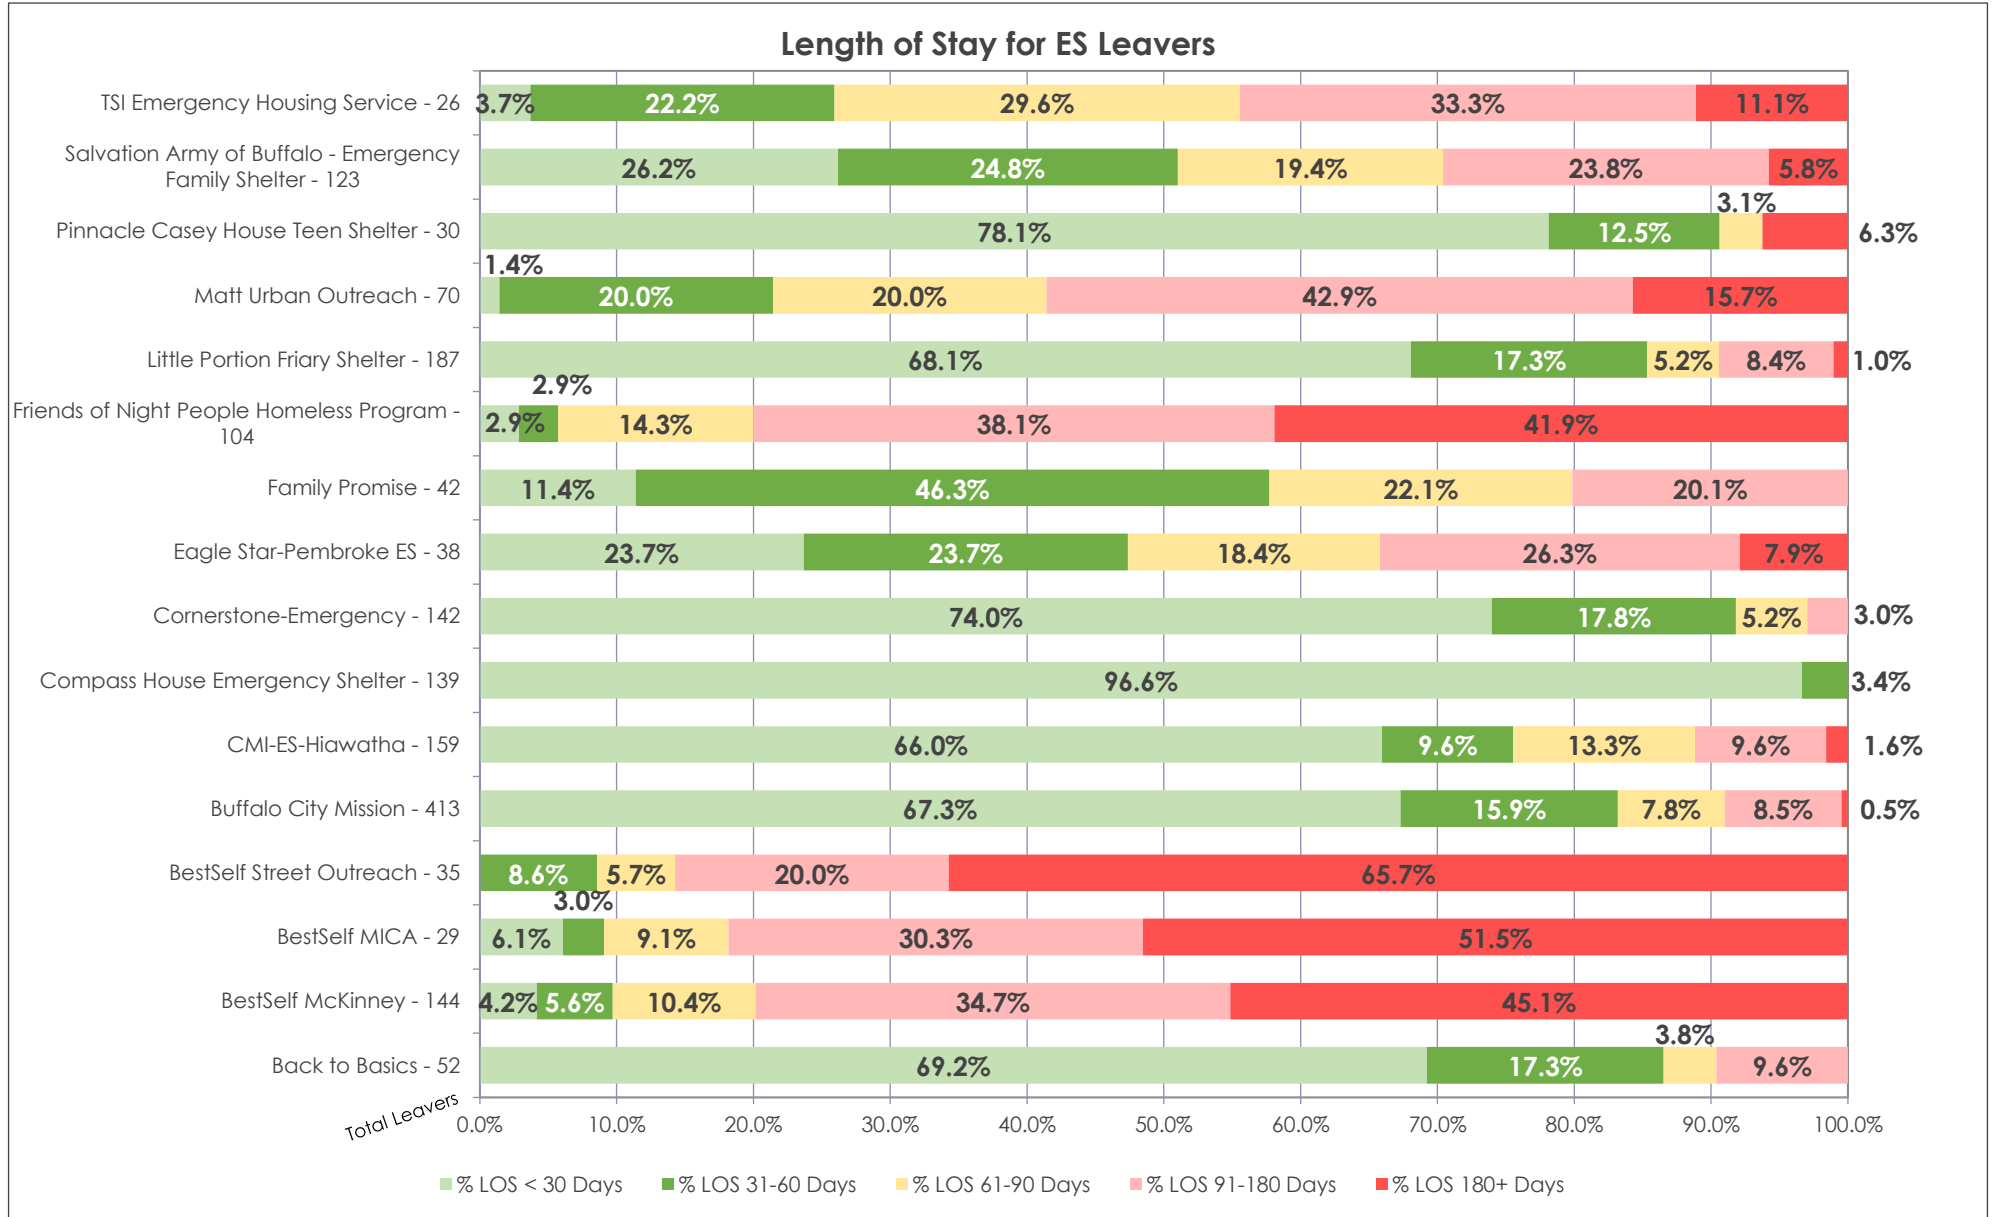

## Average Length of Time Person Remains Homeless

The HUD goal is to reduce the length of time a person experiences homelessness. HUD system measurements are based on the length of stay at Emergency Shelters.

