

# HMIS Coordinated Entry

HAWNY Updates August 2020

# Overview

- HUD has decided to standardize what data they want to collect for Coordinated Entry. Before this year, it was up to the local communities to use their own methods.
- There will be a new **System Wide** Coordinated Entry Report to help us report on who is accessing CE and where clients are referred.
- We are modifying our proposed HMIS CE workflow from earlier this year to lessen the data entry burden on users and reflect our communities “No Wrong Door” approach.
- Reminder that this goes into effect OCTOBER 1<sup>st</sup> 2020. **But there are no backdating requirements.**

# Main Changes

- There are Two (2) new CE questions and One (1) additional question. These questions will replace the current CE assessment.
  1. An Assessment Question
  2. An Event Question
  3. A Current Living Situation Question
- These questions will be added to the HMIS Intake(Start Date), Interim Review, and Exit Assessments.
  - This way these questions can be updated over time to show a client's progress through CE.
- The Assessment tab will be used for just recording the VISPDAT itself. Everything else regarding CE data will be entered in the Entry/Exit tab.

# Event Question

Coordinated Entry Event						
	Start Date *	Date of Event *	Event *	Location of Crisis Housing or Permanent Housing Referral	Referral Result	Date of Result
 	02/18/2020	02/18/2020	Problem Solving/Diversion/Rapid Resolution intervention or service		Successful referral: client accepted	02/18/2020
 	12/05/2019	12/05/2019	Referral to Joint TH-RRH project/unit/resource opening	(8669) Matt Urban CoC RRH	Successful referral: client accepted	
Add				Showing 1-2 of 2		

- This question is designed to capture access and referral events, as well as the results of those events.
- It will help communities understand the events that go into achieving desired (and undesired) results through the CE system.
- This question can be updated and added to multiple times each time an event happens. **USE INTERIM REVIEW OR EXIT TO UPDATE DATA.**
- Example:
  1. Referral to CE for housing needs assessment-(Add new event) – at start date
  2. Referral to RRH-(Add new event) – In interim review
  3. Referral result to RRH-(Update existing RRH event) – In interim review
- We can add new fields to this question but cannot remove any existing fields\*

# Event Question

**Coordinated Entry Event**

<b>Start Date *</b>	03 / 10 / 2020
<b>End Date</b>	/ /
<b>Date of Event *</b>	/ /
<b>Event *</b>	-Select-

If 'Event' answer was 'Problem Solving/Diversion/Rapid Resolution intervention or service result', please answer the following question:

Problem Solving/Diversion/Rapid Resolution intervention or service result - Client housed/re-housed in a safe alternative

-Select-

If 'Event' answer was 'Referral to post-placement/follow-up case management result', please answer the following question:

Referral to post-placement/follow-up case management result - Enrolled in Aftercare project

-Select-

If 'Event' answer was a Referral to an ES, TH, Joint TH-RRH, RRH, PSH, or Other PH opening, please answer the following question:

Location of Crisis Housing or Permanent Housing Referral

Lookup Clear

If 'Event' answer was a Referral to an ES, TH, Joint TH-RRH, RRH, PSH, or Other PH opening, please answer the following question:

Referral Result

-Select-

If 'Event' answer was a Referral to an ES, TH, Joint TH-RRH, RRH, PSH, or Other PH opening, please answer the following question:

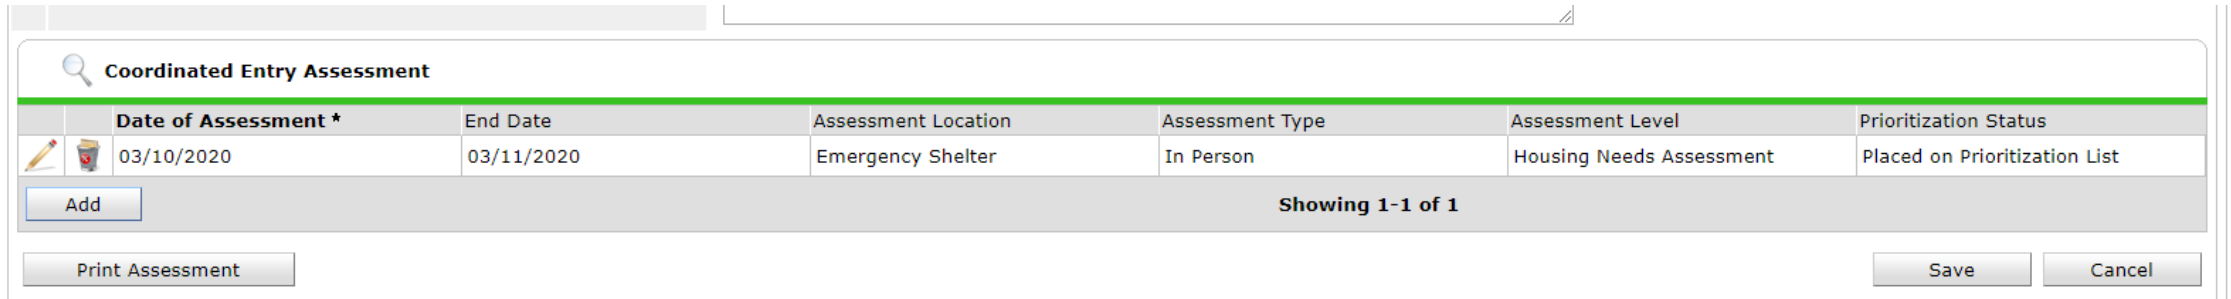

Date of Result

/ /

Save Save and Add Another Cancel

- Start Date=Date data is entered
- Date of Event=Date event occurred
- Event=Access or Referral Event
  - Access: Referral to prevention/diversion program OR to Coordinated Entry
- “If” Questions
  - Diversion result housing? y/n
  - Post Placement isn’t used in our CoC
  - Referral to ES, TH, RRH, TH-RRH, PSH or other PH=which project the client was referred to
  - Referral result=successful vs unsuccessful
  - Date of above result
- This section can be “updated”

# Assessment Question

The screenshot displays a web application interface for "Coordinated Entry Assessment". It features a table with the following columns: "Date of Assessment \*", "End Date", "Assessment Location", "Assessment Type", "Assessment Level", and "Prioritization Status". A single row of data is present, showing an assessment conducted on 03/10/2020, ending on 03/11/2020, at an "Emergency Shelter", conducted "In Person", at the "Housing Needs Assessment" level, with a status of "Placed on Prioritization List". Below the table, there is an "Add" button, a "Print Assessment" button, and "Save" and "Cancel" buttons. The text "Showing 1-1 of 1" is displayed below the table.

	Date of Assessment *	End Date	Assessment Location	Assessment Type	Assessment Level	Prioritization Status
 	03/10/2020	03/11/2020	Emergency Shelter	In Person	Housing Needs Assessment	Placed on Prioritization List

Showing 1-1 of 1

Buttons: Add, Print Assessment, Save, Cancel

- Designed to be a flexible data element that collects an assessment date, location, and assessment results.
- It allows CoCs to define their own assessment questions and responses, categorize different types of assessments (crisis needs versus housing needs).
  - The VISPDAT is both a housing and crisis needs assessment but for this purpose we will be calling it a housing needs assessment
  - We can add additional assessments if needed or requested\*
- Example:
  - Situation: Client takes the VI 4 days after initial start date.
  - HMIS workflow: Add the VI to the assessment tab and then add an interim review update to add the VI score to this question.

# Assessment Question

**Add Recordset - (19957) Test, HAWNY**

---

**Coordinated Entry Assessment**

Date of Assessment *	08 / 18 / 2020
End Date	/ /
Assessment Location	-Select-
County Location	-Select-
Assessment Type	-Select-
Assessment Level	-Select-
Prioritization Status	-Select-
VI Score

- Date of Assessment
- End Date=Date of Assessment
- Assessment location=Type of location where the VISPDAT was given
- County Location=County VISPDAT given
- Assessment Type=In person vs. over the phone vs. virtual
- Assessment Level=Housing Needs OR Crisis Needs (*we are using Housing Needs for the VISPDAT*)
- Prioritization Status=Does their VI Score qualify for the By Name List?
- VI Score
- DV Assessor & Score

# Current Living Situation

Current Living Situation				
	Start Date *	End Date	Information Date	Current Living Situation
 	03/10/2020	03/11/2020	03/11/2020	Emergency shelter, incl. hotel/motel paid for w/ ES voucher, or RHY-funded Host Home shelter (HUD)
 	01/25/2017	01/25/2017	01/27/2017	
Add Showing 1-2 of 2				

- Designed to capture information on where a person is staying at a point in time.
- It can be updated at each point of contact and will help communities track where people are, including those who are not assessed or referred to CE events.
- This mainly needs to be filled out at the time of a CE event ( VSPDAT or referral) or their living situation changes (move in date)
- This is already collected by Outreach teams

# Current Living Situation

The screenshot shows a web form titled "Current Living Situation". It contains several input fields and a section for follow-up questions. Red arrows point from a list of instructions on the right to specific fields in the form.