## Length of Stay for all Leavers

The chart before showed the average length of stay in shelter for clients who leave, whereas this chart details how long all clients are staying in each of the shelters.

Outreach Participants: Exits to Positive Destinations

## CV Rapid Rehousing Providers

### Housing Measures

All charts measuring exits exclude people who passed away during the program stay, those who went to foster care, hospitals or other residential non-psychiatric facilities, long term care facilities or nursing homes.

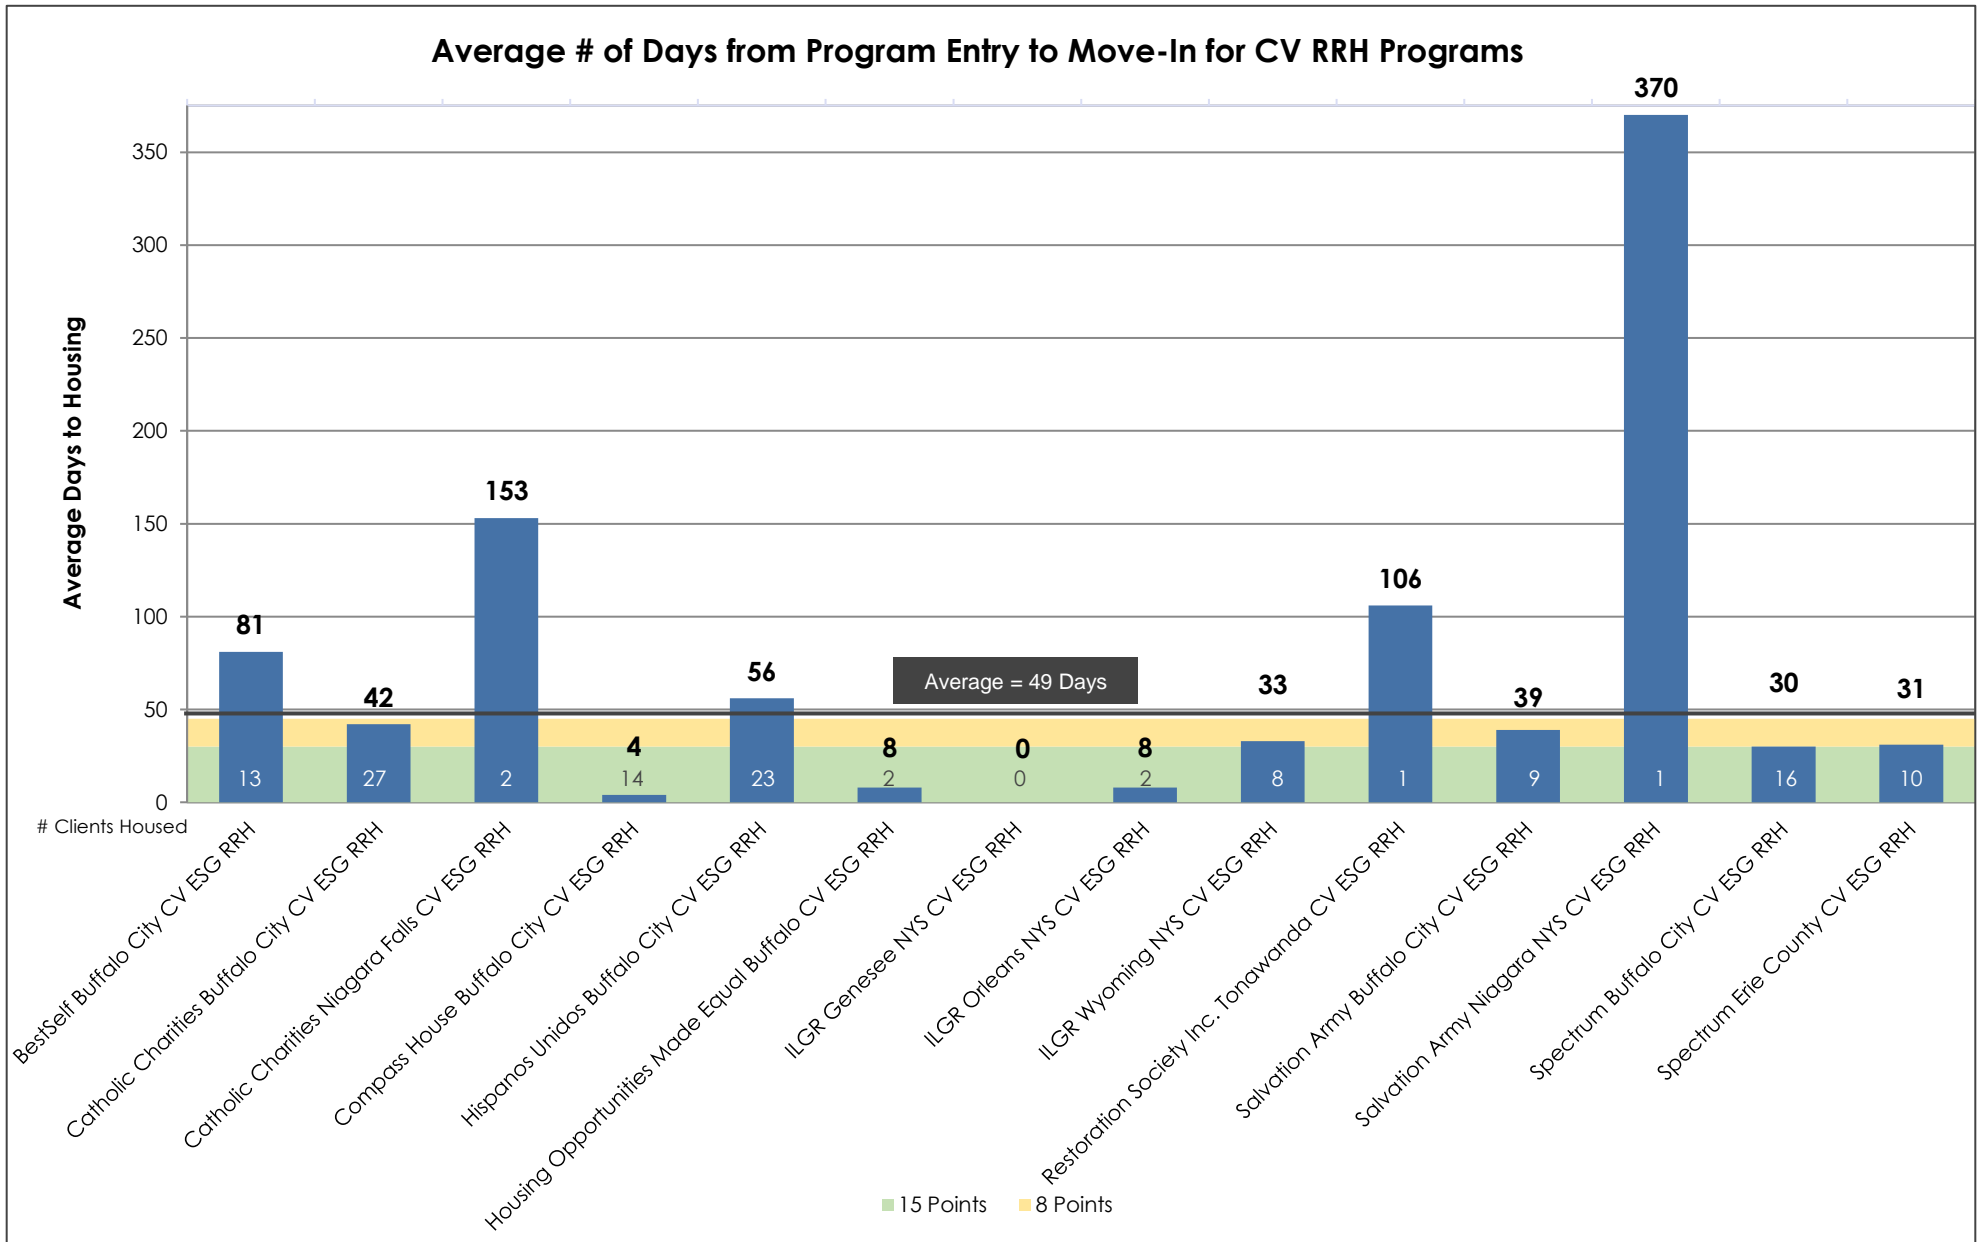

### Exit to Permanent Housing (PH) Destinations

This measure includes only those who left the program and exited to permanent housing destinations, excluding people who passed away during the program stay, those who went to foster care, hospitals or other residential non-psychiatric facilities, long term care facilities or nursing homes. The benchmark for CV RRH programs is the national benchmark of 80%.

### Length of Time from Program Entry to Move-In Date

For CV RRH programs, this measure is an average of the number of days from CV RRH program admission to move-in to permanent housing for those who have an admission date and a move-in date. The NAEH benchmark for this measure is an average of 30 days.

## Breakdown of How Long it Takes to House CV RRH Clients

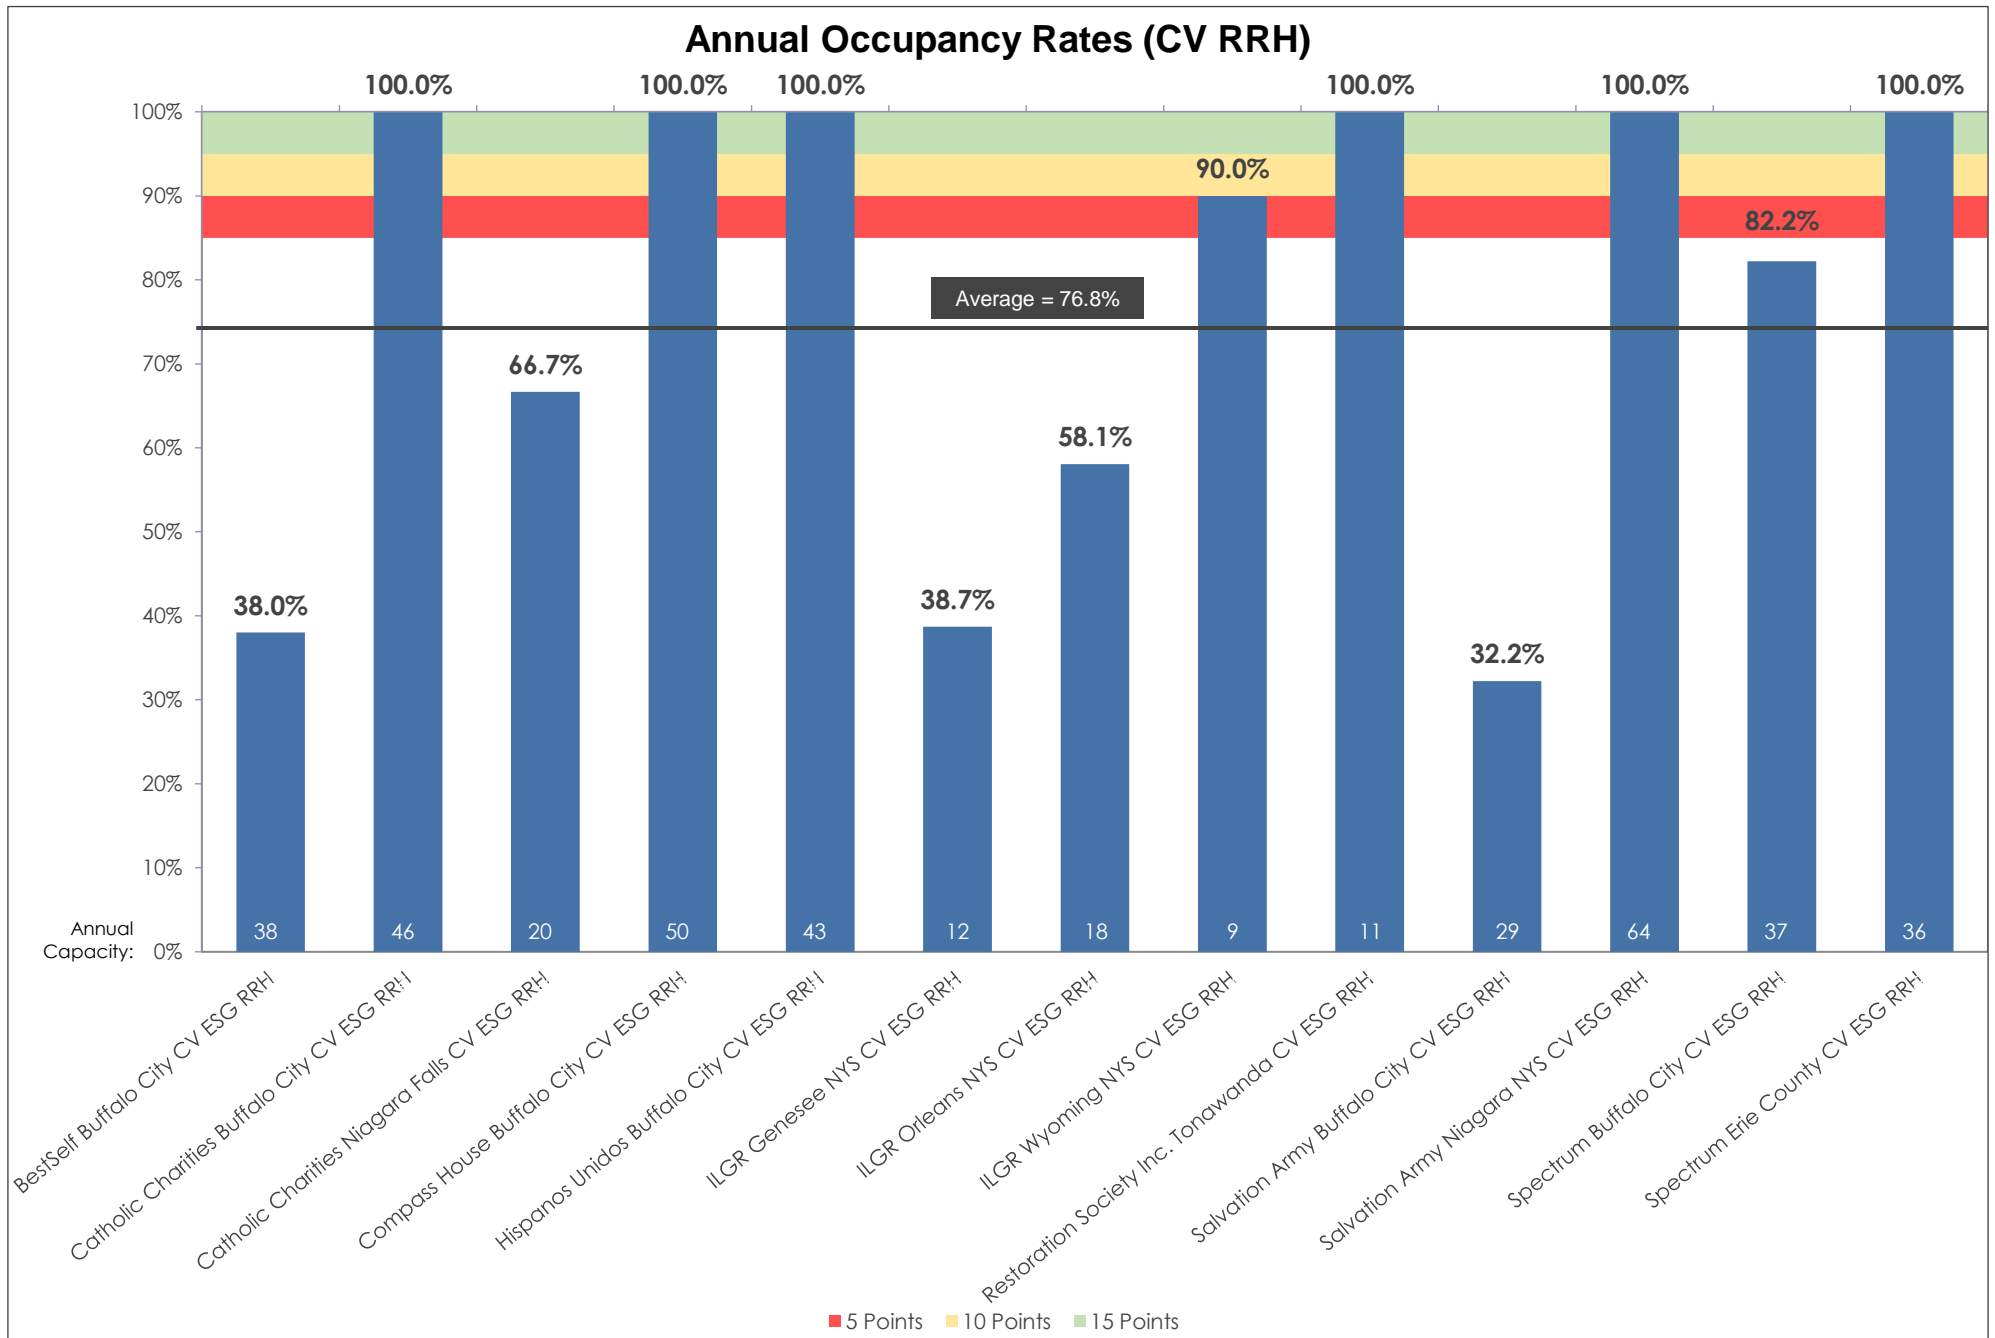

### Breaking Down How Long it Takes to House Clients - CV RRH

Total Clients Housed

## Annual Occupancy Rates

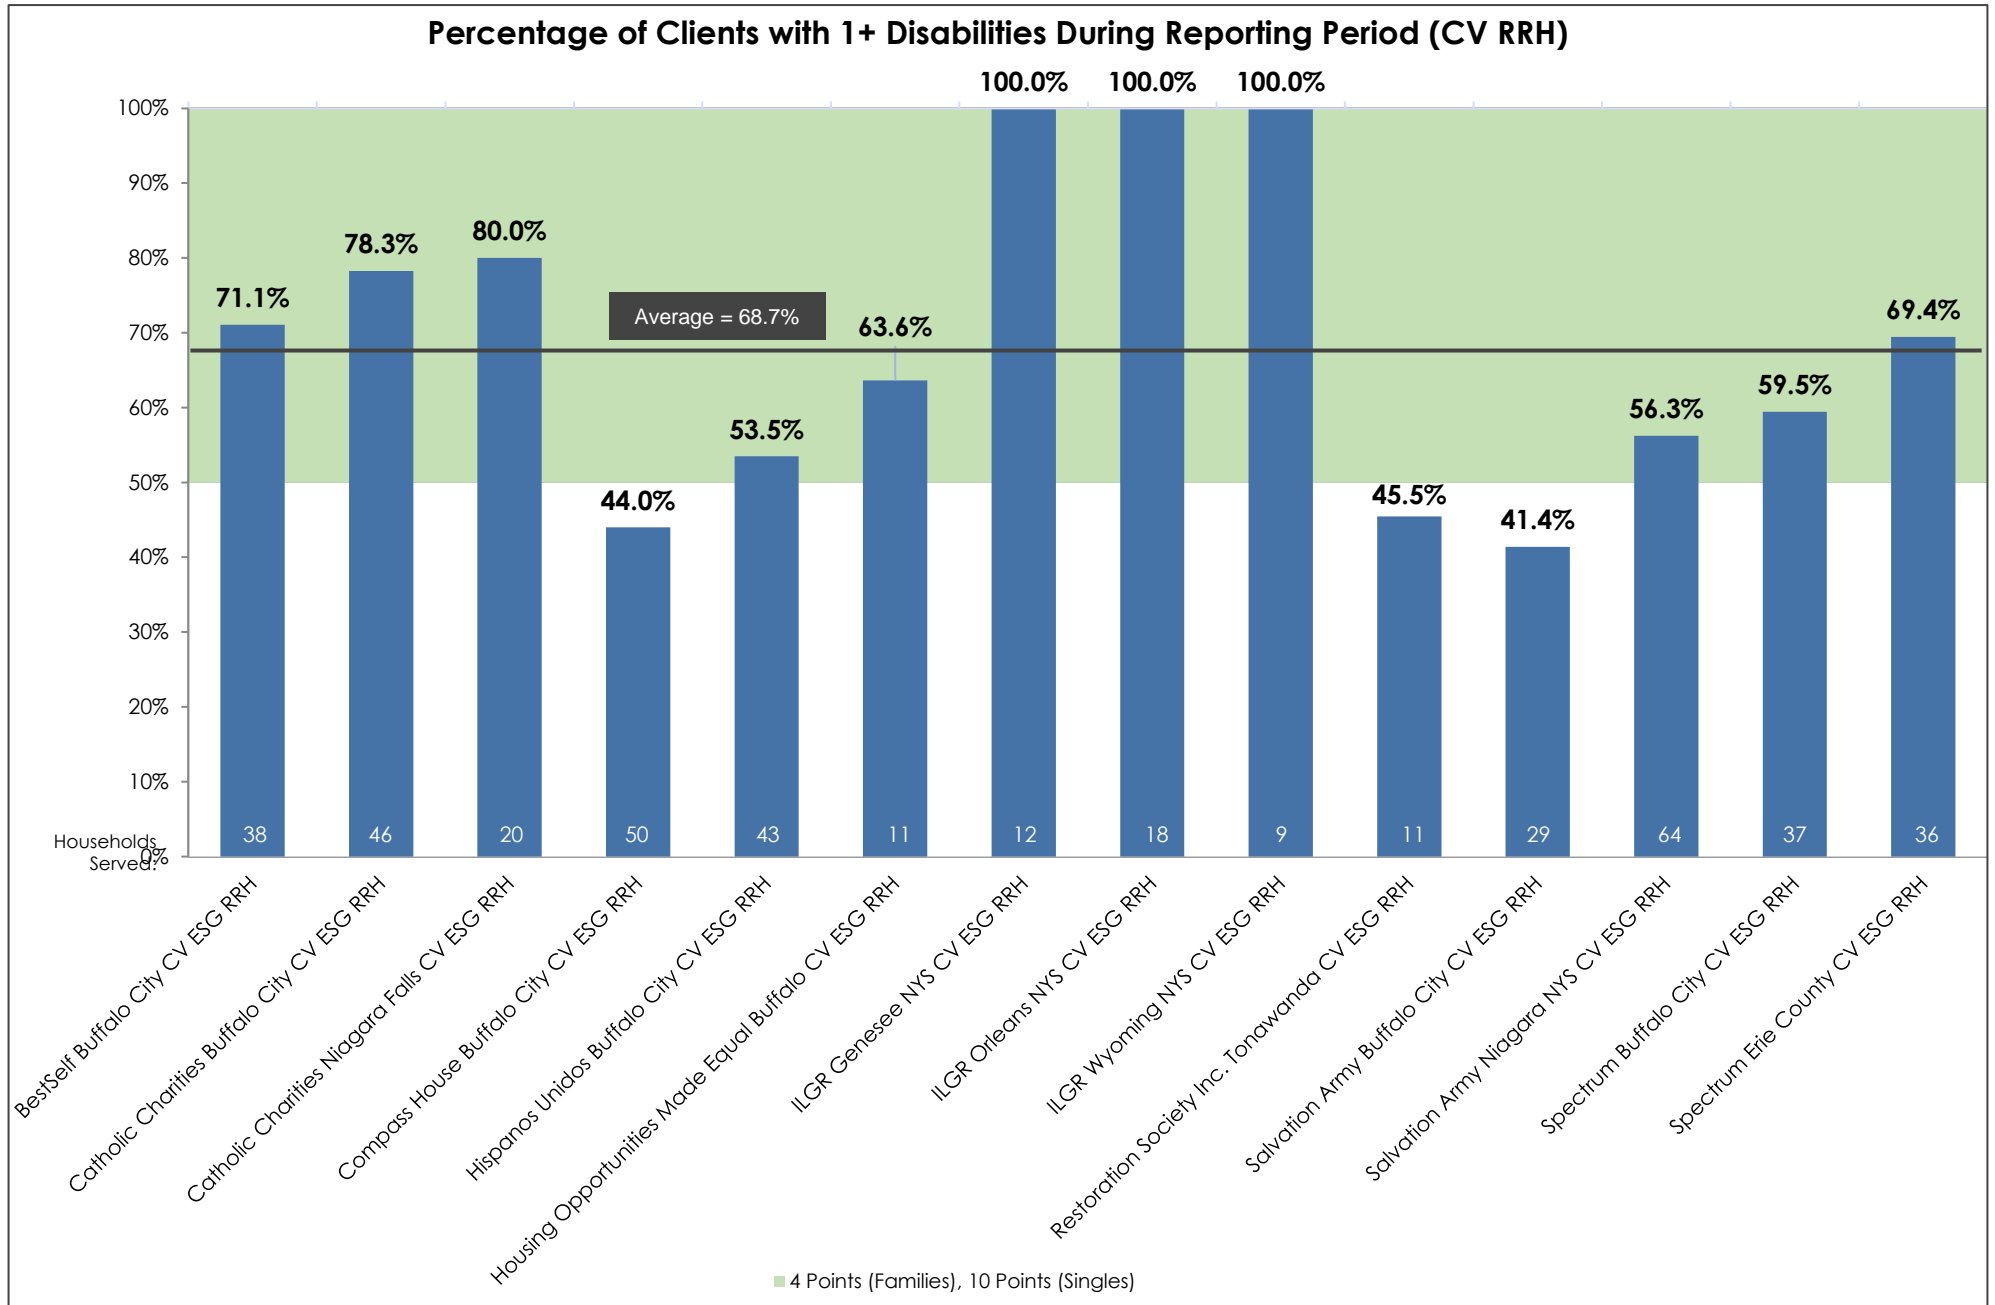

For CV RRH programs, occupancy is measured two ways. The second is based on how many households were served during the reporting period compared to the projected number of households the program will serve. The projected value is determined using the program's total grant value and dividing it by \$5,000.

## Percentage of Clients with Disabilities

As program entry criteria, CV RRH is not required to have a disabling condition. However, many of our clients with higher barriers have one or more disabling condition. This measure is to demonstrate that these programs are taking the highest need clients.