Current Living Situation	
Start Date *	03 / 10 / 2020
End Date	03 / 11 / 2020
Information Date	03 / 11 / 2020
Current Living Situation	Emergency shelter, incl. hotel/motel paid for w/ ES voucher, or RHY-funded Host Home shelter (HUD)
If "Other", Specify	
Living situation verified by	(264) Restoration Society
Is client going to have to leave their current living situation within 14 days?	No (HUD)

If 'Yes' to 'Is client going to have to leave their current living situation within 14 days?' answer the following questions.

Has a subsequent residence been identified?	-Select-
Does individual or family have resources or support networks to obtain other permanent housing?	-Select-
Has the client had a lease or ownership interest in a permanent housing unit in the last 60 days?	-Select-
Has the client moved 2 or more times in the last 60 days?	-Select-
Location details	

Buttons: Save, Save and Add Another, Cancel

- Start Date & End Date-Todays date for both
- Information Date-Date the data was collected (usually the start date)
- Current Living Situation-Where the client is currently staying
- Verified By-Search for your provider
- Is client going to leave their current situation in 14 days? – y/n
- If No, then click save
- If yes Questions:
  - Housing Identified-y/n
  - Does client have support network-y/n
  - Had client had interest in housing-y/n
  - Has client moved 2x or more in last 60 days-y/n
  - Location Details-where the client is moving to