### Percentage of Clients with 1+ Disabilities During Reporting Period (CV RRH)

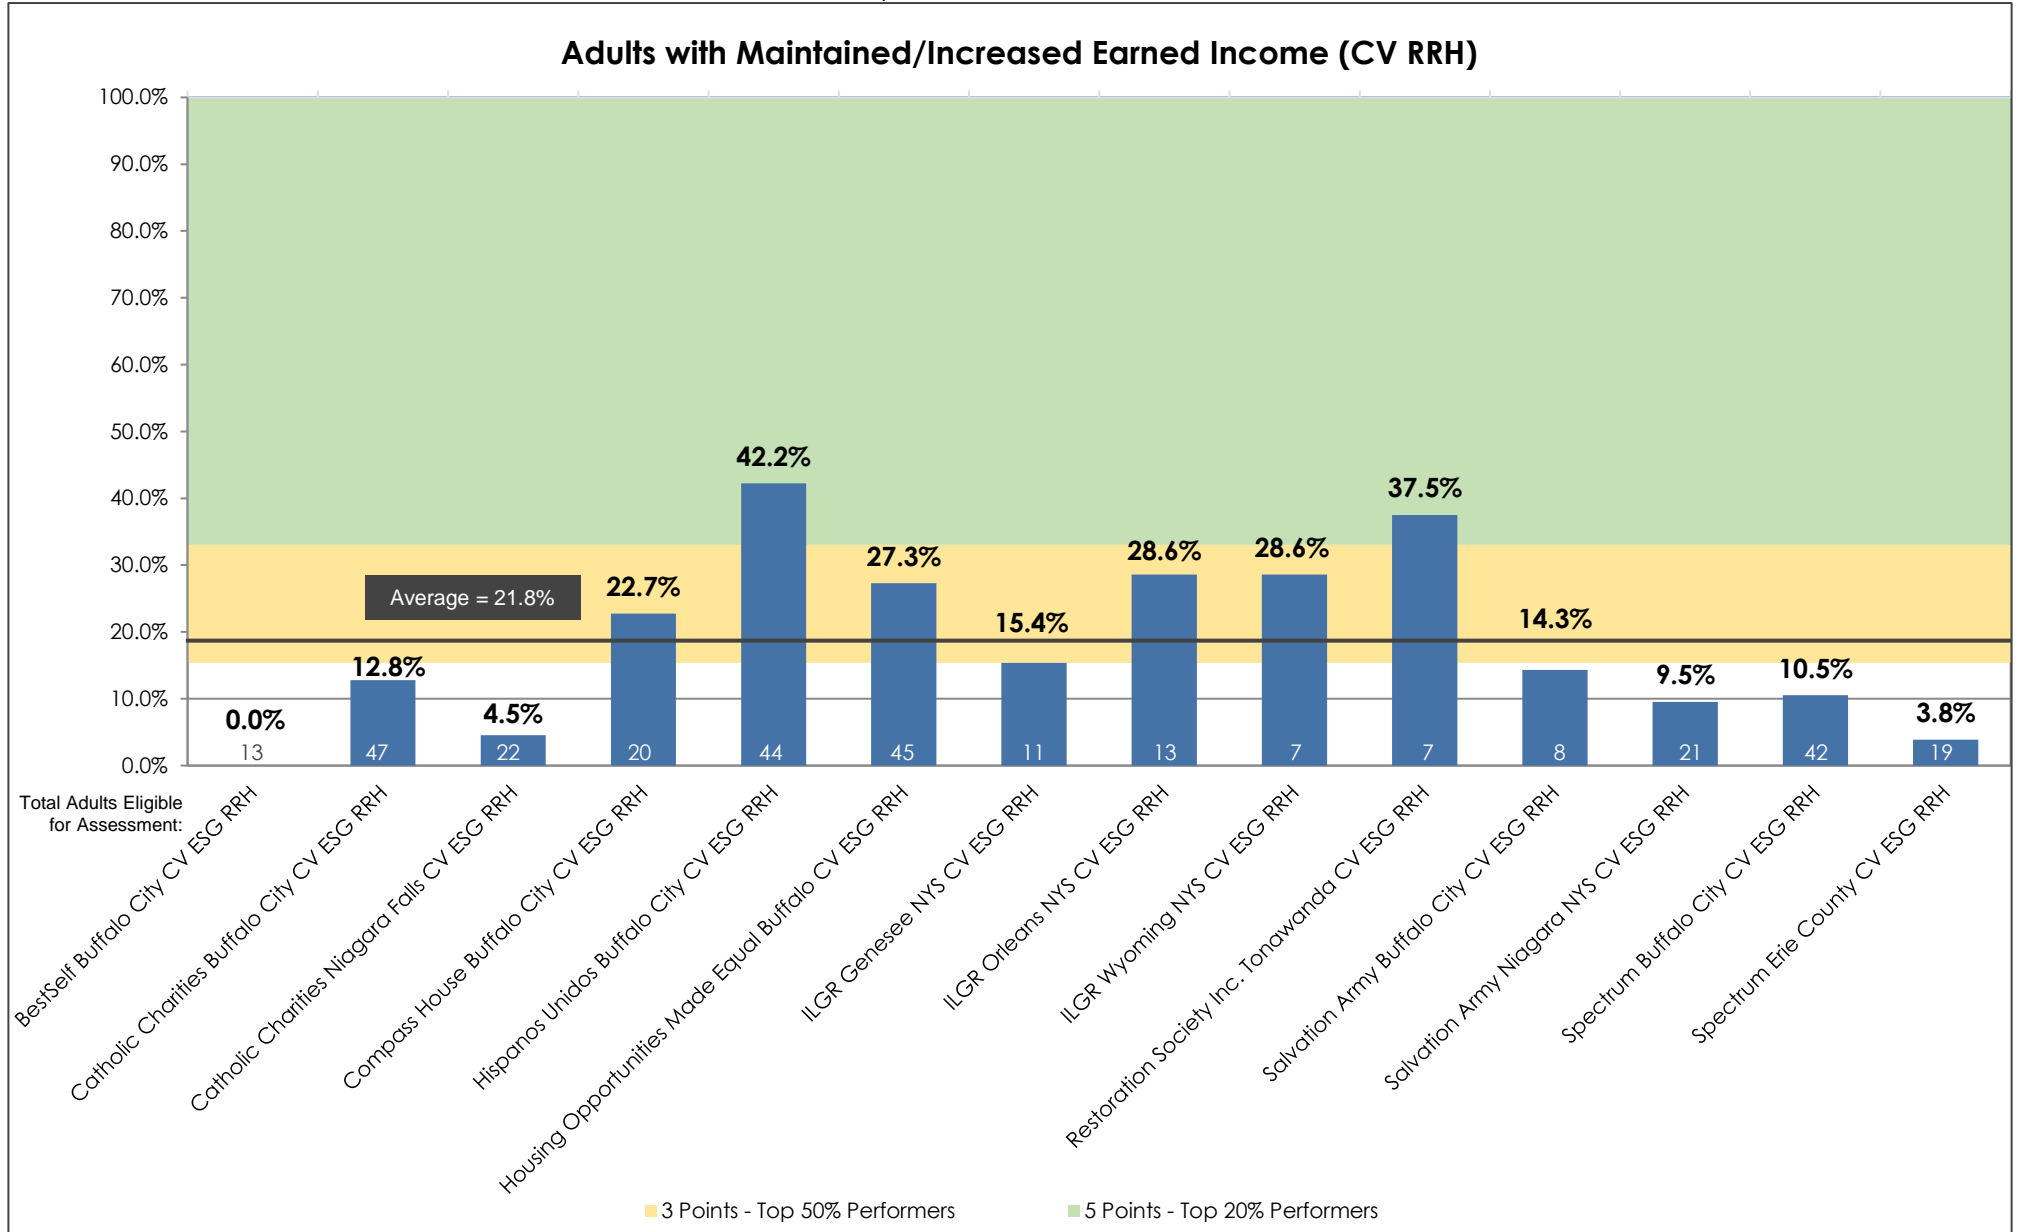

## Income Measures

All income measures only include adults that have exited or been in the program for longer than one year, with an annual assessment completed in the +/- 30 day window. Income is measured from client entry into the program to either the latest annual assessment or exit.

### Maintained or Increased Earned Income for CV RRH Participants

This measure includes those adults that have maintained employment and those who have maintained or gained employment and increased their amount of earned income. The benchmark for this measure is locally determined as 20%, which is also the HUD benchmark.

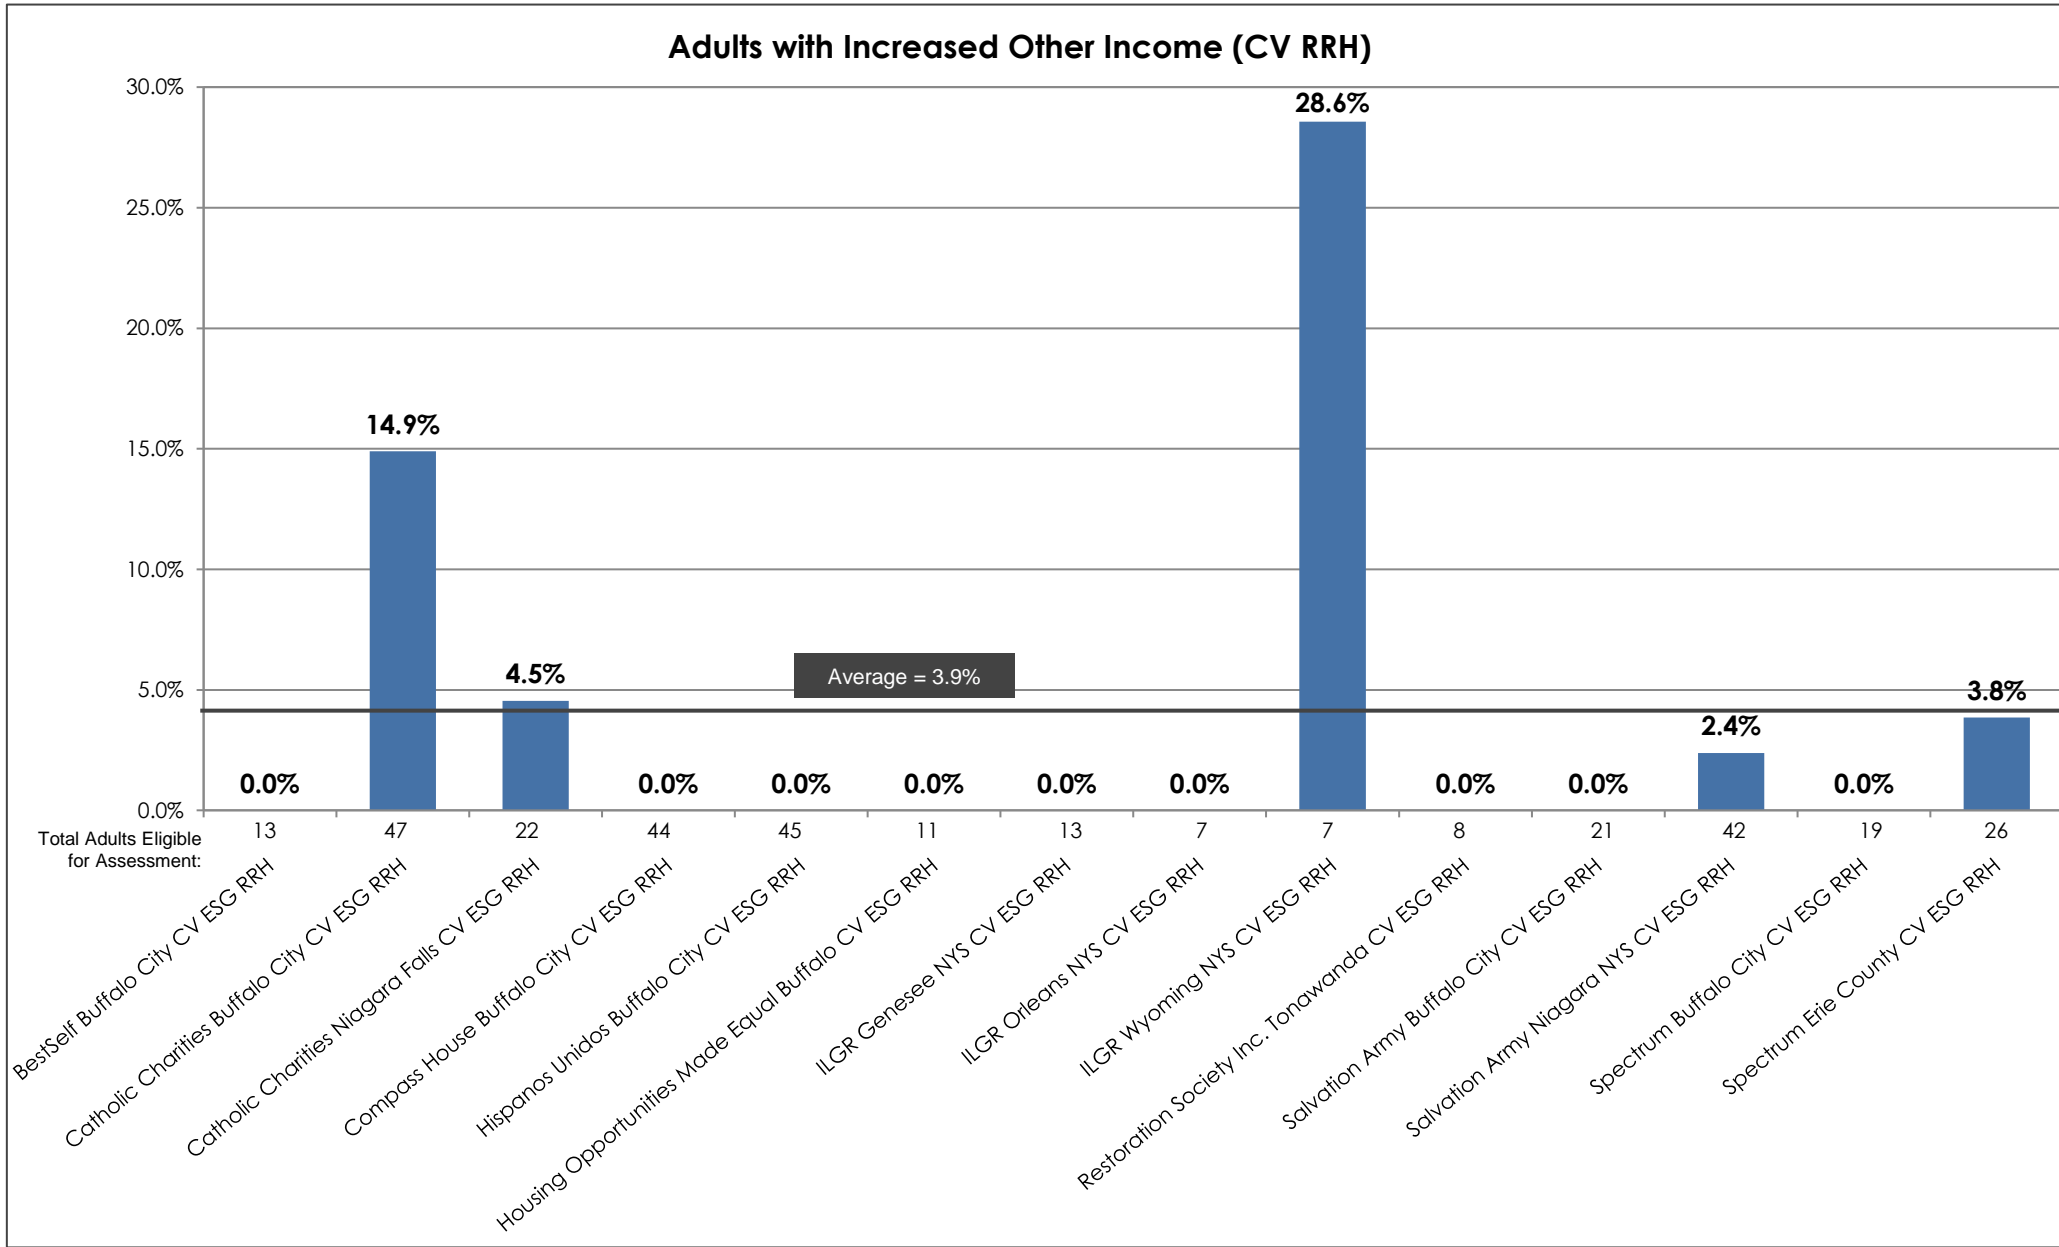

### Increased Earned Income for CV RRH Participants

This measure includes those adults who have either gained employment or received a raise in their earned income. The benchmark for this measure is locally determined as 20%.