# HMIS Workflow Screenshot

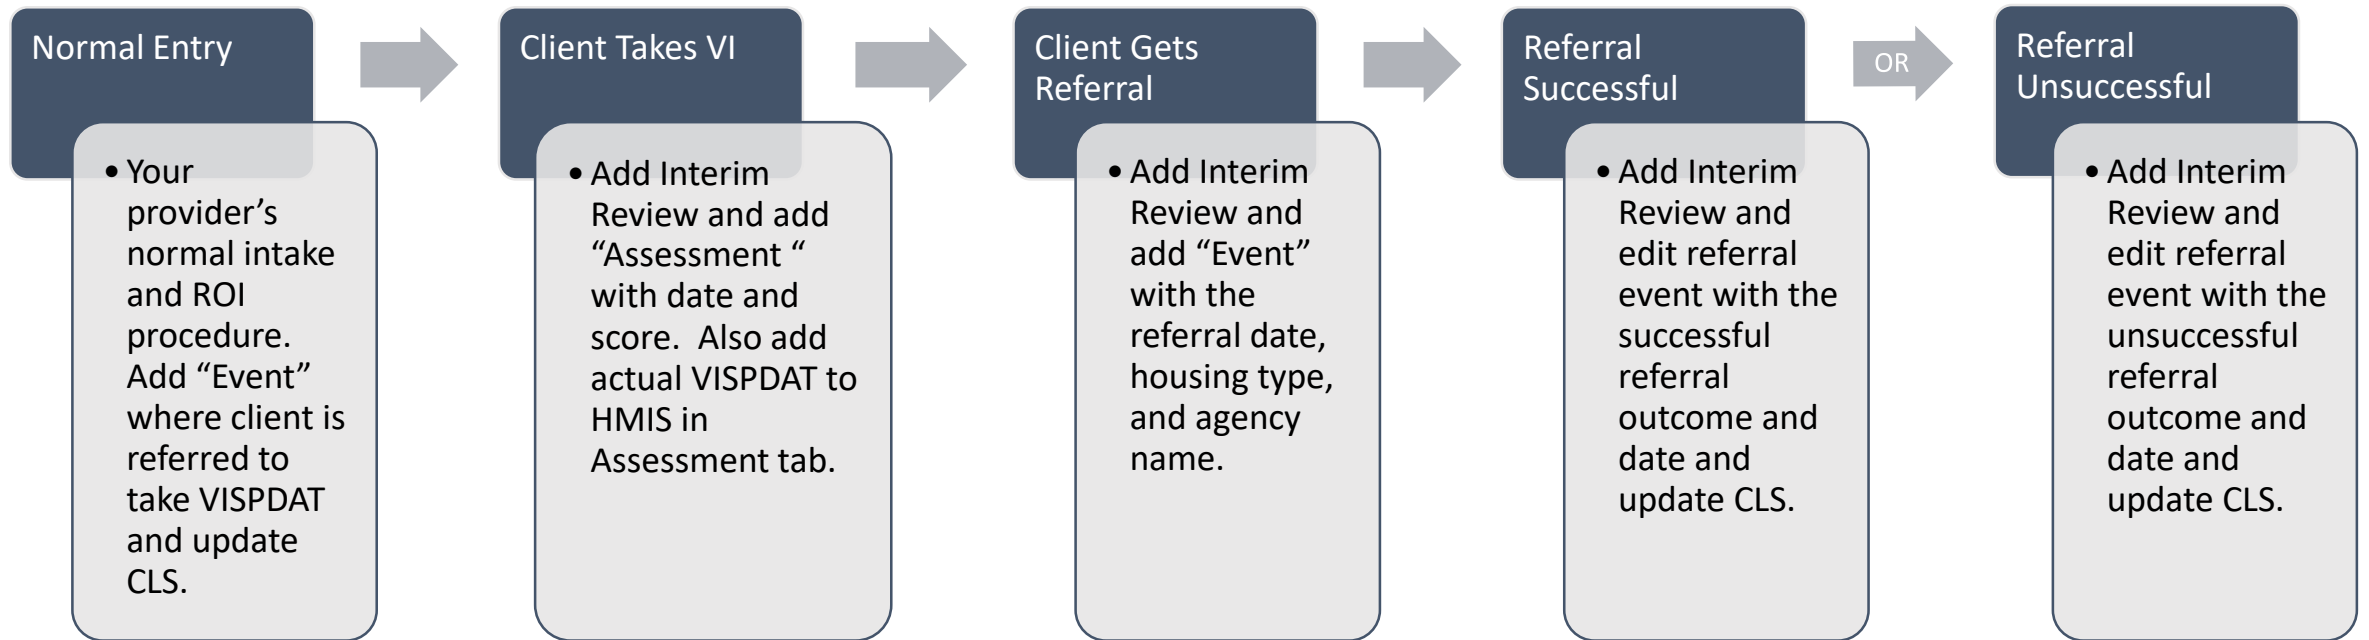

The screenshot displays the HMIS Workflow interface. The top navigation bar includes 'Client Information' and 'Service Transactions'. Under 'Service Transactions', the 'Entry / Exit' tab is selected. A reminder message states: 'Reminder: Household members must be established on Households tab before creating Entry / Exits'. The main table, titled 'Entry / Exit', has columns: Program, Type, Project Start Date, Exit Date, Interims, Follow Ups, and Client Count. A single entry is shown for 'HAWNY Test Coordinated Entry Project (10626)' with Type 'HUD' and Project Start Date '08/20/2020'. The 'Exit Date' field is empty. The 'Interims' column has a value of '3'. The 'Follow Ups' column has a value of '1'. The 'Client Count' column has a value of '1'. The table is labeled 'Showing 1-1 of 1'. There is an 'Add Entry / Exit' button and an 'Exit' button.

Program	Type	Project Start Date	Exit Date	Interims	Follow Ups	Client Count
HAWNY Test Coordinated Entry Project (10626)	HUD	08/20/2020		3	1	1

There are 3 Data Entry Points (Occurrence Points) in the Entry/Exit tab for when you enter a client's data:

1. Start Date-The initial assessment of a client. (intake date)
2. Interim Review Date (Update)-If any data needs to be updated between the start date and the exit date of a client, that data is entered here.
3. Exit Date-The client's data reflected as of the exit date. (discharge date)

# Workflow Diagram

# Summary of Changes

- We are taking the CE data that used to be in the assessments tab and moving it to new spot in HMIS.
  - *Assessment tab → Entry/Exit tab*
- We are collecting the same data just in a different way.
  - *Old CE questions → New CE questions*
- Updated Materials such as data collection forms, flowcharts diagrams, and workflow screenshots will be available that have the new questions and outline the new procedure.
- Further training is available upon request!

# Why the changes?

- By enhancing data collection and standardizing data on assessment, prioritization, and referrals, communities can assess CE effectiveness
- The data from these elements helps answer critical questions to inform strategies for strengthening communities' response systems and ability to appropriately target resources:
  - Are pathways to housing as fast and effective as they can be?
  - Are we successfully diverting people from the system?
  - Are we housing the most vulnerable people in our community? Who's getting left out?
  - What resources are needed to end homelessness and where are the gaps?
  - Which households touch the system and exit without a homelessness intervention versus those who need our assistance?