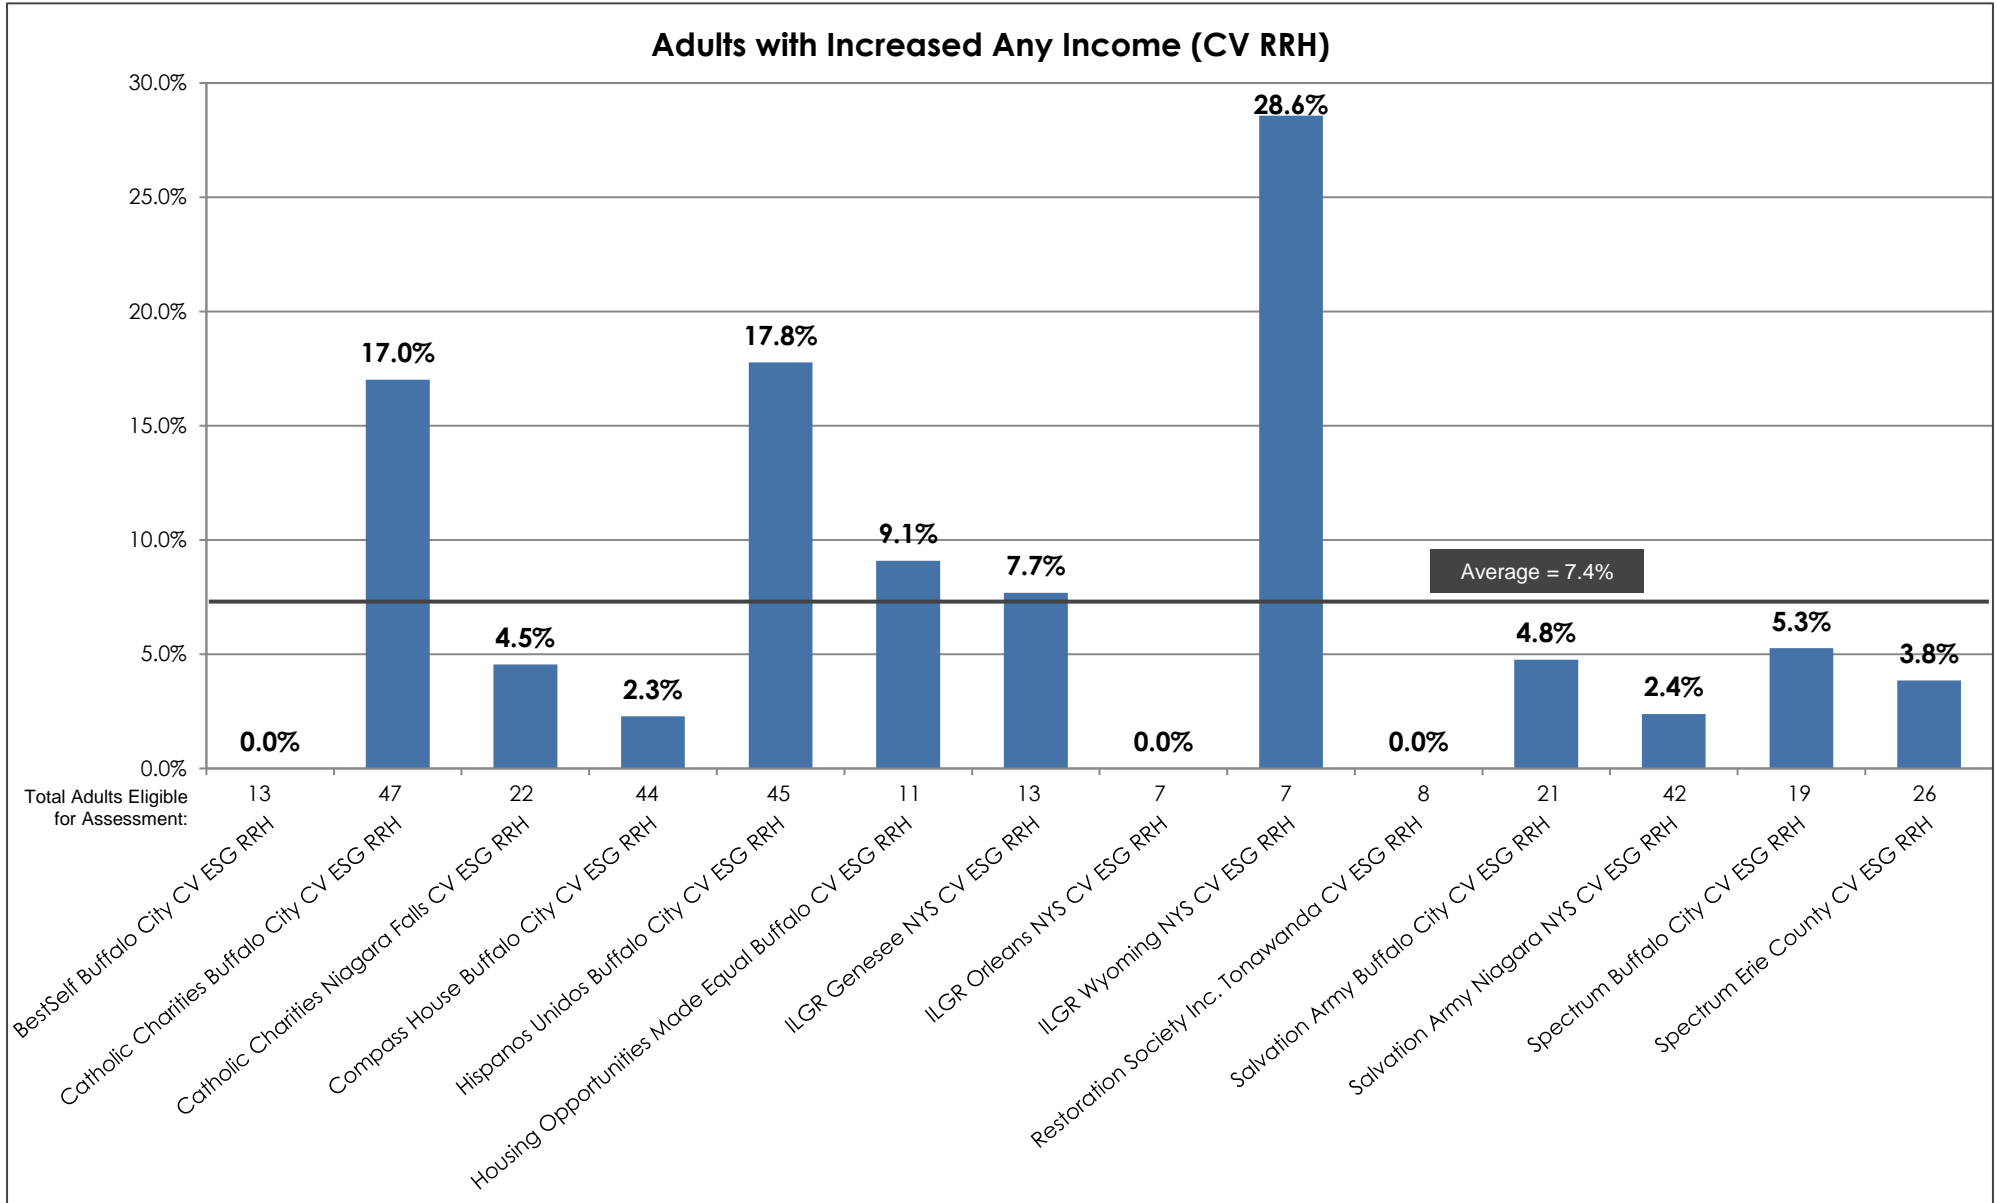

## Increased Other Income for CV RRH Participants

This measure includes those adults who have increased their income (e.g. SSI, SSDI, PA, TANF etc.), excluding employment income.

### Increased Any Income for CV RRH Participants

This measure includes those adults who have increased their cash income from any source, including earned income and benefits (e.g. SSI, SSDI, PA, TANF etc.).

### Maintained/Increased Any Income for CV RRH Participants

This measure includes those adults who have increased or retained their cash income from any source, including earned income and benefits (e.g. SSI, SSDI, PA, TANF etc.).
